**The Legend of Bigfart** Pat Pollari, Dan Weiss, 1996 Deep in the woods of Camp Winnapuke lives Bigfart the smelliest skankiest monster who ever lived And Jerry Tile is about to meet him *The Legend of Bigfart* Pat Pollari, 1996 Deep in the woods of Camp Winnapuke lives Bigfart the smelliest skankiest most fartatious monster who ever lived Each summer he strikes one camper with an explosion of such magnitude that even the strongest have been known to go insane from the stench

**Who Cut the Cheese?** Jim Dawson, 2011-01-26 We've told you HOW TO SHIT IN THE WOODS We've taken you UP SHIT CREEK Now we dare to ask the eternal question WHO CUT THE CHEESE Which is to say what exactly is a fart Why do we do it Why do we hide it when we do it And why do we find farts so darn funny A cut above anything else on the subject this book really lets go and tells all getting to the bottom of these mysteries Author Jim sniffs out a load of historical and scientific fart tales then offers the kind of fun facts you'll be dying to let slip at social occasions in chapters like Fart Facts That Aren't Just Hot Air Gone with the Wind on famous movie farts and Le Petomane the Art of the Fart on the most famous windbag in history From fact to fiction to frivolous flatulence this book is unquestionably a ripping good read

**The Pyrotechnic Insanitarium** Mark Dery, 2007-12-01 A wide ranging collection of essays on millennial American culture that marshals a vast pop vocabulary with easy wit The New York Times Book Review From the far left to the far right on talk radio and the op ed page more and more Americans believe that the social fabric is unraveling Celebrity worship and media frenzy suicidal cultists and heavily armed secessionists modern life seems to have become a pyrotechnic insanitarium Mark Dery says borrowing a turn of the century name for Coney Island Dery elucidates the meaning to our madness deconstructing American culture from mainstream forces like Disney and Nike to fringe phenomena like the Unabomber and alien invaders Our millennial angst he argues is a product of a pervasive cultural anxiety a combination of the social and economic upheaval wrought by global capitalism and the paranoia fanned by media sensationalism The Pyrotechnic Insanitarium is a theme park ride through the extremes of American culture of which The Atlantic has written Mark Dery confirms once again what writers and thinkers as disparate as Nathanael West Fyodor Dostoyevsky Sigmund Freud and Oliver Sacks have already shown us the best place to explore the human condition is at its outer margins its pathological extremes Dery is the kind of critic who just might give conspiracy theory a good name Wired [Popular Modernity in America](#) Michael Thomas Carroll, 2000-09-28

Does technology alter our ways of being in and perceiving the world or does it merely serve as a conduit for predetermined patterns of culture In addressing this question Popular Modernity in America examines a broad range of related cultural and technological phenomena from Bing Crosby to Ice Cube from the invention of the telegraph to the celebratory heralding of the internet in the 1990s that have helped shape American popular culture over the past 150 years Throughout it avoids the binaries that label popular culture as inherently liberatory or subtly oppressive arguing instead for the triadic relationship of experience technology and myth each of which has an active role to play in how we interact with popular culture

Culture's Vanities David Steigerwald, 2004 Americans want it both ways They are committed to cultural diversity yet demand an endless variety of cheap consumer goods from a global system that destroys distinct ways of life In this groundbreaking work David Steigerwald argues that Americans have papered over this paradox by embracing the rhetoric of diversity and multiculturalism which hides the extent to which they have accepted homogenized ways of working and living
