## Hiroshi Teshigahara:

*Hiroshi Teshigahara* Hiroshi Teshigahara, Hiroshi Teshigahara Hiroshi Teshigahara, 1966 *Hiroshi Teshigahara* Hiroshi Teshigahara, Kungnip Hyöndae Misulgwan, 1989 Hiroshi Teshigahara 65 Thompson Street (Gallery), Alan Jones, Hiroshi Teshigahara, 1990-03-01 *The Figure in Film* N. Roy Clifton, 1983 An application of the classical figures of speech to the criticism of the motion picture The author defines and illustrates each figure by literary analysis then presents the filmic analogies The occurrence in film of fantasy allegory and abstraction are also discussed *The Japanese Tea Ceremony - An Introduction* Kaeko Chiba, 2022-12-20 This book provides a comprehensive introduction to chado the Japanese tea ceremony Unlike other books on the subject which focus on practice or historical background or specific issues this book considers the subject from multiple perspectives It discusses Japanese aesthetics and philosophy outlines how the tea ceremony has developed emphasizing its strong links to Zen Buddhism and the impact of other religion influences and examines how chado reflects traditional gender and social status roles in Japan It goes on to set out fully the practice of chado exploring dress utensils location the garden and the tea house and the tea itself and accompanying sweets Throughout the book is illustrated both with images and with examples of practice The book will be of interest to a wide range of people interested in chado university professors and students tourists and people interested in traditional Japanese arts *Hiroshi Teshigahara, works 1978-1987* Yoshiaki Inui, 1987 **Radicals and Realists in the Japanese Nonverbal Arts** Thomas R. H. Havens, 2006-07-31 *Radicals and Realists* is the first book in any language to discuss Japan's avant garde artists their work and the historical environment in which they produced it during the two most creative decades of the twentieth century the 1950s and 1960s Many of the artists were radicals rebelling against existing canons and established authority Yet at the same time they were realists in choosing concrete materials sounds and themes from everyday life for their art and in gradually adopting tactics of protest or resistance through accommodation rather than confrontation Whatever the means of expression the production of art was never devoid of historical context or political implication Focusing on the nonverbal genres of painting sculpture dance choreography and music composition this work shows that generational and political differences not artistic doctrines largely account for the divergent stances artists took vis a vis modernism the international arts community Japan's ties to the United States and the alliance of corporate and bureaucratic interests that solidified in Japan during the 1960s After surveying censorship and arts policy during the American occupation of Japan 1945 1952 the narrative divides into two chronological sections dealing with the 1950s and 1960s bisected by the rise of an artistic underground in Shinjuku and the security treaty crisis of May 1960 The first section treats Japanese artists who studied abroad as well as the vast and varied experiments in each of the nonverbal avant garde arts that took place within Japan during the 1950s after long years of artistic insularity and near stasis throughout war and occupation Chief among the intellectuals who stimulated experimentation were the art critic Takiguchi Shuzo the painter Okamoto Taro and the

businessman painter Yoshihara Jiro The second section addresses the multifront assault on formalism confusingly known as anti art led by visual artists nationwide Likewise composers of both Western style and contemporary Japanese style music increasingly chose everyday themes from folk music and the premodern musical repertoire for their new presentations Avant garde print makers sculptors and choreographers similarly moved beyond the modern and modernism in their work A later chapter examines the artistic apex of the postwar period Osaka s 1970 world exposition where more avant garde music painting sculpture and dance were on display than at any other point in Japan s history before or since Radicals and Realists is based on extensive archival research numerous concerts performances and exhibits and exclusive interviews with more than fifty leading choreographers composers painters sculptors and critics active during those two innovative decades Its accessible prose and lucid analysis recommend it to a wide readership including those interested in modern Japanese art and culture as well as the history of the postwar years

**The Toho Studios Story** Stuart Galbraith IV, 2008-05-16 Since its inception in 1933 Toho Co Ltd Japan s most famous movie production company and distributor has produced and or distributed some of the most notable films ever to come out of Asia including Seven Samurai Godzilla When a Woman Ascends the Stairs Kwaidan Woman in the Dunes Ran Shall We Dance Ringu and Spirited Away While the western world often defines Toho by its iconic classics which include the Godzilla franchise and many of the greatest films of the legendary director Akira Kurosawa and actor Toshiro Mifune these pictures represent but a tiny fraction of Toho s rich history The Toho Studios Story A History and Complete Filmography provides a complete picture of every Toho feature the Japanese studio produced and released as well as foreign films that it distributed during its first 75 years Presented chronologically each entry in the filmography includes where applicable the original Japanese title a direct translation of that title the film s international U S release and alternate titles production credits including each film s producers director screenwriters cinematographers art directors and composers among others casts with character names production companies technical specs running times and release dates U S release data including distributor whether the film was released subtitled or dubbed and alternate versions domestic and international awards and plot synopses

**Understanding Film** James R Russo, 2021-01-12 This film analysis textbook contains sixteen essays on historically significant artistically superior films released between 1922 and 1982 Written for college high school and university students the essays cover central issues raised in todays cinema courses and provide students with practical models to help them improve their own writing and analytical skills This film casebook is geographically diverse with eight countries represented Italy France the United States Russia Germany Great Britain Japan and India The essays sophisticated yet not overly technical or jargon heavy are perfect introductions to their respective films as well as important contributions to the field of film studies in general The books critical apparatus features credits images and bibliographies for all films discussed filmographies for the directors a glossary of film terms the elements of film analysis a chronology of film theory and criticism topics for writing and discussion a

bibliography of film criticism and a comprehensive index *Understanding Film A Viewers Guide* bucks the trend of current film analysis texts few of which contain actual film analyses by promoting analysis of the chosen films alongside the methods and techniques of film analysis It has been prepared as a primary text for courses in film analysis and a supplementary text for courses such as Introduction to Film or Film Appreciation History of Film or Survey of Cinema and Film Directors or Film Style and Imagination Contemporary Japanese Film Mark Schilling,1999-11-01 This comprehensive look at Japanese cinema in the 1990s includes nearly four hundred reviews of individual films and a dozen interviews and profiles of leading directors and producers Interpretive essays provide an overview of some of the key issues and themes of the decade and provide background and context for the treatment of individual films and artists In Mark Schilling s view Japanese film is presently in a period of creative ferment with a lively independent sector challenging the conventions of the industry mainstream Younger filmmakers are rejecting the stale formulas that have long characterized major studio releases reaching out to new influences from other media television comics music videos and even computer games and from both the West and other Asian cultures In the process they are creating fresh and exciting films that range from the meditative to the manic offering hope that Japanese film will not only survive but thrive as it enters the new millennium *Japanese Horror and the Transnational Cinema of Sensations* Steven T. Brown,2018-02-05 Japanese Horror and the Transnational Cinema of Sensations undertakes a critical reassessment of Japanese horror cinema by attending to its intermediality and transnational hybridity in relation to world horror cinema Neither a conventional film history nor a thematic survey of Japanese horror cinema this study offers a transnational analysis of selected films from new angles that shed light on previously ignored aspects of the genre including sound design framing techniques and lighting as well as the slow attack and long release times of J horror s slow burn style which have contributed significantly to the development of its dread filled cinema of sensations

Living Carelessly in Tokyo and Elsewhere John Nathan,2008-03-18 John Nathan arrived in Tokyo in 1961 fresh out of Harvard College bringing with him no practical experience no more than two connections no prospects and little else to recommend him but stoic unflappable pluck Japan at that time was still in the shadow of the Occupation and only a handful of foreigners were studying the country seriously Two years later Nathan became the first American to pass the entrance exams to the best school in Japan the University of Tokyo He went on to translate two of Japan s greatest contemporary writers Yukio Mishima and Nobel laureate Kenzaburo and direct several series of films in and about Japan in collaboration with world famous directors and businesses earn an advanced degree at Harvard and a professorship at Princeton and become a Hollywood screenwriter Nathan was given unprecedented access to the inner sanctum of Sony for his book *Sony The Private Life* and he explored the damaged psyche of postbubble Japan in his acclaimed *Japan Unbound* During his decades of passionate engagement with Japan Nathan became close friends with many of the most gifted people in the land politicians and business leaders as well as painters novelists directors rock stars and movie stars and was privileged to travel in their

very special company inside domains of Japanese life not normally open to foreigners then or now In his unique chronicle of that journey *Living Carelessly in Tokyo and Elsewhere* he details the adventures sublime profane and uproarious many of a distinctly Japanese nature that characterized his career which was singular in its success as much as in its chaos Along the way he brings the most exciting era in recent Japanese history vividly into focus with wry humor penetrating insight and pathos John Nathan is not the only foreigner to have developed a rich full deeply nuanced understanding of Japan But his experiences are certainly extraordinary and in fact irreproducible and his memoir is the most personally satisfying story yet told of Japan and elsewhere From Nathan s lifetime of wisdom compassion and brazen resolve we learn the value of traveling within our own mental and emotional borders as well as without the many places we call home

**Regarding the real** Des O'Rawe,2016-01-01 *Regarding the real* develops an original approach to documentary film focusing on its aesthetic relations to visual arts such as animation assemblage photography painting and architecture Throughout the book considers the work of figures whose preferred film language is associative and fragmentary and for whom the documentary is an endlessly open form an unstable expressive phenomenon that cannot help but interrogate its own narratives and intentions Combining close analysis with cultural history the book re assesses the influence of the modern arts in subverting structures of realism typically associated with the documentary In the course of its discussion it charts a fascinating path that leads from Len Lye to Hiroshi Teshigahara and includes along the way figures such as Joseph Cornell Johan van der Keuken William Klein Jean Luc Godard Jonas Mekas and Raymond Depardon

**Soil and Culture** Edward R. Landa,Christian Feller,2010-01-28 *SOIL* beneath our feet food and fiber ashes to ashes dust to dust dirt Soil has been called the final frontier of environmental research The critical role of soil in biogeochemical processes is tied to its properties and place porous structured and spatially variable it serves as a conduit buffer and transformer of water solutes and gases Yet what is complex life giving and sacred to some is ordinary even ugly to others This is the enigma that is soil *Soil and Culture* explores the perception of soil in ancient traditional and modern societies It looks at the visual arts painting textiles sculpture architecture film comics and stamps prose poetry religion philosophy anthropology archaeology wine production health diet and disease warfare *Soil and Culture* explores high culture and popular culture from the paintings of Hieronymus Bosch to the films of Steve McQueen It looks at ancient societies and contemporary artists Contributors from a variety of disciplines delve into the mind of Carl Jung and the bellies of soil eaters and explore Chinese paintings African mud cloths Mayan rituals Japanese films French comic strips and Russian poetry

**Kafkaesque Cinema** Angelos Koutsourakis,2024-05-31 For all its familiarity as a widely used term e *Kafkaesque cinema* remains an often baffling concept that is poorly understood by film scholars Taking a cue from Jorge Luis Borges point that Kafka has modified our conception of past and future artists and Andre Bazin s suggestion that literary concepts and styles can exceed authors and e novels from which they emanate this monograph proposes a comprehensive examination of *Kafkaesque Cinema* in order to understand it as part of a transnational cinematic tradition

rooted in Kafka's critique of modernity which however extends beyond the Bohemian author's work and his historical experiences. Drawing on a range of disciplines in the Humanities including film, literary and theatre studies, critical theory and history, *Kafkaesque Cinema* will be the first full-length study of the subject and will be a useful resource for scholars and students interested in film theory, World Cinema, World Literature and politics and representation.

**The Complete Index to Literary Sources in Film** Alan Goble, 2011-09-08. No detailed description available for *The Complete Index to Literary Sources in Film*.

[The Paths of Zatoichi](#) Jonathan Wroot, 2021-10-01. *The Paths of Zatoichi* charts the history and influence of the Japanese film and television franchise about Zatoichi, the blind swordsman. The franchise is comprised of 29 films and 100 TV episodes starring the famous Shintaro Katsu, who starred in 26 of the 29 feature films. They all follow the adventures of a blind masseur in medieval Japan who wanders from village to village and often has to defend himself with his deadly sword skills. The first film was released in 1962 and the most recent in 2010. These dates demonstrate how the franchise can be used as a means of charting Japanese cinema history via the shifts in production practices and audience preferences which affected the Zatoichi series and numerous other film and TV texts. Zatoichi signifies a huge area of Japanese film history which has largely been ignored in much existing scholarly research and yet it can reveal much about the appeal of long-running characters, franchises and their constant adaptation and influence within global popular culture.

[Noguchi East and West](#) Dore Ashton, 1993-09. An art history professor and author or editor of 30 books on art and culture maps the life of Japanese American sculptor and designer Isamu Noguchi, 1904-1988, and his spiritual journey both in the events of his life and in the milestones of his art: the sculptures, gardens, public spaces and stage decors that gained force and significance from Noguchi's double heritage.

**Mechademia 9** Frenchy Lunning, 2014-11-15. If the source of manga and anime is physically located in Japan, the temptation for many critics and scholars is to ask what aspects of Japanese culture and history gave rise to these media. This ninth volume of *Mechademia*, an annual collection of critical work on anime and manga, challenges the tendency to answer the question of origins by reductively generalizing and essentializing Japaneseness. The essays brought together in *Mechademia 9* lead us to understand the extent to which Japan might be seen as an idea generated by anime, manga and other texts rather than the other way around. What is it that manga and anime produce that no other medium can precisely duplicate? Is anime its own medium or a genre of animation or something in between? And how must we adapt existing critical modes in order to read these new kinds of texts? While the authors begin with similar questions about the roots of Japanese popular culture and media, they invoke a wide range of theoretical work in the search for answers, including feminist criticism, disability studies, poststructuralist textual criticism, postcolonialism, art history, film theory, phenomenology and more. Richly provocative and insightful, *Mechademia 9* both enacts and resists the pursuit of fixed starting points, inspiring further creative investigation of this global artistic phenomenon.
