Frederick Lewis Schuman

Lenin Volume Two All Power To The Soviets 2:

The Bolsheviks Volume II John D. Loscher, 2009-09 We must seek to build a Russia based on three sound principles Peace Land and Bread NOTHING ELSE William Donaldson newly promoted Charge d Affaires for the United States Embassy in Petrograd formerly Saint Petersburg Russia could only cringe at hearing Lenin's stirring proclamation announcing the primary goals for the Petrograd Soviet These ambitious words ran counter to the aims of his employer the American government As an American diplomat during the administration of President Woodrow Wilson William is obligated to support his country's self-serving objectives But as the husband to Sonjya Mastrova a Russian nation William is torn must he care out his duty or advocate a cause which he knows in his heart to be morally and ethically right Since he was a conscripted diplomat being named embassy charge d affaires should have been the crowning achievement for William Donaldson However as Russia spirals ever deeper into chaos and revolution his posting becomes a curse Caught up in a web of intrigue woven by America's inept luxury loving ambassadors William is a witness to the final overthrow of Russia's imperial family His dealings with the weak Russian provisional government will provide William with a textbook example chronicling the pitfalls of democracy As the faltering democratic provisional government splinters and becomes mired in gridlock the Russian people become truly desperate Knowing how desperate people will do desperate things the situation becomes ripe for Vladimir Lenin and his henchmen to finally implement their own vision for Russia's future without any annoying outside interference When that model is forcibly imposed William can only lament at what he sees as the consequence for the Russian people of being yoked to the science of communism Is Russia's exploited peasant population any better off than they were before

The End of the Russian Imperial Army, Volume II Allan K. Wildman, 2019-10-08 Allan Wildman presents the first detailed study of the Army's collapse under the strains of war and of the front soldiers' efforts to participate in the Revolution Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Sources of Crossroads and Cultures, Volume II: Since 1300 Bonnie G. Smith, 2012 All Power to the Soviets Tony Cliff, 2004 Volume 2 of Tony Cliff's biography of Lenin

Revolutionary Democracy Soma Marik, 2018-03-09 In this wide ranging and insightful work Soma Marik defends the legacy of the Bolshevik Revolution arguing against many of its detractors that the early communist regime was centrally concerned with both the liberation of women and the expansion of democracy Soma Marik teaches Women's Studies and History at Jadavpur University *Soviet-American Relations, 1917-1920, Volume II* George Frost Kennan, 2021-07-13 In 1918 the U S government decided to involve itself with the Russian Revolution by sending troops to Siberia This book re

creates that unhappily memorable story the arrival of British marines at Murmansk the diplomatic maneuvering the growing Russian hostility the uprising of Czechoslovak troops in central Siberia which threatened to overturn the Bolsheviks the acquisitive ambitions of the Japanese in Manchuria and finally the decision by President Wilson to intervene with American troops Of this period Kennan writes Never surely in the history of American diplomacy has so much been paid for so little

The Soviet Union, from Lenin to Khrushchev United States. Congress. House. Committee on Un-American Activities, 1961

Congressional Record United States. Congress, 1972

Lenin's Terror James Ryan, 2012 This text explores the development of Lenin's thinking on violence tracing the evolution of his thinking from the late 19th century showing the impact of the First World War and examining the Bolshevik seizure of power

Scope of Soviet Activity in the United States United States. Congress. Senate. Committee on the Judiciary, 1957

Rising China and Its Postmodern Fate, Volume II Charles Horner, 2015-12-22 In Volume II of his study *Rising China and Its Postmodern Fate* Charles Horner continues his examination of how China's continuously changing view of its modern historical experience is also changing its understanding of its long intellectual and cultural tradition He reflects on China's current rise not as an anomaly but as part of a long tradition of dramatic transformations and he therefore looks at many different Chinas as they interact with various world systems and ever changing trends He sees China's formation of its future Grand Strategy as a creative intellectual activity which draws on the strategic imagination that can be found in history literature art architecture and urban planning

Collected Works of V.I. Lenin Vladimir Il'ich Lenin, 1929 **The New Statesman**, 1924 Syndicalism and the

Transition to Communism Ralph Darlington, 2013-06-28 During the first two decades of the twentieth century amidst an extraordinary international upsurge in strike action the ideas of revolutionary syndicalism developed into a major influence within the world wide trade union movement Committed to destroying capitalism through direct industrial action and revolutionary trade union struggle the movement raised fundamental questions about the need for new and democratic forms of power through which workers could collectively manage industry and society This study provides an all embracing comparative analysis of the dynamics and trajectory of the syndicalist movement in six specific countries France Spain Italy America Britain and Ireland This is achieved through an examination of the philosophy of syndicalism and the varied forms that syndicalist organisations assumed the distinctive economic social and political context in which they emerged the extent to which syndicalism influenced wider politics and the reasons for its subsequent demise The volume also provides the first ever systematic examination of the relationship between syndicalism and communism focusing on the ideological and political conversion to communism undertaken by some of the syndicalist movement's leading figures and the degree of synthesis between the two traditions within the new communist parties that emerged in the early 1920s Calculation and Coordination Peter J Boettke, 2000-11-23 This collection of essays from one of the major Austrian economists working in the world today brings together in one place some of his key writings on a variety of economic issues The Problem of

Federalism Sobei Mogi,2019-12-06 First published in 1931 The Problem of Federalism provides a comprehensive and critical survey of the historical development and practical application of the idea of federalism as a form of state organisation The author explores federal ideas from the eighteenth up until the early twentieth century This extensive study will be useful to students of politics and philosophy **Soviet Life** ,1971 **Facts on Communism: The Soviet Union, from Lenin to Khrushchev** United States. Congress. House. Committee on Un-American Activities,1961 *Soviet Politics at Home and Abroad* Frederick Lewis Schuman,1948 Soviet Union Year-book Louis Segal,A. A. Santalov,1925
