**The Conservation Movement: A History of Architectural Preservation** Miles Glendinning, 2013-01-17 Winner of the 2016 Antoinette Forrester Downing Award presented by the Society of Architectural Historians In many cities across the world particularly in Europe old buildings form a prominent part of the built environment and we often take it for granted that their contribution is intrinsically positive How has that widely shared belief come about and is its continued general acceptance inevitable Certainly ancient structures have long been treated with care and reverence in many societies including classical Rome and

Greece But only in modern Europe and America in the last two centuries has this care been elaborated and energised into a forceful dynamic ideology a Conservation Movement infused with a sense of historical destiny and loss that paradoxically shared many of the characteristics of Enlightenment modernity The close inter relationship between conservation and modern civilisation was most dramatically heightened in periods of war or social upheaval beginning with the French Revolution and rising to a tragic climax in the 20th century age of totalitarian extremism more recently the troubled relationship of heritage and global commercialism has become dominant Miles Glendinning s new book authoritatively presents for the first time the entire history of this architectural Conservation Movement and traces its dramatic fluctuations in ideas and popularity ending by questioning whether its recent international ascendancy can last indefinitely **The Rough Guide to Canada (Travel Guide eBook)** Rough Guides,2019-09-01 World renowned tell it like it is guidebook Discover Canada with this comprehensive entertaining tell it like it is Rough Guide packed with comprehensive practical information and our experts honest and independent recommendations Whether you plan to do snowboarding in Whistler go whale watching off the spectacular coasts hike through the Canadian Rockies or marvel at the Niagara Falls The Rough Guide to Canada will help you discover the best places to explore sleep eat drink and shop along the way Features of The Rough Guide to Canada Detailed regional coverage provides in depth practical information for each step of all kinds of trip from intrepid off the beaten track adventures to chilled out breaks in popular tourist areas Regions covered include Toronto Ontario Montreal Quebec Newfoundland and Labrador the Prairie Provinces the Maritime Provinces the Canadian Rockies the BC interior Vancouver and the North Honest independent reviews written with Rough Guides trademark blend of humour honesty and expertise and recommendations you can truly trust our writers will help you get the most from your trip to Canada Meticulous mapping always full colour with clearly numbered colour coded keys Find your way around Quebec Newfoundland and many more locations without needing to get online Fabulous full colour photography features a richness of inspirational colour photography including the atmospheric Helmcken Falls in British Columbia and dramatic Hopewell Rocks coastline in Nova Scotia Things not to miss Rough Guides rundown of the Canadian Rockies Vancouver Toronto and Montreal s best sights and top experiences Itineraries carefully planned routes will help you organise your trip and inspire and inform your on the road experiences Basics section packed with essential pre departure information including getting there getting around accommodation food and drink health the media festivals sports and outdoor activities culture and etiquette shopping and more Background information comprehensive Contexts chapter provides fascinating insights into Canada with coverage of history religion ethnic groups environment wildlife and books plus a handy language section and glossary About Rough Guides Rough Guides have been inspiring travellers for over 35 years with over 30 million copies sold globally Synonymous with practical travel tips quality writing and a trustworthy tell it like it is ethos the Rough Guides list includes more than 260 travel guides to 120 destinations gift books and phrasebooks **Extract from a History of**
