Hillary Americas First Dictator:

Hillary - America's First Dictator Chuck Slate, 2005 This current book describes my belief with input from a great many people as to how this country got to where it is today where I fear it is going and my absolute terror that the American people will elect Hillary in 2008 Why terror at her election Because that will launch the country toward a totalitarian government We no longer can believe that our elected officials are patriots They are more acclimated to power and less concerned about the people and the country's history The book is a departure from the others It came to mind when watching a TV discussion group talking about whether Hillary would run for President in 2004 I was terrified that she would run and win I then thought about it and decided I had some excellent reasons why she would not run in 2004 but would wait until 2008 The book goes into depth concerning the dangers to the Country of electing Hillary My first three books *There Are No Bad Kids* *Never Underestimate the Arrogance or Stupidity of Government* and *High On Life* were all published by 1st Books Library The first was written as a result of a traumatic experience in our lives and the second describes what I believe created that trauma *High On Life* creates a completely different atmosphere The title came as the result of one of my children becoming hooked on cocaine I faithfully believe that no one needs a narcotic to get high Life is the only high necessary *Hillary Is the Best Choice* Benjamin Franklin Camins, Ilana Wexler, 2007-11 *Hillary Is the Best Choice* presents a more balanced view of politics To start with politics is neither good nor bad It is neutral It can either go good or bad depending on the politicians who are involved For the first time in American presidential politics for example we have a woman candidate In previous elections when only men were presidential contenders the tendency to play dirty was always a great temptation With Hillary Clinton Democratic Senator from New York and our country's former First Lady as one of the current leading presidential aspirants it is our hope that the old pattern of negativity will be replaced by a new pattern of political civility Politics can be a clean activity And elections especially presidential ones ought to be a matter of choosing the better of two goods when an independent or third party candidate is running it will be a matter of choosing the best of three *The Clintons' War on Women* Roger Stone, Robert Morrow, 2016-09-06 This book on Hillary really tough President Donald Trump Hillary Clinton is running for president as an advocate of women and girls but there is another shocking side to her story that has been carefully covered up until now This stunning expos reveals for the first time how Bill and Hillary Clinton systematically abused women and others sexually physically and psychologically in their scramble for power and wealth In this groundbreaking book New York Times bestselling author Roger Stone and researcher and alternative historian Robert Morrow map the arc of Bill and Hillary's crimes and cover ups They reveal details about their actions in Arkansas during Bill Clinton's time in the White House about who really ordered the deadly attack on the Branch Davidian compound in Waco during Hillary's tenure as secretary of state about their time at the Clinton Foundation and during Hillary's current campaign for president This is the first book to shed light on the couple's deeply personal violations of the people they crushed in their

obsessive quest for power Along the way Stone and Morrow reveal the family s darkest secrets including a Clinton family member s drug rehab treatment that was never reported by the press Hillary Clinton s unusually close relationship with a top female aide and a stunning revelation of such impact that it could strip Bill Clinton of his current popularity and derail Hillary s push to be the second Clinton in the White House Anyone who cares about the future of the United States will want to read this tell all exposing the appalling unvarnished and ugly truth about the Clintons This paperback edition includes a new preface from Roger Stone revealing explosive new information he s learned since the hardcover s release *Bill Clinton: An American Journey* Nigel Hamilton,2003-09-30 Bill Clinton forty second president of the United States is the quintessential baby boomer on the one hand blessed with a near genius IQ on the other beset by character flaws that made his presidency a veritable soap opera of high ideals distressing incompetence model financial stewardship and domestic misbehavior In an era of cultural civil war the Clinton administration fed the public an almost daily diet of scandal and misfortune Who is Bill Clinton though and how did this baby boom saga begin Clinton s upbringing in Arkansas and his student years at Georgetown Oxford and Yale universities help us to see his life not only as a personal story but as the story of modern America Behind the closed doors of the house on the hill above Park Avenue in Hot Springs the struggle between Clinton s stepfather and mother became ultimately unbearable causing Virginia to move out and divorce Roger Clinton Dreading confrontation Bill Clinton excelled in almost every field save athletics But the fabled success of the scholarship boy would be marred by the decisions he came to make regarding Vietnam and military service choices that haunt him to this day We watch with a mixture of alarm fascination and awe as Bill Clinton does so much that is right and so much that is wrong He sets his cap for the star student at Yale young Hillary Rodham seducing her with his dreams of a better America and an aw shucks grin Wherever he goes he charms and disarms young and old men and women and more women He becomes a law professor straight out of college he contests a congressional election in his twenties and almost wins it He becomes attorney general of his state and within two years is set to become the youngest ever governor of Arkansas at only thirty two Yet always there is a curse a drive toward personal self destruction and with that the destruction of all those who are helping him on his legendary path His affair with Gennifer Flowers strains his marriage and later nearly scuttles his bid for the presidency He is thrown out of the governor s office after only one term and suffers a life shaking crisis of confidence Though with the stalwart help of a female chief of staff he regains his crown it is clear that Bill Clinton s charismatic career is a ceaseless tightrope walk above the forces that threaten to pull him down the most potent of them residing in his own being Imbued with sympathy deep intelligence and the storyteller s art this extraordinary biography helps us at last to understand the real Bill Clinton as he stumbles and withdraws from the 1988 presidential nomination race but enters it four years later to make one of the most astonishing bids for the presidency in the twentieth century the climax of this gripping political social and scandalous journey *American Presidents Year by Year* Julie Nelson,2015-03-10 This fascinating multi volume set illuminates the panorama of American

history through the personal and professional stories of the nation's presidents. Arranged chronologically and covering George Washington to George W. Bush, it juxtaposes the lives of each year's current, former, and future living presidents against each other and the historical backdrop of their times. Each chapter opens with a summary of the year and describes the major issues and events the incumbent president faced. Separate sections within each chapter, "Former Presidents" and "Future Presidents," detail important developments in the lives of past and future presidents month by month during that same year, highlighting political, social, and personal decisions that helped shape the course of American history.

Dictators and Autocrats Klaus Larres, 2021-10-31 In order to truly understand the emergence, endurance, and legacy of autocracy, this volume of engaging essays explores how autocratic power is acquired, exercised, and transferred or abruptly ended through the careers and politics of influential figures in more than 20 countries and six regions. The book looks at both traditional, hard dictators such as Hitler, Stalin, and Mao, and more modern, soft or populist autocrats who are in the process of transforming once fully democratic countries into autocratic states, including Recep Tayyip Erdoğan in Turkey, Brazilian leader Jair Bolsonaro, Rodrigo Duterte in the Philippines, Narendra Modi in India, and Viktor Orbán in Hungary. The authors touch on a wide range of autocratic and dictatorial figures in the past and present, including present-day autocrats such as Vladimir Putin and Xi Jinping, military leaders, and democratic leaders with authoritarian aspirations. They analyze the transition of selected autocrats from democratic or benign semi-democratic systems to harsher forms of autocracy, with either quite disastrous or more successful outcomes. An ideal reader for students and scholars, as well as the general public interested in international affairs, leadership studies, contemporary history, and politics, global studies, security studies, economics, psychology, and behavioral studies.

Souza Includes Analysis Preview *Hillary's America: The Secret History of the Democratic Party* is a history of the Democratic Party, which author Dinesh D. Souza argues is the source of all evil and iniquity in American history. Hillary Clinton, the 2016 Democratic nominee for president, is a crook who entered politics for personal gain. As such, she is the natural representative of the corrupt Democratic Party. Some argue that Thomas Jefferson was the founder of the Democratic Party. In reality, the modern Democratic Party and its history of plunder began with Andrew Jackson's presidency in 1829. Jackson was a military general before taking office. During his military career, he forced Native Americans off their land and then seized it to enrich himself and his cronies. The use of government power for personal enrichment is a quintessential Democratic tactic. Jackson was also a slave owner, and the Democrats were the party of slavery.
