Oakley, 1996-06-01 **Himalayan Folklore** E. Sherman Oakley, 1977 **Where Gods Dwell** Kusum Budhwar, 2010-09-08 An introduction to the colourful and exuberant folk literature from the hills of Kumaon and Garhwal In the iridescent snows of the Central Himalayas known as Devbhoomi the land of the gods there is a story for every mountain river and tree Kusum Budhwar introduces us to Kumaon and Garhwal s rich and rarely translated folk literature by retelling the colourful and exuberant stories of the region Whimsical and imaginative these are tales of high adventure luminous love and romance benevolent pastoral gods local heroes brave medieval warriors sacred sites and historical anecdotes all of which are equally popular in these parts but little known outside Arranged in sections each focusing on a particular theme the book opens with Nanda Devi the patron goddess of the region believed to be the daughter of the Himalayas In the sections that follow we become intimately acquainted with the enchanting adventure sagas of the Ramola clan the Ramola Gathas the romantic ballads Malushahi and Haru Heet the tale of Chyongompa the demon bird and the simple stories imbued with faith of local gods and goddesses like Golu Dev and Devmangala among others **Where Gods Dwell** not only allows us to savour the stories of the hills resonating with the cheerful cadences of mountain streams and the dark silence of the forests but also offers us a rare glimpse of the culture life and society of the people of the region whose lives are shaped by the rugged terrain they inhabit and who revere the mountains on which they make their home Recasting Folk in the Himalayas Stefan Fiol, 2017-09-11 Colonialist nationalist and regionalist ideologies have profoundly influenced folk music and related musical practices among the Garhwali and Kumaoni of Uttarakhand Stefan Fiol blends historical and ethnographic approaches to unlock these influences and explore a paradox how the folk designation can alternately identify a universal stage of humanity or denote alterity and subordination Fiol explores the lives and work of Garhwali artists who produce folk music These musicians create art as both a discursive idea and as a set of expressive practices across strikingly different historical and cultural settings Juxtaposing performance contexts in Himalayan villages with Delhi recording studios Fiol shows how the practices have emerged within and between sites of contrasting values and expectations Throughout Fiol presents the varying perspectives and complex lives of the

upper caste upper class male performers spearheading the processes of folklorization But he also charts their resonance with and collision against the perspectives of the women and hereditary musicians most affected by the processes Expertly observed Recasting Folk in the Himalayas offers an engaging immersion in a little studied musical milieu Folktales of Newfoundland (RLE Folklore) Herbert Halpert, J.D.A. Widdowson, 2015-02-20 This collection of Newfoundland folk narratives first published in 1996 grew out of extensive fieldwork in folk culture in the province The intention was to collect as broad a spectrum of traditional material as possible and Folktales of Newfoundland is notable not only for the number and quality of its narratives but also for the format in which they are presented A special transcription system conveys to the reader the accents and rhythms of each performance and the endnote to each tale features an analysis of the narrator's language In addition Newfoundland has preserved many aspects of English and Irish folk tradition some of which are no longer active in the countries of their origin Working from the premise that traditions virtually unknown in England might still survive in active form in Newfoundland the researchers set out to discover if this was in fact the case
