Lenin. Portrait of a Professional Revolutionary ... With Illustrations [including Portraits]. Maurice Christopher HOLLIS, 1938 Lenin Christopher Rice, 1990 Lenin Christopher Hollis, 1928 Lenin. Portrait of a professional

revolutionary. With ills , 1938 **Lenin** Beryl Williams, 2014-06-17 Drawing on the flood of new material to emerge from Russian and Western sources in recent years Beryl Williams focuses on Lenin s years in power and provides first rate introduction to the life ideology and impact of one of the formative figures of the 20th century Within an overall chronological framework Williams examines topics such as cultural revolution foreign policy and expansion As well as being an examination of Lenin s life and work this is an up to date evaluation of recent historiographical debates and literature in the context of the period **Lenin** Ronald Clark, 2011-09-28 In this accomplished biography of Vladimir Lenin Ronald Clark fills in the gap left

by political economic and social historians Lenin s personality Clark introduces readers to Lenin the man an enthusiastic mountaineer with a sardonic sense of humor an affectionate husband with a long rumored affair Clark examines and describes the personality of one of the most dedicated and single minded political leaders of the 20th century **Lenin and the Making of the Soviet State** NA NA, 2016-04-30 Vladimir Ilich Lenin 1870 1924 led the first successful revolt against market based liberal democracy and founded the Soviet State in 1917 serving as the new nation s chief architect and sole ruler for the next five years This collection of primary sources allows readers to learn about Lenin through his own words and emphasizes Lenin s actions rather than his ideology Jeffrey Brooks and Georgiy Chernyavskiy have translated newly available documents that make it possible to provide a more accurate portrait of a ruthless political strategist whose actions created a new political economic social and cultural system that in its heyday challenged the military technological and cultural might of the United States Document headnotes a chronology questions for consideration and a selected bibliography offer additional pedagogical support and encourage students to analyze the actions and beliefs of a man who transformed world history and whose legacy continues to affect social and political movements throughout the world *In Defence of Lenin*

Rob Sewell, Alan Woods, 2024-01-11 John Reed the author of Ten Days that Shook the World once said that Lenin was the most loved and the most hated person alive He was loved by tens of millions who wanted to change society but hated by the ruling class and their apologists As the leader of the Russian Revolution Lenin was a man who changed the world A convinced Marxist he created the Bolshevik Party the most revolutionary party in history Lenin translated the ideas of Marxism into reality It is now one hundred years since his death The bourgeois historians continue to slander him and his ideas The task of this book is to explain his real life and ideas and to draw out the significance of Lenin Given the ongoing capitalist crisis his ideas are gaining an increasingly wide echo In so many ways Lenin is more relevant today than ever before Over two volumes this book traces Lenin s life and explains his ideas drawing on the colossal heritage of what he

actually wrote and did This book also features an appendix of Krupskaya s writings on Lenin a chronology and over 250 images The Biography Book Daniel S. Burt,2001-02-28 From Marilyn to Mussolini people captivate people A E s Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals The Russian Social-Democratic Labour Party, 1899–1904 Richard Mullin,2015-03-31 Much has been written about the activity of Lenin and his colleagues on the editorial board of the Iskra newspaper whereas little has been said about the opponents of Leninism who unsuccessfully fought for control of the Russian Social Democratic Labour Party during the Iskra period To redress the balance Richard Mullin has translated 25 documents from this period most of which express an anti Lenin view They include articles from Rabochee Delo the Jewish Bund s Poslednie Izvestiia and the post Lenin Iskra pamphlets by Plekhanov and Martov the resolutions of Party meetings and some very revealing private correspondence However the result is not an anti Bolshevik polemic through these documents a clearer and curiously flattering picture of Lenin s thought and activity is obtained Utopias and Utopians Richard C.S. Trahair,2013-10-31 Utopian ventures are worth close attention to help us understand why some succeed and others fail for they offer hope for an improved life on earth Utopias and Utopians is a comprehensive guide to utopian communities and their founders Some works look at literary utopias or political utopias etc and others examine the utopias of only one country this work examines utopias from antiquity to the present and surveys utopian efforts around the world Of more than 600 alphabetically arranged entries roughly half are descriptions of utopian ventures the other half are biographies of those who were involved Entries are followed by a list of sources and a general bibliography concludes the volume The Russian Revolution and Civil War 1917-1921 Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **Conspirator**

Helen Rappaport,2010-02-23 Helen Rappaport's *Conspirator* is a vivid account of Vladimir I Lenin's years of exile in Europe showing that this often overlooked period shaped the life of one of the 20th century's most important figures. In the years leading up to the Russian Revolution Lenin traveled between the capital cities of Europe developing a complex network of collaborators and co-conspirators that would play a significant role in the struggle to come. Rappaport sheds a rare light onto Lenin's early life describing his relationship with his wife Nadezhda Krupskaya and his extraordinary and unexpected love affair with beautiful activist Inessa Armand. In a riveting narrative *Conspirator* describes the courage and the comedy the setbacks schisms and disappointments the extreme persistence and the ruthless dedication that carried Lenin and his colleagues along the inexorable path to the Russian Revolution.

Treachery Chapman Pincher,2009-07-07 From noted intelligence authority and author Chapman Pincher comes an utterly riveting book that reveals in startling detail sixty years of Soviet spying against Great Britain and the United States. Using a huge cache of recently released documents and exclusive interviews Pincher makes a compelling new case that as he has long believed the head of Britain's own counterintelligence and security agency was himself a double agent acting to undermine and imperil the U.K. and America. Written with the power of a heart-pounding thriller *Treachery* pulls the mask from intelligence leader Roger Hollis. As a result years of traitorous action and inaction on his watch come tumbling down. Pincher reveals Hollis's early years when he was schooled at Oxford which educated many agents and worked in 1930s Shanghai a hotbed of soon-to-be spies and Soviet recruiters. Hired by MI5 at a time when there was virtually no vetting of employees he was a gray presence who rose in the ranks over twenty-seven years while Pincher suspects he was allowing the most notorious Soviet spies of the century to flourish. Myriad fascinating case histories are portrayed here including that of Lt Igor Gouzenko a Red Army cipher clerk who said cryptically in 1945 that there was a mole in MI5 with access to important files. Pincher also provides exciting new perspectives on the most infamous operatives of our time including Kim Philby and Klaus Fuchs. Perhaps most explosively Pincher posits that long after Hollis stepped down a cover-up was perpetrated at the highest levels and that Margaret Thatcher was induced to mislead Parliament to prevent the truth from coming out. An essential volume for a world potentially facing a new cold war as Russia dangerously flexes its military and espionage muscles once again *Treachery* warns us to protect our society and institutions from enemy infiltration in the future. This is a revelatory work that puts twentieth-century politics and war into stunning new relief.

Early Women Psychoanalysts Klara Naszkowska,2024-02-29 Each life story is unique yet each also entwines with other stories sharing recurring themes linked to issues of gender Jewishness women's education politics and migration. The book's first section discusses relatively known analysts such as Sabina Spielrein Lou Andreas Salom and Beata Rank remembered largely as someone's wife lover or muse and the second part sheds light on women such as Margarethe Hilferding Tatiana Rosenthal and Erzsébet Farkas who took strong political stances. In the third section the biographies of lesser-known analysts like Ludwika Karpińska Woyczyńska Nic Waal Barbara Low and Vilma Kovács

are discussed in the context of their importance for the early Freudian movement and in the final section the lives of Eugenia Sokolnicka Sophie Morgenstern Alberta Szalita and Olga Wermer are examined in relation to migration and exile trauma loss and memory With a clear focus upon the continued importance of these women for psychoanalytic theory and practice as well as discussion that engages with pertinent issues such as gendered discrimination inhumane immigration laws and antisemitism this book is an important reading for students scholars and practitioners of psychoanalysis as well as those involved in gender and women s studies and Jewish and Holocaust studies

Lenin's Electoral Strategy from Marx and Engels through the Revolution of 1905 August H. Nimtz, 2016-04-30 This book explores the time in which Lenin initiated his use of the electorate beginning with the Marxist roots of his politics from his leadership of Russian Social Democratic Labor Party in the First and Second State Dumas to Russia s first experiment in representative democracy from 1906 to 1907

The Irish Ecclesiastical Record , 1939 **Lenin** James D. White, 2017-03-14 A political and intellectual biographical study of Lenin which focuses on those aspects of his thought and political activities that had a bearing on the accession of the Bolsheviks to power in Russia in 1917 and the creation of the Soviet state The book places Lenin in the context of his times and shows his relationship to other socialist thinkers In particular it locates Lenin within the development of Marxist thought in Russia Its historiographical chapter reveals the political factors which influenced the way biographies of Lenin were written in the Soviet Union The book makes extensive use of first hand materials including sources from the Russian archives

Fairy Tales and True Stories Ben Hellman, 2013-08-15 Russian literature for children and young people has a history that goes back over 400 years starting in the late sixteenth century with the earliest alphabet primers and passing through many different phases over the centuries that followed It has its own success stories and tragedies talented writers and mediocrities bestsellers and long forgotten prize winners After their seizure of power in 1917 the Bolsheviks set about creating a new culture for a new man and a starting point was children s literature 70 years of Soviet control and censorship were succeeded in the 1990s by a re birth of Russian children s literature This book charts the whole of this story setting Russian authors and their books in the context of translated literature critical debates and official cultural policy
