Leisure Education Theory And Practice:

Leisure Education Jean Mundy,1998 Leisure Education presents a thought provoking overview of leisure education from philosophical considerations in leisure education theory to models and units that can be implemented in leisure education classes The book provides practical information for individuals working with recreation and park agencies therapeutic recreation facilities correctional facilities and ageing individuals **Leisure Education, Community Development, and Populations with Special Needs** Atara Sivan,Hillel Ruskin,2000-01-01

The results are presented of a Commission of the World Leisure and Recreation Association WLRA to examine the role of leisure and education for leisure activities among people with special needs living in the community requiring social or health services outside hospital A conceptual and practical framework for understanding the process of leisure education is provided and its role for community development and populations with special needs discussed A total of 17 chapters serve as a foundation for developing models and programmes for leisure education within community settings and will be of interest to those working and researching in the area of education leisure studies and community development *Leisure Education: A Cross-National View* Atara

Sivan,Robert A. Stebbins,2016-04-08 Leisure education plays a central role in both the field of leisure studies and the pursuit of leisure itself Everywhere in the modern world the most effective use of free time for individuals comes with knowing about the many leisure activities available to them and the rewards and costs that accompany their interest in each It is through leisure education in one form or another that they gain such knowledge Yet as important as this educational process is its study is only beginning to take off in non Western societies where however it cannot be assumed to be the same as in the West This book contains several comparisons of Western and non Western practices in leisure education Knowing these practices contributes ultimately to a deep understanding of the nature of the huge variety of leisure activities enjoyed across the planet and of the reasons why people go in for the ones they do This book was based on a special issue published in the World Leisure Journal *A Handbook of Leisure Studies* C. Rojek,S. Shaw,A. Veal,2006-06-20 A unique international

resource for Leisure Studies in one volume the history organization and central debates in the field of Leisure Studies are defined providing a one stop shop for students and an agenda for future debate and research academics Leisure, Toward a Theory and Policy Hillel Ruskin,1984 Participants at an international conference on leisure contribute to this

multidisciplinary volume which seeks better public policy decision making on the problems generated by the abundance of leisure in advanced technological societies *Music, Leisure, Education* Roger Mantie,2022 This book explores historical and philosophical connections between music leisure and education Specifically it considers how music learning teaching and participation can be reconceptualized in terms of leisure Taking as its starting point the art of living and the ethical question of how one should live the book engages a wide range of scholarship to problematize the place of non professional music making in historical and contemporary Western conceptions of the good life and the common good Part I provides a general

background on music education school music the work ethic leisure studies recreation play and conduct Part II focuses on two significant currents of thought and activity during the Progressive Era in the United States the settlement movement and the recreation movement The examination demonstrates how societal concerns over conduct the threat of leisure and differing views on the purpose of music learning and teaching led to a fracturing between those espousing generalist and specialist positions The four chapters of Part III take readers through considerations of happiness eudaimonia and the good life issues of work life balance and the play spirit leisure satisfaction in relation to consumerism individualism and the common good and finally parenting logics in relation to extracurriculars music learning and serious leisure **Older Adults**
