history Through a detailed account of Foucault's work and its relation to the history of ideas Philip Barker shows how that history can be usefully reconceptualised using Foucault's concepts of genealogy and archaeology Locating the emergence of self reflexive consciousness in twelfth century philosophy and elaborating upon autobiography as a philosophical persona Barker argues that this extremely productive approach can be used to analyze the relationship between the history of philosophy psychoanalysis and the transparent subject Medieval Religion Constance Hoffman Berman, 2004-08-02 Constance Hoffman Berman presents an indispensable collection of the most influential and revisionist work to be done on religion in the Middle Ages in the last two decades Bringing together an authoritative list of scholars from around the world this book is a comprehensive compilation of the most important work in this field Medieval Religion provides a valuable service for all those who study the Middle Ages church history or religion Peter Abelard and Heloise David Luscombe, 2018-12-20 These essays provide original reflections and new evidence for the lives and work of an outstanding medieval couple Peter Abelard and Heloise The main themes of the author's studies are the careers and the thought of Peter Abelard his philosophy theology and monastic teaching his relationship in marriage and in religious life with Heloise and their correspondence The essays now brought together in a single volume show how much is still to be learned from the presentation of new evidence and the opening of new enquiries about the lives and calamities of Peter Abelard and Heloise

Micro Middle Ages Paul Edward Dutton, 2023-10-30 Micro Middle Ages brings together five microhistorical case studies focusing on small or seemingly inconsequential evidence that leads to broader conclusions about medieval history and the way we do and understand history in general Paul Dutton provides an overview of microhistorical approaches and theorizes about its use in pre modern history As opposed to studying history from above or history from below Dutton shows the advantages for historians of doing history from the inside out starting from some single overlooked but potentially knowable thing delving deep inside and then reattaching it to its time and place Such an approach has one abiding advantage its insistence on being grounded in the particularity of the evidence The book highlights what the microhistorical is its conceptual and practical challenges Dutton argues that the attention to the micro has always been with us and is a constitutive cognitive part of who we are as human beings **Historia Calamitatum** Peter Abelard, 2025-04-07 Historia Calamitatum by Peter Abelard stands as one of the most remarkable medieval autobiographies offering an extraordinary window into 12th century intellectual life and personal tragedy Written circa 1132 as a consolation letter to an unnamed friend this foundational text combines philosophical depth with raw emotional honesty chronicling Abelard's rise as a revolutionary scholastic philosophy teacher and his catastrophic fall through his infamous relationship with Heloise The narrative unfolds through Abelard's relentless intellectual battles his explosive Paris lectures that attracted thousands his methodological innovations in Sic et Non and his bitter disputes with traditionalists like William of Champeaux The memoir s centerpiece remains his passionate affair with Heloise his brilliant student their secret marriage her uncle Fulbert s violent

revenge Abelard's castration and their subsequent monastic separations Abelard portrays these events not as mere misfortunes but as existential crises forcing deeper engagement with faith and reason Beyond the Abelard and Heloise drama the work documents crucial developments in medieval education church politics and the birth of universities Abelard s descriptions of teaching debates at Melun and Corbeil reveal the ferment of early scholasticism while his account of the Council of Soissons 1121 exposes the perilous relationship between innovative thinkers and ecclesiastical authority Modern readers will recognize proto modern themes of academic freedom gender dynamics in education and the psychological toll of Letters of Peter Abelard, Beyond the Personal Peter Abelard, 2008 The popularity of the personal intellectual isolation letters has generated considerable fanfare for the publication of another set of correspondence printed under the title The Lost Love Letters of Heloise and Abelard The authorship of all these letters has been contested repeatedly with the last mentioned collection being the center of a present firestorm Friendship in the Middle Ages and Early Modern Age Albrecht Classen, Marilyn Sandidge, 2011-03-29 Although it seems that erotic love generally was the prevailing topic in the medieval world and the Early Modern Age parallel to this the Ciceronian ideal of friendship also dominated the public discourse as this collection of essays demonstrates Following an extensive introduction the individual contributions explore the functions and the character of friendship from Late Antiquity Augustine to the 17th century They show the spectrum of variety in which this topic appeared not only in literature but also in politics and even in painting Medieval Knighthood V S. D. Church, Stephen Church, Ruth Harvey, 1995 Examines a wide variety of the aspects of knighthood ranging from its emergence as an identifiably noble estate to the appropriation of chivalric trappings to serve bourgeois interests Silent Masters Peter Godman, 2012-01-06 In the tension between competing ideas of authority and the urge to literary experiment writers of the High Middle Ages produced some of their most distinctive achievements This book examines these themes in the high culture of Western Europe during the eleventh and twelfth centuries showing how the intimate links between the writer and the censor the inquisitor and the intellectual developed from metaphors at the beginning of the period to institutions at its end All Latin texts from Peter Abelard to Bernard of Clairvaux from the Archpoet to John of Salisbury and Alan of Lille are translated into English and discussed both in terms of their literary qualities and in relation to the cultural history of the High Middle Ages Not a proto Renaissance but part of a continuity that reached into the Reformation the eleventh and twelfth centuries witnessed a transformation of the writer's role With a combination of literary philological and historical methods Peter Godman sets the work of major intellectuals during this period in a new light

**Historia Calamitatum** Peter Ablard, Henry Adams Bellows, Ralph Adams Cram, 2014-03-16 An excerpt from the INTRODUCTION THE Historia Calamitatum of Peter Ab lard is one of those human documents out of the very heart of the Middle Ages that illuminates by the glow of its ardour a shadowy period that has been made even more dusky and incomprehensible by unsympathetic commentators and the ill digested matter of source books Like the Confessions of St

Augustine it is an authentic revelation of personality and like the latter it seems to show how unchangeable is man how consistent unto himself whether he is of the sixth century or the twelfth or indeed of the twentieth century Evolution may change the flora and fauna of the world or modify its physical forms but man is always the same and the unrolling of the centuries affects him not at all If we can assume the vivid personality the enormous intellectual power and the clear keen mentality of Ab lard and his contemporaries and immediate successors there is no reason why The Story of My Misfortunes should not have been written within the last decade They are large assumptions for this is not a period in world history when the informing energy of life expresses itself through such qualities whereas the twelfth century was of precisely this nature. The antecedent hundred years had seen the recovery from the barbarism that engulfed Western Europe after the fall of Rome and the generation of those vital forces that for two centuries were to infuse society with a vigour almost unexampled in its potency and in the things it brought to pass The parabolic curve that describes the trajectory of Mediaevalism was then emergent out of chaos and old night and Ab lard and his opponent St Bernard rode high on the mounting force in its swift and almost violent ascent
