Philosophy Literature offers new definitions of modernism and postmodernism by presenting an original theoretical system of thought that explains the differences between these two key movements Taking a contrastive approach Peter V Zima identifies three key concepts in the relationship between modernism and postmodernism ambiguity ambivalence and indifference Zima defines modernism and postmodernism as problematics as opposed to aesthetics stylistics or ideologies Unlike modernism which is grounded in an increasing ambivalence towards social norms and values postmodernity is presented as an era of indifference i e of interchangeable norms values and perspectives Taking an historical interdisciplinary and intercultural approach that engages with Anglo American and European debates the book describes the transition from late modernist ambivalence to postmodern indifference in the contexts of philosophy literature and sociology This is the ideal guide to the relationship between modernism and postmodernism for students and scholars throughout the humanities *Disremembering the Dictatorship* Joan Ramon Resina,2000 Most accounts of the Spanish transition to democracy have been celebratory exercise rather than a project of reform This book strives to present memory as a performative exercise of democratic agents with different and necessarily fragmented recollections **La sociedad española en su literatura. humanidades y las ciencias sociales y políticas En el ámbito hispánico este giro afectivo lleva camino de reproducir otro fin de siglo como el que ya protagonizaron los intelectuales de 1898 Un siglo después tanto en las universidades españolas como en las anglosajonas nociones como desencanto trauma memoria y empatía informan prácticamente todos los análisis de la cultura española moderna desde la sanguinaria guerra civil y los casi cuarenta años de fascismo hasta la decepcionante transición a la democracia Santiago Morales interviene en este acercamiento sentimental a la historia y a la novelística de la transición recuperando los vínculos y tensiones que mantiene la noción de melancolía con la estética del humor negro en un corpus de obras de ficción escritas entre 1976 y 1998 Mediante una metodología que alterna entre el análisis cuidadoso de novelas de Javier Marías Gonzalo Torrente Ballester Cristina Fernández Cubas y Juan José Millás y el *distant reading* o el encuadre que coloca estos textos en una historia más amplia Anatomía del desencanto hace una crítica del lugar equivoco que ocupan en nuestra modernidad sentimientos en otro tiempo tan nobles y obstinados como el duelo el miedo la culpa y la compasión Mientras que otros estudiosos de la transición abundan en denunciar la persistencia ominosa del franquismo y la posguerra Santiago Morales ve en el humor negro de la melancolía una fórmula profundamente irónica un catalizador en el crecimiento creativo y moral de la narrativa española y una herramienta crítica fundamental para cambiar la educación sentimental contemporánea Escrito en español After the failure of the soixante huitards the collapse of European communism and the fall around 1989 of various dictatorships and revolutions in Latin America the sentimental approach to history is again reaping successes among the humanities and the social and political sciences In the Hispanic world this affective turn is on its way to repeating another fin de siècle like the one led by the intellectuals of 1898 A century later in both Spanish and Anglo Saxon universities notions such as disenchantment trauma memory and empathy inform virtually all the analyses of modern Spanish culture from the bloody Civil War and the nearly forty years of fascism that followed it to the disappointing transition to democracy Santiago Morales intervenes in this sentimental approach to history and to the novelistic production of the transition by recovering the links and tensions that the notion of melancholy maintains with the aesthetics of black humor in a corpus of fictional works written between 1976 and 1998 Through a methodology that alternates between the careful analysis of novels by Javier Marías Gonzalo Torrente Ballester Cristina Fernández Cubas and Juan José Millás and the distant reading or framing that places these texts in a broader history Anatomía del desencanto constructs a critique of the equivocal place held in our modern age by feelings that were in another time so noble and persistent such as grief fear guilt and compassion While other specialists who study the transition today agree in denouncing the ominous persistence of Francoism and the postwar ethos Santiago Morales sees a deeply ironic formula in the black humor of melancholy a catalyst in the creative and moral growth of Spanish narrative and a fundamental critical tool to change contemporary sentimental education Written entirely in Spanish

Culpables por la literatura Germán Labrador Méndez,2017-04-01 Han pasado cuarenta años de las elecciones de 1977 y el mito de la transición se ha desmoronado Pero sabemos lo que ocultaba Este libro plantea que entre 1968 y 1986 existió una ciudadanía luchando por una democracia real más allá del estado y los partidos y cuyas ideas a veces recuerdan a las del 15M En la contracultura política y cultura se unían radicalmente y la democracia era una nueva sensibilidad que lo afectaba todo el amor el trabajo los cuerpos el espacio público y el privado Aquella creatividad fue reprimida y cooptada política y cultura se dividieron e

institucionalizaron mediante la Constitución de 1978 y La Movida de los ochenta. Solo en el ámbito cotidiano la ruptura con el franquismo fue más nítida. Aunque hemos olvidado los elevados costes personales y sociales de aquellas luchas contraculturales que llevaron a la marginación de la juventud democrática, suicidios, enfermedades, heroína, hay una deuda de memoria con sus sucesos que este libro estudia a partir de las voces de sus protagonistas y usando la literatura como guía de una democracia por venir. Libro capital para comprender la crítica política de la transición a la luz de los nuevos sujetos históricos y las prácticas estéticas que emergieron durante este periodo capital de la reciente historia española. El estudio definitivo del proceso español de transición a la democracia desde una perspectiva cultural. **La Literatura española en 100**
