Backward at Swindles (Classic Reprint) John J. Dillon, 2017-12-19 Excerpt from *Hind Sights or Looking Backward at Swindles* The first business transaction that I can remember was the shipment of a fat calf by my own father With two children in the family for every cow that calf could not be fattened with out sacrifice The price of a fat calf would not go far in the wants of a modern family of our proportion but to us at that time it seemed like affluence We had the joy of anticipation to the fullest extent but the realization never materialized After long and patient waiting the return came with the information that the calf did not bring enough to pay charges but under the circumstances no bill was sent for the difference I believe that the Publisher s Desk was conceived in that experience Any way the incident has always been a Vivid recollection and it has served as an inspiration to defend shippers interests whenever it is possible to do so through The Rural new yorker About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Hind-Sights or Looking Backward at Swindles** John J. from *Hind Sights or Looking Backward at Swindles* The first business transaction that I can remember was the shipment of a fat calf by my own father With two children in the family for every cow that calf could not be fattened without sacrifice The price of a fat calf would not go far in the wants of a modern family of our proportion but to us at that time it seemed like affluence We had the joy of anticipation to the fullest extent but the realization never materialized After long and patient waiting the return came with the information that the calf did not bring enough to pay charges but under the circumstances no bill was sent for the difference I believe that the Publisher s Desk was conceived in that experience Anyway the incident has always been a vivid recollection and it has served as an inspiration to defend shippers interests whenever it is possible to do so through The Rural New Yorker It is often impossible to get returns for farmers after the goods or the dollar has passed into the hands of rogues We sometimes succeed but we realize better results in exposing the earmarks of fraud so that our

people can recognize and avoid them While we are constantly besieged by schemers plotting to rob us of our produce and our savings we must remember the great mass of the people are honest and business men generally give 100 cents value for the dollar It is the unusual that impress us most We forget the honest bargain but remember every time we are stung Yet overconfidence is even more dangerous than undeserved suspicion We are entitled to full and definite details of a business in which we are urged to invest our money and no honest man will object to furnishing evidence of his identity and financial ability when applying for credit Following the lure of thieves is not fascinating pastime It would have been a pleasanter task to follow the notable achievements of honest men and the development of legitimate business but the fascination of these subjects inspires expression in many places and in numerous ways We have followed in the wake of disagreeable company in the hope of throwing light on their operations in time to save a marked victim We confess to no sympathy with rogues yet we have not taken up the subject to correct or punish them Our object is to protect the savings of country people We have no other purpose About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Invested Paul Crosthwaite, Peter Knight, Nicky Marsh, Helen Paul, 2022-12-21 Invested examines the perennial and nefarious appeal of financial advice manuals Who hasn't wished for a surefire formula for riches and a ticket to the good life For three centuries investment advisers of all kinds legit and otherwise have guaranteed that they alone can illuminate the golden pathway to prosperity despite strong evidence to the contrary In fact too often they are singing a siren song of devastation And yet we keep listening Invested tells the story of how the genre of investment advice developed and grew in the United Kingdom and the United States from its origins in the eighteenth century through today as it saturates our world The authors analyze centuries of books TV shows blogs and more all promising techniques for amateur investors to master the ways of the market from Thomas Mortimer's pathbreaking 1761 work Every Man His Own Broker through the Gilded Age explosion of sensationalist investment manuals the early twentieth century emergence of a vernacular financial science and the more recent convergence of self help and personal finance Invested asks why in the absence of evidence that such advice reliably works guides to the stock market have remained perennially popular The authors argue that the appeal of popular investment advice lies in its promise to level the playing field giving outsiders the privileged information of insiders As Invested persuasively shows the fantasies sold by these writings are damaging and deceptive peddling unrealistic visions of easy profits and the certainty of success while trying to hide the fact that there is no formula for avoiding life's economic uncertainties and calamities
