Géopolitique de l'Italie Bruno Teissier,1996 La question de la géopolitique de l'Italie est axée autour de trois thèmes l'environnement bouleversé par la chute des régimes communistes et le conflit yougoslave le renouvellement des lites politiques emporté par la déferlante des enquêtes anti corruption quelle forme d'Etat adopter plus de centralisme ou plus présidentielle et comment se positionner dans l'Europe

The French and Italian Communist Parties Cyrille Guiat,2004-08-02 Beginning with a review of the numerous studies that tend to emphasize the national societal dimension of the Italian and French communist parties Cyrille Guiat's book is a comparative study of the two parties from the early 1960s to the early 1980s

Legitimacy and Revolution in a Society of Masses M. F. N. Giglioli,2017-07-28 Questions surrounding the concept of legitimacy the force that keeps a polity together and whose absence causes it to shatter are possibly the most important concern of a study of politics M F N Giglioli examines the shift to a distinctly modern understanding of the concept in Continental Europe following the crisis of liberal rationalism in the late nineteenth century and the search for new ways of envisaging the determinants of collective action into the twentieth century The author examines certain aspects of the intellectual and political background of early twentieth

century theories of legitimacy elaborated by Max Weber and Antonio Gramsci These theories are interpreted as the outcome of a contested process of redefinition of the concept itself prompted by the social and political circumstances of the late nineteenth century such as economic modernization and the attempt to incorporate the working class into the political system This is the first book in a generation to offer a general reassessment of issues of legitimacy in political thought at the turn of the twentieth century It examines the development of the concept in France Italy and Germany during the half century or so following the Paris Commune It discusses six key critics of classical Victorian liberalism on the revolutionary Left and the conservative Right The political position and biography of each is a central focus of the study as the culture of the age was decisively shaped by reflection on the social role of intellectuals

Passage Fabrice Langrognet, 2022-03-03 The book is a sociocultural microhistory of migrants From the 1880s to the 1930s it traces the lives of the occupants of a housing complex located just north of the French capital in the heart of the Plaine Saint Denis Starting in the 1870s that industrial suburb became a magnet for working class migrants of diverse origins from within France and abroad The author examines how the inhabitants of that particular place identified themselves and others The study looks at the role played in the construction of social difference by interpersonal contacts institutional interactions and migration The objective of the book is to carry out an original experiment applying microhistorical methods to the history of modern migrations Beyond its own material history the tenement is an observation point it was deliberately selected for its high degree of demographic diversity which contrasts with the typical objects of the traditional ethnicity based scholarship on migration The micro lens allows for the reconstruction of the itineraries interactions and representations of the tenement s occupants in both their singularity and their structural context Through its many individual stories the book restores a degree of complexity that is often overlooked by historical accounts at broader levels

Crowds, Psychology, and Politics,

1871-1899 Jaap van Ginneken, 1992-07-31 Jaap van Ginneken's study explores the social and intellectual history of the emergence of crowd psychology in the late nineteenth century. Both the popular work of the French physician LeBon and his predecessors are shown to be influenced and closely connected with both the dramatic events and academic debates of their day.

L'Italie, un état sans nation? Manlio Graziano, 2007 Pour comprendre comment Silvio Berlusconi a pu accéder au pouvoir il ne faut pas étudier la vie et les œuvres du Cavaliere il faut étudier l'Italie. Une nation comme celle qui vit sur le territoire de la Péninsule peut se permettre plusieurs autobiographies. Le fascisme en fut une. L'Italie de don Camillo et Peppone ou le sentiment d'appartenance aux deux différentes subcultures comme on les a appelés prouvait sur le sentiment d'appartenance nationale en fut une autre. Le berlusconisme en est encore une autre. Pour comprendre ce qui les différencie il faut d'abord comprendre ce qui les unit. Les pages qui suivent ont l'ambition de contribuer cette compréhension. En effet l'auteur entreprend de suivre partir de la constitution du Royaume d'Italie en 1861 l'histoire des problèmes que les nombreuses classes dirigeantes du pays ont dû affronter fragmentation du pays héritages du passé mafias et potentats locaux influence de l'Église subordination constante aux intérêts des grandes puissances. La difficulté trouver une synthèse susceptible de cerner un intérêt national explique l'échec de toute tentative de donner aux Italiens une identité nationale. Ce récit sur l'Italie contemporaine ne se limite pas une description des phénomènes mais livre des clés de lecture des principales constantes et des quelques changements majeurs qui ont caractérisé l'Italie depuis sa naissance en 1861 jusqu'à la fin de la période berlusconienne et la très courte victoire électorale du centre gauche en avril 2006. Un rapide regard rétrospectif permet de retracer les racines de nombreuses spécificités de la vie italienne dans l'histoire antérieure de la Péninsule.

Garibaldi Pierre Milza, 2012-08-29 Originaire d'une famille de modestes marins et lui-même marin Garibaldi a choisi tout jeune de consacrer sa vie la cause de la liberté En Amérique latine d'abord où il a combattu pendant près de quinze ans au service des démocrates du Rio Grande do Sul et de l'Uruguay puis en Italie où ce guerrier a achevé de bâtir sa légende

Personnage aux multiples visages immortalisé par la chemise rouge qui fait de lui une cible vivante et que portent galemment ses compagnons d'armes Garibaldi restera jusqu'à sa mort et longtemps après encore le héros des Deux Mondes l'homme qui le plus a œuvré pour l'émancipation et pour l'unité de l'Italie avant de militer pour la paix entre les peuples et pour plus de justice sociale

Fidèle ses engagements et désireux d'acquitter la dette qu'il dit avoir contractée envers la France demi-infirmes et souffrant de douloureux rhumatismes articulaires il débarque Marseille avec quelques centaines de chemises rouges pour apporter ce qu'il reste de lui au gouvernement de la République et remporter Dijon l'un des rares combats victorieux livrés aux Prussiens par l'armée de la Défense nationale
