Fuji Andrew W. Bernstein, 2025-09-23 A biography of Mt Fuji from 17 000 years ago until today Provided by publisher

Beyond the Great Wave James King, 2010 The Japanese landscape print has had a tremendous influence on Western art of the nineteenth and twentieth centuries In Japan and in the West it is often seen as the dominant form in Ukiyo-e pictures from the floating world And yet for all its importance it is a genre whose history has never been written Beyond The Great Wave is a survey or overview for all those interested in discovering the inner dynamics of one of art history's most remarkable achievements However it is also a quest narrative in which landscapes and notions of Japan as a homeland are intertwined and interconnected Although there has never been a book length study of the Japanese landscape print in either Japanese or English a great deal has been written about the two giants of the genre Hokusai and Hiroshige From what traditions did these two nineteenth century artists emerge Who were their predecessors What influence

if any did they have on other Ukiyo e artists Can their influence be seen in the shin hanga and saku hanga artists of the twentieth century This book addresses these issues but it also looks at a number of other factors such as the growth of tourism in nineteenth century Japan necessary for understanding this genre **One Hundred Views of Mt. Fuji** Hokusai Katsushika,1988 Considered Hokusai s masterpiece this series of images which first appeared in the 1830s in three small volumes captures the simple elegant shape of Mount Fuji from every angle and in every context The Japan Magazine,1910 **Artists, Writers, and Musicians** Michel-Andre Bossy,Thomas Brothers,John Craig McEnroe,2001-10-30 Disney s animated trailblazing Dostoyevsky s philosophical neuroses Hendrix s electric haze Hitchcock s masterful manipulation Frida Kahlo s scarifying portraits Van Gogh s vigorous color and Virginia Woolf s modern feminism this multicultural reference tool examines 200 artists writers and musicians from around the world Detailed biographical essays place them in a broad historical context showing how their luminous achievements influenced and guided contemporary and future generations shaped the internal and external perceptions of their craft and met the sensibilities of their audience *Block Printing & Book Illustration in Japan* Louise Norton Brown,2024-12-06 Block Printing Book Illustration in Japan 1924 was one of the first guides to Japanese illustration and remains indispensable to this day The author travelled widely in Japan persuading Japanese collectors to open their archives to her for study and here compiles a wealth of unique research **Keisai Eisen A Tokaido Board Game of Courtesans Fifty-three Pairings in the Yoshiwara** Cristina Berna,Eric Thomsen,2024-08-01 Keisai Eisen 1790 1848 is especially known for his bijin ga pretty women and landscapes He is well known for his participation in the series 69 stations of the Nakasendo together with Hiroshige The series A Tokaido Board Game of Courtesans Fifty three Pairings in the Yoshiwara use the Tokaido with landscape inserts as an excuse for showing courtesans and geisha bijin ga to skirt the censorship It was published 1821 1823 His bijin ga are considered to be masterpieces of the decadent Bunsei Era 1818 1830 Most of them have impressive hairdo with many ornamental hairpins and combs Their dress is extravagant with beautiful patterns and sublime embroideries Their faces are elongated squares with long noses and small pouted painted mouths Courtesans were desirable for their rich and splendid attire not so much for their beauty and their names were actually like trademarks for a series of girls performing the same name role with the brothel in question *Cent vues celebres d'Edo* Melanie Trede,Lorenz Bichler,2007 Mr Renny s paintings are so good that they almost appear real But no one seems to pay them any attention until a strange man offers to make everything that Mr Renny paints come to life First there s the painting of the apple which Mr Renny can now eat Then there s a huge hotdog a new car a cruise liner Mr Renny paints himself a life of luxury until his friend Rose comes to ask if she can buy one of his paintings But he doesn t have any real paintings left The spell must be broken and soon A book containing subtle references to the work of Belgian surrealist Ren Magritte the illustrations are full of clever and amusing details *The Transnational Beat Generation* N. Grace,2012-03-15 This collection maps the Beat Generation movement exploring American Beat writers alongside parallel

movements in other countries that shared a critique of global capitalism Ranging from the immediate post World War II period and continuing into the 1990s the essays illustrate Beat participation in the global circulation of a poetics of dissent

Frank Lloyd Wright and Japan Kevin Nute,2000 Looks at Wright s formal and philosophical debt to Japanese art and architecture Eight areas of influence are examined in detail from Japanese prints to specific individuals and publications and are illustrated with text and drawn analyses **Tokyo and Venice as Cities on Water** Rosa Caroli,Stefano

Soriani,2023-12-20 Like other cities on water Tokyo and Venice are characterised by intrinsic fragility resulting from the combined work of the continuous emergence of technological economic social and environmental forces which affect the urban structure and landscape Their tangible and intangible material and immaterial heritage can play a fundamental role in both maintaining their peculiar maritime identity and defining a future vision for the city Accordingly this volume focuses on how the rediscovery of water from both architectural and cultural points of view as well as the preservation of the historical and local character of the use of water can contribute to new forms of resilience The contributions from scholars experts and practitioners in various disciplines from the social sciences and humanities to architecture and urban planning that are brought together in this volume help to clarify the basic importance of maintaining and preserving the distinctive identity of two paradigmatic cases of cities on water 1,000 Books to Read Before You Die James Mustich,2018-10-02 The ultimate

Defensive Positions Noell Wilson,2020-05-11 Defensive Positions focuses on the role of regional domains in early modern Japan s coastal defense shedding new light on this system s development This examination in turn has significant long term political implications for the involvement of those domains in

Tokugawa state formation Noell Wilson argues that domainal autonomy in executing maritime defense slowly escalated over the course of the Tokugawa period to the point where the daimyo ultimately challenged Tokugawa authorities as the primary military interface with the outside world By first exploring localized maritime defense at Nagasaki and then comparing its organization with those of the Yokohama and Hakodate harbors during the treaty port era Wilson identifies new core systemic sources for the collapse of the shogunate s control of the monopoly on violence Her insightful analysis reveals how the previously unexamined system of domain managed coastal defense comprised a critical third element in addition to trade and diplomacy of Tokugawa external relations Domainal control of coastal defense exacerbated the shogunate s inability to respond to important military and political challenges as Japan transitioned from an early modern system of parcelized local maritime defense to one of centralized national security as embraced by world powers in the nineteenth century
