Teeter, 1928 *Histoire anonyme de la première croisade*, 2007 *Histoire anonyme de la première croisade* Louis Bréhier, 1924 *La première croisade* Jean Flori, 2001 J. Flori s'est attaché à restituer les mentalités des hommes de l'époque où la jeune Europe commence à prendre conscience d'elle-même et de ses forces face à l'Islam et s'engage dans la conquête du monde forgeant pour elle de nombreux schèmes l'idéologie occidentale *Les narrateurs de la première croisade* Nicolae Iorga, 1928 **Histoire anonyme de la première croisade**, 1964 Robert the Monk's History of the First Crusade Carol Sweetenham, 2017-09-19 This is the first English translation of Robert the Monk's *Historia Iherosolimitana* a Latin prose chronicle describing the First Crusade In addition to providing new and unique information on the Crusade Robert claims to have been an eyewitness of the Council of Clermont in 1095 its particular interest lies in the great popularity it enjoyed in the Middle Ages The text has close links with the vernacular literary tradition and is written in a racy style which would not disgrace a modern tabloid journalist Its reflection of contemporary legends and anecdotes gives us insights into perceptions of the Crusade at that time and opens up interesting perspectives onto the relationship of history and fiction in the twelfth century The introduction discusses what we know about Robert his importance as a historical source and his place in the literary tradition of the First Crusade **A History of the Crusades, Volume V** Kenneth M. Setton, Norman P. Zacour, Harry W. Hazard, 1985-09 This work contains information and analysis of the history politics economics and culture of the medieval world The six volumes stand as a history of the Crusades spanning five centuries encompassing Jewish Muslim and Christian perspectives *Crusades* Benjamin Z. Smith, Georg Strack, 2023-02-17 This book bridges Japanese and European scholarly approaches to ecclesiastical history to provide new insights into how the papacy conceptualised its authority and attempted to realise and communicate that authority in ecclesiastical and secular spheres across Christendom Adopting a broad yet cohesive temporal and geographical approach that spans the Early to the Late Middle Ages from Europe to Asia the book focuses on the different media used to represent authority the structures through which authority was channelled and the restrictions that popes faced in so doing and the less certain expression of papal authority on the edges of Christendom Through twelve chapters that encompass key topics such as anti popes artistic representations preaching heresy the crusades and mission and the East this interdisciplinary volume brings new perspectives to bear on the medieval papacy The book demonstrates that the communication of papal authority was a two way process effected by the popes and their supporters but also by their enemies who helped to shape concepts of ecclesiastical power *Communicating Papal Authority in the Middle Ages* will appeal to researchers and students alike interested in the relationships between the papacy and medieval society and the ways in which the papacy negotiated and expressed its authority in Europe and beyond

La Chanson de Roland and the French medieval epic in general **The Deeds of the Franks and Other Jerusalem-Bound Pilgrims** Nirmal Dass,2011-09-16 This new translation offers a faithful yet accessible English language rendering of the twelfth century Gesta Francorum et aliorum Hierosolomitanae the earliest known Latin account of the First Crusade Although an anonymous work it has become the exemplar for all later histories and retellings of the First Crusade As such it is filled with vivid descriptions of the hardships suffered by the crusaders with deeds of personal heroism with courtly intrigues with betrayal and cowardice and with a relentless faith that would see the attainment of the desired goal the capture of Jerusalem by the crusaders in 1099 There is a great deal of mystery surrounding this anonymous account especially in regard to its authorship place date and purpose of composition narrative methodology and point of view It is also a sweeping tale that swiftly moves from the first preaching of the crusade by Pope Urban II to the ragtag and ultimately doomed effort of the popular People's Crusade and then the more disciplined and concerted campaign by the French and Norman nobility that led to the conquest of the Holy Land by the crusaders Based on the latest scholarly research including a substantive introduction that explores the questions surrounding the Gesta and its historical context this definitive translation will bring the First Crusade and its era to life for all readers **The Crusades and Nature** Jessalynn L. Bird,Elizabeth Lapina,2024-07-31 The Crusades and Nature Natural and Supernatural Environments in the Middle Ages explores the intersection of crusader studies and studies of nature The volume addresses encounters with responses to and representations of a broad variety of phenomena celestial objects and events familiar and unfamiliar fauna and flora seascapes and landscapes the elements and the seasons etc It introduces readers to crusaders actual but also largely or entirely imaginary encounters with natural phenomena as well as literary references to nature in crusader sources more generally such as for example animal metaphors Finally this project investigates the relationships between the natural and the supernatural and between nature and human made environments The volume will define crusades broadly to include not only crusades to the East but also crusades to frontier regions such as the Baltic and Iberian peninsula and extends to representations of crusades and nature in later medieval and early modern sources **The Deeds of God Through the Franks** Nogent of Guibert,2020-07-16 Reproduction of the original The Deeds of God Through the Franks by Nogent of Guibert **Constantinople to Córdoba** Michael Greenhalgh,2012-08-01 A survey of the various ways in which the extensive remains of ancient architecture were reused or destroyed in the crescent from Greece and Turkey through Syria Palestine North Africa to Islamic Spain The book complements and echoes some of the themes in the author's Marble Past Monumental Present 2009 Offering a large number of varied examples it examines how the ancient landscape was transformed towns roads and ports fountains and waterways tombs palaces villas and inscriptions It then addresses reuse in churches mosques and other structures dealing also with collectors and museum builders Also considered are the dismantling and transport of the often massive blocks and the superstitions surrounding antiquities which contributed to their continuing renown or to

their destruction
