

The background of the cover is a painting of a two-story house with a dark roof and several windows. A large, gnarled tree trunk is visible on the right side, reaching upwards. The sky is a mix of orange and yellow, suggesting a sunset or sunrise. The overall color palette is warm and somewhat somber.

menos Tom que está a punto de cumplir doce años. Pero algo ocurre con sus hermanos pues mientras completan alguna de las emocionantes aventuras que les asigna el Ministerio de Relatos todos y cada uno de ellos desaparecen y no llegan a casa a tiempo para celebrar el cumpleaños de Tom. Ese mismo día recibe una carta del Ministerio de Relatos dirigida solo a Tom, deber aventurarse en el País de las Historias Fantásticas para salvar a sus hermanos ayudado por un joven elfo transformado en el cuervo Regocijo. Primera novela juvenil del conocido ilustrador Ian Beck de gran éxito en el mundo anglosajón cuyos libros han vendido más de un millón de ejemplares en todo el mundo. Es la primera parte de una trilogía. Se trata de un relato ingenioso. El padre de Tom fue el famoso Jack Matagigantes y las historias que comienzan los hermanos Trueheart y que Tom debe facilitar que terminen son La Bella Durmiente, Blancanieves, Cenicienta, Rapunzel, El príncipe Rana, Jack y las habichuelas mágicas. Por eso el lector que conoce los cuentos originales siente curiosidad por ver cómo se va enredando y desenredando todo. La narración respira buen humor y una leve ironía. Toda ella subraya la importancia de hacer las elecciones correctas en cada caso y de actuar con valor en la dificultad. Cada pocas páginas hay alguna ilustración silueteada con un estilo que recuerda los cuentos populares que ilustró Arthur Rackham o más recientemente Jan Pienkowski. Magical Realism and the Fantastic Amaryll Beatrice Chanady, 2019-10-01. Every reader of literature interprets the literary text on the basis of information they have acquired from previous reading and according to norms they have established either consciously or not with regard to a work of literature. In this study originally published in 1985 the author clarifies the concepts of magical realism and the fantastic and establishes a series of guidelines that will allow us to distinguish between the two similar yet independent modes. The reader will thus be able to identify the implicit framework upon which the author of the fantastic and of magical realism bases their text. Embracing the Beat of Appearance: An Emotional Symphony within **Historias Fantasticas**

In a world eaten by monitors and the ceaseless chatter of immediate interaction, the melodic splendor and mental symphony developed by the written term frequently fade into the back ground, eclipsed by the persistent noise and disruptions that permeate our lives. However, set within the pages of **Historias Fantasticas** a marvelous literary treasure brimming with natural feelings, lies an immersive symphony waiting to be embraced.
