Historic Nassau:

Historic Cities of the Americas David F. Marley, 2005-09-12 With rare maps prints and photographs this unique volume explores the dramatic history of the Americas through the birth and development of the hemisphere's great cities. Written by award-winning author David F. Marley, Historic Cities of the Americas covers the hard-to-find information of these cities' earliest years, including the unique aspects of each region's economy and demography, such as the growth of local mining, trade, or industry. The chronological layout, aided by the numerous maps and photographs, reveals the exceptional changes, relocations, destruction, and transformations these cities endured to become the metropolises they are today. Historic Cities of the Americas provides over 70 extensively detailed entries covering the foundation and evolution of the most significant urban areas in the western hemisphere. Critically researched, this work offers a rare look into the times prior to Christopher Columbus' arrival in 1492 and explores the common difficulties overcome by these European-conquered or founded cities as they flourished into some of the most influential locations in the world. Nassau Kurt Vincent, 2013 Located in southern Rensselaer County, Nassau has witnessed great change since its incorporation in 1819. Nassau chronicles how the town transformed itself from an area tied to agriculture and industry to a bedroom community for larger population centers in the Capital Region. In the late 1940s and early 1950s, housing developments were built to accommodate the growing neighborhoods. With those changes came increased traffic, need for larger schools, and business expansion. America's longest highway, Historic Route 20, was carved out of Nassau's historic paths and primitive turnpike. It created more streamlined transportation routes across the entire state. Nassau serves as a visual repository of community values and history to illustrate everyday life and the people that lived it. *The National Register of Historic Places*, 1966 **Historic Buildings of America as Seen and Described by Famous Writers; with Numerous Illustrations** Esther Singleton, 1914
