telephone and fax numbers email and internet addresses a point of contact times of opening and facilities for visitors A breakdown of the collections held by each organization giving a broad overview of the main collection as a whole Details of special collections are provided and include the period covered as well as the number of items held *Historic Houses, Castles and Gardens in Britain 1995* Hunter Publishing, Incorporated, Deborah Valentine, 1995-04-01 *The British Country House Revival* Ben Cowell, 2024 British country houses have experienced a renaissance since the early 1970s A new accord is needed today recognising the increasingly contested contribution of country houses to British cultural life Fifty years ago the future for country houses in Britain looked bleak The Victoria Albert Museum's exhibition *The Destruction of the Country House* which opened in October 1974 charted the loss of over a thousand country houses in the preceding century The makers of the exhibition warned that history could be about to repeat itself because of the threats besetting mansion properties principally from higher taxation Houses faced the prospect of having to be stripped of their collections and sold for use as offices hotels or hospitals with their parks and gardens turned into golf clubs Government might afford to save just a handful of the most significant of these places working in tandem with charities such as the National Trust The rest would be consigned to history This book traces the history of country houses in Britain from the *Destruction* exhibition to the present day The wave of country house losses anticipated in 1974 never actually happened Instead over the next five decades Britain's country houses experienced a renaissance Fiscal rules changed in the mid 1970s to make it easier for owners to hold on to their assets Economic improvements in the 1980s and 1990s allowed many houses and estates to develop profitable commercial businesses All of this was achieved only after dedicated campaigning from heritage organisations in support of the country house cause The book argues that a new accord is needed today to recognise and value the ongoing if increasingly contested contribution of country houses to British life and culture in the twenty first century **Private Life in Britain's Stately Homes** Michael Paterson, 2012-09-06 The Victorian and Edwardian eras in the run up to 1914 marked the golden age of the English country house when opulence and formality attained a level that would never be matched again The ease of these perfect settings for flirtation and relaxation was maintained by a large and well trained staff of servants Although those in service worked very long hours and had little personal freedom many were proud of their positions and grateful for the relative security these gave Indeed the strictly hierarchical world below stairs could be more snobbish than that of a house's owners Michael Paterson skilfully and entertainingly explores the myths and realities of this vanished world both upstairs and down [The SAGE International Encyclopedia of Travel and Tourism](#) Linda L. Lowry, 2016-09-01 Taking a global and multidisciplinary approach The SAGE International Encyclopedia of Travel and Tourism brings together a team of international scholars to examine the travel and tourism industry which is expected to grow at an annual rate of four percent for the next decade In more than 500 entries spanning four comprehensive volumes the Encyclopedia examines the business of tourism around the world paying particular attention to the social economic environmental and policy issues at play The

Faded and Threadbare Historic Textiles and their Role in Houses Open to the Public Margaret Ponsonby,2016-04-15 Many historic houses that open to the public in England and Wales particularly those owned by the National Trust preserve their contents rather than restore them to a particular period The former owners of these houses often retained objects from various periods and this layering of history produces interiors that look aged and patinated Although the reason for this preservation and lack of fashionable renewable can be attributed to declining economic fortunes in the twentieth century there are many examples of families practising this method of homemaking over a much longer period Taking National Trust properties as its central focus this book examines three interlocking themes to examine the role of historic textiles Firstly it looks at houses with preserved contents together with the reasons for individual families choosing this lifestyle secondly the role of the National Trust as both guardian and interpreter of these houses and their collections and finally and most importantly the influence of textiles to contribute to the appearance of interiors and their physical attributes that carry historical resonances of the past The importance of preserved textiles in establishing the visual character of historic houses is a neglected area and therefore the prominence given to textiles in this project constitutes an original contribution to the study of these houses Drawing upon a range of primary sources including literature produced by the National Trust for their sites and documentary sources for the families and their houses such as diaries letters and household accounts the study takes a broad approach that will be of interest to all those with an interest in material culture heritage collecting studies and cultural history
