**The Politics of Loss and Trauma in Contemporary Israeli Cinema** Raz Yosef, 2012-05-23 The last decade has marked the growing visibility and worldwide interest in Israeli cinema. Films such as *Walk on Water*, *Or My Treasure*, *Beaufort* and *Waltz with Bashir* have been commercially and critically successful both in Europe and the United States and have won a number of prestigious international awards. This book examines for the first time the new ideological and aesthetic trends in contemporary Israeli cinema. More specifically, it critically explores the complex and crucial role of Israeli cinema in remembering and restaging traumas and losses that were denied entry into the shared national past. One of the most striking phenomena in contemporary Israeli cinema is the number and scope of films dealing with past traumatic events—events that were repressed or insufficiently mourned—such as the memory of the Holocaust, traumas from wars and terrorist attacks, and the losses entailed by the experience of immigration. Current Israeli cinema exposes and highlights a radical discontinuity between history and memory. Traumatic events from Israeli society's past are represented as the private memory of distinct social groups: soldiers, immigrants, women, queers, and not as collective memory as a lived and practiced tradition that conditions Israeli society. This detachment from national collective memory pulls the films into a world marked by a persistent blurring of the historical context and by private and subjective impressions: a timeless world of dreams, hallucinations, and myths. These groups feel duty bound to remember the past, recasting repressed memories through the cinema in order to return and to give meaning to their identity.

**The Man that Waited for God** Chinedu Nnadi, 2025-08-11 What if waiting on God became the very thing that ruined your life? From a young age, Paul was taught to trust in divine timing. Wait on the Lord, the elders said. And so he did, through his youth, through opportunities, through every season of his life. While others pursued work, education, love, and legacy, Paul sat beneath the same village tree, convinced that obedience meant stillness and that blessings would find him without effort. At first, they called him faithful. Then foolish. With every kind offer rejected, every job turned down, and every door closed by his own stubborn hand, Paul became a shell of potential, aging in body, hardened in belief. Friends who once cheered him on grew distant. His community, once compassionate, turned cold. Hunger replaced comfort. Silence replaced prayer. But everything changes one cold evening when a familiar voice calls his name. Mama Ngozi, the village baker he'd ignored for decades, she carries more than a warm loaf of bread. She carries truth. In a single moment, Paul is forced to confront the haunting possibility that he was never waiting on God. God had been waiting on him. *The Man that Waited for God* is a deeply moving and suspenseful tale about faith misinterpreted, chances squandered, and the devastating cost of inaction disguised as devotion. Riveting and heartbreaking, it will leave readers asking themselves: Am I really waiting on God, or am I just afraid to move?
