My friend Jim William Edward Norris,1892 Friends in Flanders Linda Palfreeman,2017-05-31 The Friends Ambulance Unit FAU was created shortly after the outbreak of war The idea of the unit s founder Philip J Baker was that it would provide young Friends Quakers with the opportunity to serve their country without sacrificing their pacifist principles The first volunteers went to Belgium on 31 October 1914 under the auspices of the Joint War Committee of the British Red Cross Society and the Order of St John of Jerusalem The FAU made a sustained contribution to the military medical services of the Allied nations establishing military hospitals running ambulance convoys and staffing hospital ships and ambulance trains treating and transporting wounded men Determined to bring succour to all those in need the FAU also assisted civilians trapped in the war zone and living in desperate circumstances Nowhere was this more acute than in the besieged and battered town of Ypres where thousands sheltered in the underground passage ways of

the towns ancient fortifications a subterranean population hopeless often lightless wrote Geoffrey Young the Units young field commander living on what they might and breeding disease The Unit provided hospitals for the treatment of civilians and worked intensively in the containment and treatment of the typhoid epidemic that swept the region locating sufferers providing them with medical care and inoculating people against the disease It played a major role in the purification of the town s contaminated drinking water distributed milk for infants and food and clothing to the sick and needy It helped found orphanages made provision for schooling and organised gainful employment for refugees until finally it became responsible for the definitive evacuations of the civilian population The American Friend ,1926 **Our Young People** ,1922

Spiegel,Patrick A. McAllister, This volume brings together many of the most interesting anthropologists writing on the current situation in South Africa Initially conceived as a tribute to the work of Philip Mayer the author of Townsman and Tribesmen the volume continues a tradition of digging into the interstices of South African society at the folk tribal and national levels Each chapter examines the myriad ways in which tradition is a critical factor for those who must cope with the trauma of social and economic transition This theme central to the work of Philip and Iona Mayer allows the reader to probe the core issues of South Africa and provide a theoretical structure for the study of other societies in similar states of transition to modernity The Acquaintance Kyle Geertsma,2010-08-31 Adam Childe is a teenage boy in a time of chaos and change Raised in a secluded African village and apart from the world he is alone and without friends tormented by a merciless tyrant who relentlessly attempts to make slaves out of his fellow villagers After two long years of growth and an encounter with a supernatural being Adam may have finally found a way to secure his worth and save his home With Death on his side Adam realizes his potential the value of life itself and begins his journey into the vast world around him and the hardships of facing his darkest fears head on The Acquaintance promises to be one of the most powerful and emotionally charged stories of all time delving into life and death themselves Feminist Dilemmas in Qualitative Research Jane Ribbens,Rosalind Edwards,1997-12-12 How can researchers

produce work with relevance to theoretical and formal traditions and requirements of public academic knowledge while still remaining faithful to the experiences and accounts of research participants based in private settings Feminist Dilemmas in Qualitative Research explores this key dilemma and examines the interplay between theory epistemology and the detailed practice of research It does this across the whole research process access data collection and analysis and writing up research It goes on to consider ways of achieving high standards of reflexivity and openness in the strategic choices made during research examining these issues for specific projects in an open and accessible style Particular themes examined are the research dilemmas that occur from feminist perspectives in relation to researching private and personal social worlds the position of the researcher as situated between public knowledge and private experience and the dilemmas raised for researchers seeking to contribute to academic discourse while remaining close to their knowledge forms **Patsy Cline**

Charlotte L. Bartles, 2005-10 For years rumors have circulated about the identity of country music legend Patsy Cline's real father In Patsy Cline Our Father's Other Daughter Charlotte Brannon Bartles breaks her silence and reveals the long awaited truth Charlotte's father Chester Brannon was also Patsy's father Learn about Patsy's other family and the man she called Pop Brannon Charlotte shares her memories of her famous half sister and also talks about her efforts to penetrate the wall of secrecy surrounding the circumstances of Patsy's birth and her father's relationship with Patsy's mother Hilda Hensley Patsy Cline Our Father's Other Daughter is the chapter of Patsy's life absent from all the other books and articles written about the late megastar The true story will alter Patsy's official biography and will be difficult for some to accept But I think the truth should prevail over someone's comfort level and the need to keep her life story as is It should be a consolation to Patsy's fans to know that Patsy knew a father who loved and adored her regardless of how limited his role had been From Patsy Cline Our Father's Other Daughter **Working-Class Community in the Age of Affluence** Stefan Ramsden, 2017-02-24 It has

appeared to many commentators that the most fundamental change in what it is meant to be working class in twentieth century Britain came not as a result of war or of want but of prosperity Social investigators documented how the relative affluence of the 1950s and 1960s improved the material conditions of life for working class Britons whilst eroding their commitment to the shared life of traditional communities Utilising an oral history case study of sociability and identity in the Yorkshire town of Beverley between the end of the Second World War and the election of Margaret Thatcher's government Working Class Community in the Age of Affluence challenges this influential narrative An introductory essay outlines how sociologists and historians understood the complex social cultural and economic changes of the post war decades through the prism of affluence and traces how these changes came to be seen as deleterious to the traditional working class community The book then proceeds thematically exploring change across areas of social life including family neighbourhood workplace and associational life This book represents the first sustained historical analysis of change and continuity in working class community living during the age of affluence It suggests not only that older social practices persisted but also that new

patterns of sociability could strengthen as much as undermine community Ultimately Working Class Community in the Age of Affluence asks us to rethink assumptions about the decline of local solidarities in this pivotal period and to recognise community as a key feature of working class life across the twentieth century **Women Entrepreneurs** Mauro F. Guillén,2013-06-19 Women Entrepreneurs offers a collection of almost two dozen cases that explore the process by which women become entrepreneurs as well as the opportunities and challenges they face in growing their businesses With a particular focus on the intersection between entrepreneurship and economic development the cases are drawn from across a range of industries and countries They offer insights into a number of issues women entrepreneurs face such as launching a business diversification and internationalization as well as covering a number of business functions including finance marketing and human resource management Each case is presented with a summary highlighting the themes it covers and ends with a set of questions to guide classroom discussion The book also includes a summary of existing literature on entrepreneurship to help contextualize the cases This casebook would be the ideal companion in an entrepreneurship class particularly for students with an interest in female entrepreneurship or economic development With data from a Goldman Sachs Lauder Institute study **The World's Progress** Delphian Society,1911 *Transformation, Or, The Romance of Monte Beni* Nathaniel Hawthorne,1883 **To Dream Again** E.C. Tubb,2014-01-30 As an officer in the United Nations Law Enforcement Agency Ralph Mancini was dedicated to the worldwide War on Drugs employing all the resources of the U N whilst working with the national and international police forces But now an insidious new drug was being developed one in which the people taking it experienced a trip like no other They became in effect God like beings and once they had experienced heaven they could think of nothing but their next trip whatever the cost Ralph and Inspector Frere follow a tangled trail of murder and intrigues to try and find the source of the peril but will they be too late to stop it spreading across the world **The British Friend** ,1906
