Himalayan Blunder J. P. Dalvi, 1970 *Himalayan Blunder (The Curtain-raiser to the Sino-Indian War of 1962)* J. P. Dalvi, 1969 ***Himalayan Blunder. The Curtain-raiser to the Sino-Indian War of 1962 ... Foreword by Frank Moraes. (2nd Edition.)*** J. P. DALVI, 1969 *JFK's Forgotten Crisis* Bruce Riedel, 2015-10-27 Bruce Riedel provides new perspective and insights into Kennedy's forgotten crisis in the most dangerous days of the cold war. The Cuban Missile Crisis defined the presidency of John F Kennedy. But during the same week that the world stood transfixed by the possibility of nuclear war between the United States and the Soviet Union, Kennedy was also consumed by a war that has escaped history's attention yet still significantly reverberates today: the Sino-Indian conflict. As well-armed troops from the People's Republic of China surged into Indian-held territory in October 1962, Kennedy ordered an emergency airlift of supplies to the Indian army. He engaged in diplomatic talks that kept the neighboring Pakistanis out of the fighting. The conflict came to an end with a unilateral Chinese cease-fire, relieving Kennedy of a decision to intervene militarily in support of India. Bruce Riedel, a CIA and National Security Council veteran, provides the first full narrative of this crisis, which played out during the tense negotiations with Moscow over Cuba. He also describes another nearly forgotten episode of U.S. espionage during the war between India and China: secret U.S. support of Tibetan opposition to Chinese occupation of Tibet. He details how the United States, beginning in 1957, trained and parachuted Tibetan guerrillas into Tibet to fight Chinese military forces. The United States did not abandon this covert support until relations were normalized with China in the 1970s. Riedel tells this story of war, diplomacy, and covert action with authority and perspective. He draws on newly declassified letters between Kennedy and Indian leader Jawaharlal Nehru, along with the diaries and memoirs of key players and other sources, to make this the definitive account of JFK's forgotten crisis. This is Riedel writes Kennedy's finest hour as you have never read it before.

Outlook, 2008-08-25 *Kashmir's Untold Story* Iqbal Chand Malhotra, Maroof Raza, 2019-09-18 Why has this state of siege in the Kashmir valley continued for 72 years since the Partition of India? What role has Pakistan played in it all of these years? And will there ever be a resolution to the militancy in the state? How will Islamabad get the forces of Islamic jihad nurtured and based in Pakistan to ever reconcile to the existing boundaries of J & K? How important is the ownership of the waters of the rivers of the Indus system for Pakistan despite generous supplies under the Indus Waters Treaty in determining an end to the siege within Kashmir? What are China's interests in J & K and how does the success of the China-Pakistan Economic Corridor (CPEC) for oil and gas supplies hinge on Pakistan's occupation of northern areas of Kashmir? Why does the future survival and growth of the Chinese microchip industry depend upon the continuance of China's control of the waters and dams in the Indus river system? Kashmir's Untold Story Declassified provides answers to these gripping questions and joins the dots in presenting the matrix of a consistent and compelling argument regarding the future of the state of Jammu and Kashmir. Today the state's water resources are coveted by the beleaguered Chinese microchip industry and it appears

that this is going to determine the continuing militancy in the state Malhotra and Raza argue that China and its client Pakistan will actively back the militancy come what may Delving deeper the book also reveals amazing insights into the Government of India's policy towards the state right from 1889 when it first imposed central rule and dispossessed the rule of the then Maharaja till date Owing to its strategic location the intrigues within the state and the machinations of its neighbours have resulted in the government directly administering its affairs one way or the other for the last 130 years It is a riveting account of the history of Jammu and Kashmir from the time of its political and geographic consolidation under Maharaja Gulab Singh to present day India *UGC-NET/JRF/SET Political Science (Papers II and III)* S Chand Experts, The book is an effective resource for the preparation of Political Science papers of UGC NET JRF SET exams It contains MCQs on relevant topics such as Political Theory Comparative Politics Public Administration and International Relations The book is also a unique and well structured resource as a it can be used with any good textbook in undergraduate or postgraduate course b it can be used with any preparation system because it meshes with any lesson plan learning approach or teaching methodology and c it would help aspirants calculate their learning quotient and make their preparation and assessment better

India and the China Crisis Steven A. Hoffmann, 2024-07-26 The earliest accounts of the Sino Indian boundary dispute cast India as the victim of Chinese betrayal and expansionism but a more favorable image of China vis a vis India has appeared since the 1970s Since then China has been portrayed as the victim of India's self righteous intransigence with the 1962 India China war occurring because China was provoked into practicing a justifiable form of realpolitik These two seemingly irreconcilable academic schools of thought still exist In this case study of India's decision making between the years of 1959 and 1963 the critical first years of its border conflict with China Steven A Hoffmann takes an important step in reconciling the conflicting views of the crisis and of the ascribed reasons for the war that ensued in 1962 Drawing on interviews with Indian officials military officers and political leaders and on memoirs and other sources gathered during concentrated research in India England and North America between 1983 and 1986 the author provides previously unknown material on the perceptions and realities of Indian decision making A model for international crisis behavior as proposed by Michael Brecher is used to help establish a balanced treatment of information and offer insights into such questions as why India and China both failed to understand one another's frontier psychologies and strategies and why the Nehru government did not succeed in managing the conflict This richly detailed and carefully researched approach is invaluable in this time when India and China are once again exploring ways to establish a solid relationship This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990

India's Foreign Relations, 1947-2007 Jayanta Kumar Ray,2013-04-03 This book analyses India's relations with its neighbours China Pakistan Bangladesh Sri Lanka and other world powers USA UK and Russia over a span of 60 years It traces the roots of independent India's foreign policy from the Partition and its fallout its nascent years under Nehru and non alignment to the influence of economic liberalization and globalization The volume delves into the underlying reasons of persistent problems confronting India's foreign policy makers as well as foreign policy interface with defence and domestic policies This book will be indispensable to students scholars and teachers of South Asian studies international relations political science and modern Indian history 1962 P J S Sandhu,Vinay Shankar,G G Dwivedi,2015-08-06 The 1962 War was indeed a traumatic experience for the Indian arms The story from the Indian side is generally well known but very little is known about how the Chinese planned and orchestrated the entire campaign While India held a firm belief till the very end that China would not resort to a large scale military action the Chinese on the other hand had been preparing for it since

1959 Even though the writing was on the wall Indian Army allowed itself to be hustled into a war on those high Himalayas for which it was ill prepared a kind of hurtling towards a point of no return Based on the Chinese literature for the first time this book has been able to delve into the Chinese thought process their grand strategy and reconstruct various battles across the entire front from Chinese point of view of course tempered with what is known from authentic Indian sources It is a narrative that is designed to fill a great void that has existed all these years about the 1962 Indo China War China's India War Bertil Lintner,2018-01-25 The Sino Indian War of 1962 delivered a crushing defeat to India not only did the country suffer a loss of lives and a heavy blow to its pride the world began to see India as the provocateur of the war with China merely defending its territory This perception that China was largely the innocent victim of Nehru s hostile policies was put forth by journalist Neville Maxwell in his book India s China War which found readers in many opinion makers including Henry Kissinger and Richard Nixon For far too long Maxwell s narrative which sees India as the aggressor and China as the victim has held court Nearly 50 years after Maxwell s book Bertil Lintner s China s India War puts the border dispute into its rightful perspective Lintner argues that China began planning the war as early as 1959 and proposes that it was merely a small move in the larger strategic game that China was playing to become a world player one that it continues to play even today *The Unfought War of 1962* Raghav Sharan Sharma,2017-12-06 China s territorial disputes with India have been a matter of debate since 1950s While China has amicably resolved boundary disputes with twelve out of its fourteen neighbouring countries it is yet to resolve its boundary disputes with India and Bhutan as also its maritime disputes in the South China Sea and East China Sea This volume looks at the complex dynamics of India China boundary disputes which remains unresolved It is still the biggest challenge to the relations between the two countries From the Indian perspective securing Arunachal and the Indus Watershed is highly important From the Chinese point of view Karakoram and Xinjiang Tibet road must be respected Secondary issues have always occupied a central and pivotal focus in the relations between India and China This work also shows how British efforts to secure a defined and natural boundary began immediately after the creation of Jammu and Kashmir in 1846 after Amritsar treaty In the eastern sector such an effort began only in the first decade of twentieth century Relevant documents have been presented which examines the role of bureaucrats diplomats generals and surveyors It examines the treaties conventions correspondence as well as internal debates between changing British officials and their conflicting British policies Nehru refused Chou En Lai in 1960 which in turn led to the unilateralism in Chinese attitude after 1962 The volume breaks new ground by evaluating the differing policies and explains how a secured boundary can ultimately be agreed upon Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *Modern India & Indian National Movement* YCT EXPERT TEAM, 2021-22 ALL IAS PCS Modern India Indian National Movement General Studies **Classified: Hidden Truths in the ISRO Spy Story J.** Rajasekharan Nair,2022-01-14 Did you know that the CIA had sabotaged ISRO s top secret operation to transfer cryogenic
