Gillard, 2022-01-06 Why do many popular songs positively reference God if our culture is widely viewed as secular Why is it a challenge to tell the Christian story when many say they are spiritual and believe in God Why do we draw so much meaning from the popular songs we listen to And might a deeper understanding of popular music culture help us to explore the bigger stories we listen to throughout our lives such as the Christian story Primarily using Zygmunt Bauman s understanding of liquid modernity we look at the social forces that shape Western society and consider why while many are looking for authentic ontologically based stories to understand their life experiences historic providers of the big stories that shape our lives such as the church favor a different epistemological way of telling them How do these different approaches to storytelling affect their reception and what insight might we draw from that Whilst this book is written primarily with those in Christian ministry in mind it will be of interest too to those who use music to explore life experiences through their work who are interested in the social forces that shape society or who simply enjoy listening to popular music *Current Trajectories in Global Pentecostalism: Culture, Social Engagement, and Change* Roger G. Robins, 2019-02-08 This book is a printed edition of the Special Issue Current Trajectories in Global Pentecostalism Culture Social Engagement and Change that was published in Religions **Prison Journal, Volume 2** Cardinal George Pell, 2021-05-20 Innocent That final verdict came after George Cardinal Pell endured a grueling four years of accusations investigations trials public humiliations and more than a year of imprisonment

With the same grace wisdom and calm perseverance we see on display in Volume 1 he continues his quest for justice by appealing to the Australian High Court. Glimmers of hope emerge as more legal experts including non Catholics join the chorus of those demanding that this miscarriage of justice be reversed.

The Hillsong Movement Examined Tanya Riches, Tom Wagner, 2017-11-02. This interdisciplinary volume brings together leading writers and thinkers to provide a critique of a broad range of topics related to Hillsong Church. Hillsong is one of the most influential visible and in some circles controversial religious organizations movements of the past thirty years. Although it has received significant attention from both the academy and the popular press the vast majority of the scholarship lacks the scope and nuance necessary to understand the complexity of the movement or its implications for the social cultural political spiritual and religious milieus it inhabits. This volume begins to redress this by filling important gaps in knowledge as well as introducing different audiences to new perspectives. In doing so it enriches our understanding of one of the most influential Christian organizations of the late 20th and early 21st centuries.
