The House Servant's Directory Robert Roberts, Graham Russell Hodges, 2016-07-01 Robert Roberts The House Servant s Directory first published in 1827 and the standard for household management for decades afterward is remarkable for several reasons It is one of the first books written by an African American and issued by a commercial press and it was written while Roberts ca 1780 1860 was in the employ of Christopher Gore 1758 1827 a former senator from and governor of Massachusetts and ancestor of the novelist Gore Vidal Gore Place where Roberts worked from 1825 to 1827 is one of the grandest neoclassical mansions built in America Not only was the extraordinary set of recommendations that Roberts made about relations between servants and their masters unique for its time but his many recipes for cleaning furniture and clothing and for purchasing preparing and serving food and drink for small and large

dinners are also still useful today As portrayed in Graham Hodges introduction Roberts own story is a unique window into the work habits and thoughts of America s domestic workers and into antebellum African American politics Of particular note is Roberts contribution to the emergence of new self perceptions of black manliness Written at a time when male Americans in general were reconsidering the construction of masculinity Roberts advice to his fellow servants fostered black dignity for work that few felt merited respect and his counsel to employers on proper treatment of their servants insisted on their humanity and respect for their skills
