the Masonic influences which George Washington brought to bear on the layout of Washington D C In this second book of his Key trilogy Robert Lomas has used Masonic rituals and Washington s own diaries to uncover the symbolic reasoning behind the positioning of the White House and the Capitol and in the process he disposes of many anti Masonic urban myths This exciting and authoritative detective story then investigates the sources of creative behavior to reveal a hitherto unsuspected Secret Science of Masonic Astrology which underpinned Washington s actions The builders of Washington DC knew a great secret about the human condition In Turning the Solomon Key scientist and Masonic expert Robert Lomas explains exactly what it was Turning the Solomon Key at its heart explains why high achieving individuals share certain astrological characteristics and why the Freemasons who founded our nation planned Washington D C the way they did The Hiram Key Christopher Knight,Robert Lomas,1997 Character Counts Michael Glenn Maness,2010-12 From Blood to Compassion Peter J. Sell,2007 Have you ever wondered How the Knights Templar was created Why they frightened the Church so much with their secrets Or why they were destroyed and evolved into modern day Freemasonry Well this is a very readable account of the complete history of the founding of the Knights Templar Why they were formed What the treasure was that they found and why it frightened the church so much How they were destroyed and who destroyed them and how they formed into the present day Freemasons Written by a Freemason who has tried to understand all the Masonic Orders and their ceremonies that he has joined The interpretations of which gives a very enlightening insight into politics and religion of the last 3000 years The hypothesis on the treasure is something that is not currently in the public domain and is entirely new The Art and Ideology of the Trade Union Emblem, 1850-1925 Annie Ravenhill-Johnson,2014-11-01 The Art and Ideology of the Trade Union Emblem 1850 1925 is a groundbreaking book that considers trade union emblems and banners as art objects in their own right It studies their commissioning their designers and the social conditions and gender relations that they knowingly or unwittingly reveal The volume celebrates working class culture and shows how it could be both innovative and derivative Annie Ravenhill Johnson s exploration of the artistry of the emblems the art of and for the toiling masses sets these images of labour in their historical cultural and ideological context **The Hiram Key Revisited** Christopher Knight,Alan Butler,2014-04-08 THE MOST COMPREHENSIVE AND COMPELLING BOOK EVER WRITTEN ABOUT THE SECRET SOCIETY THAT SHAPED THE MODERN WORLD Freemasonry with its arcane rituals occult symbols and labyrinthine hierarchy has mystified the outside world for centuries But it has become apparent that even the most senior Freemasons do not understand its ancient origins or purpose So what is this powerful and arcane organization really for In this eye opening account two seasoned researchers show that today s Freemasons are the spiritual descendants of an ancient priesthood that was forced to act in secrecy They predicted the birth of the coming Messiah and Jesus Christ was part of their mission Soon after the Crucifixion they were nearly wiped out by a program of mass genocide conducted by the Romans later in feudal Europe they grew to a position of unparalleled power before being branded as heretics and forced

underground But they could not be stopped and they continued to work in subtle sometimes subversive always anonymous ways to pursue their objective a new world order that put God above and yet out of human affairs The Art and Ideology of the Trade Union Emblem, 1850/1925 Annie Ravenhill-Johnson, 2013-06-01 The Art and Ideology of the Trade Union Emblem 1850 1925 is a groundbreaking book that considers trade union emblems and banners as art objects in their own right It studies their commissioning their designers and the social conditions and gender relations that they knowingly or unwittingly reveal The volume celebrates working class culture and shows how it could be both innovative and derivative Annie Ravenhill Johnson s exploration of the artistry of the emblems the art of and for the toiling masses sets these images of labour in their historical cultural and ideological context *The Secrets of Freemasonry* Robert Lomas, 2011-09-01 Many people are curious about the existence of secret societies which claim to hold arcane religious or esoteric knowledge and pass it down through the generations via selected adepts Classic Masonic writers including William Preston Robert Gould JSM Ward AE Waite and WL Wilmshurst have written about secret traditions connected to the Temple of Sion Each has different ideas about how mystical knowledge came into Freemasonry Some say that the Charter of Larmenius reveals an underground line of Knight Templar Grand Masters who survived down to the nineteenth century All agree there is a Secret Lodge or House of Adepts who continue to teach true knowledge of the ancient mysteries and that The Craft transmits beliefs linked to the Earls of Rosslyn the Knights Templar and Lodge Mother Kilwinning Masonic expert Robert Lomas has collected together this thread of belief from old Masonic writers and rewritten it in modern English to make the ideas accessible to modern readers
