# Johnny Rebs War Battlefield And Homefront

**Steven E. Woodworth**

## **Johnny Rebs War Battlefield And Homefront:**

**Johnny Reb's War** David Williams, 2000 Using General Robert E Lee's Maryland Campaign of 1862 as a poignant case study Williams describes how Confederate soldiers fought and died for a government that could not supply them with shoes or even feed them before battle The same government that exempted large slave holders from service and allowed planters to continue to grow cotton when Southern armies desperately needed food required its soldiers to march on bleeding feet and live off green corn taken from Maryland fields

**The Soldier's Words** Kenn Woods, 2015-06-17 Since I began Civil War reenacting in 1988 there have been two schools of thought regarding the uniform of the Confederate soldiers One is that the Rebels were never ragged that was just a romantic myth started after the war The other school of thought is that the Rebels were always ragged and wore whatever they could get their hands on I decided that the best way to discover the truth is by investigating what the soldiers themselves said regarding their clothing through letters diaries and memoirs This book uses the soldiers own words regarding Confederate uniforms and includes many surprising anecdotes and some firsts regarding incidents of the Civil War

**Wars Within a War** Joan Waugh, Gary W. Gallagher, 2009 The twelve essays in Wars within a War explore the internal stresses that posed serious challenges to the viability of the opposing sides in the Civil War as well as some of the ways in which wartime disputes and cultural fissures carried over into

**A People's History of the Civil War** David Williams, 2011-05-10 Does for the Civil War period what Howard Zinn's A People's History of the United States did for the study of American history in general Library Journal Historian David Williams has written the first account of the American Civil War as viewed through the eyes of ordinary people foot soldiers slaves women prisoners of war draft resisters Native Americans and others Richly illustrated with little known anecdotes and firsthand testimony this path breaking narrative moves beyond presidents and generals to tell a new and powerful story about America's most destructive conflict A People's History of the Civil War is a readable social history that sheds fascinating light on this crucial period In so doing it recovers the long overlooked perspectives and forgotten voices of one of the defining chapters of American history Publishers Weekly Meticulously researched and persuasively argued The Atlanta Journal Constitution

*Bitterly Divided* David Williams, 2010-04-16 The little known history of anti secession Southerners Absolutely essential Civil War reading Booklist starred review Bitterly Divided reveals that the South was in fact fighting two civil wars the external one that we know so much about and an internal one about which there is scant literature and virtually no public awareness In this fascinating look at a hidden side of the South's history David Williams shows the powerful and little understood impact of the thousands of draft resisters Southern Unionists fugitive slaves and other Southerners who opposed the Confederate cause This fast paced book will be a revelation even to professional historians His astonishing story details the deep often murderous divisions in Southern society Southerners took up arms against each other engaged in massacres guerrilla warfare vigilante justice and lynchings and deserted in droves from the Confederate army Some counties and regions even

seceded from the secessionists With this book the history of the Civil War will never be the same again Publishers Weekly starred review Most Southerners looked on the conflict with the North as a rich man s war and a poor man s fight especially because owners of 20 or more slaves and all planters and public officials were exempt from military service The Confederacy lost it seems because it was precisely the kind of house divided against itself that Lincoln famously said could not stand Booklist starred review

**Nothing Less than Victory** John David Lewis,2013-12-26 How aggressive military strategies win wars from ancient times to today The goal of war is to defeat the enemy s will to fight But how this can be accomplished is a thorny issue Nothing Less than Victory provocatively shows that aggressive strategic military offenses can win wars and establish lasting peace while defensive maneuvers have often led to prolonged carnage indecision and stalemate Taking an ambitious and sweeping look at six major wars from antiquity to World War II John David Lewis shows how victorious military commanders have achieved long term peace by identifying the core of the enemy s ideological political and social support for a war fiercely striking at this objective and demanding that the enemy acknowledges its defeat Lewis examines the Greco Persian and Theban wars the Second Punic War Aurelian s wars to reunify Rome the American Civil War and the Second World War He considers successful examples of overwhelming force such as the Greek mutilation of Xerxes army and navy the Theban led invasion of the Spartan homeland and Hannibal s attack against Italy as well as failed tactics of defense including Fabius s policy of delay McClellan s retreat from Richmond and Chamberlain s appeasement of Hitler Lewis shows that a war s endurance rests in each side s reasoning moral purpose and commitment to fight and why an effectively aimed well planned and quickly executed offense can end a conflict and create the conditions needed for long term peace Recognizing the human motivations behind military conflicts Nothing Less than Victory makes a powerful case for offensive actions in pursuit of peace

*A Companion to American Military History* James C. Bradford,2009-11-03 With more than 60 essays A Companion to American MilitaryHistory presents a comprehensive analysis of the historiographyof United States military history from the colonial era to thepresent Covers the entire spectrum of US history from the Indian andimperial conflicts of the seventeenth century to the battles inAfghanistan and Iraq Features an unprecedented breadth of coverage from eminentmilitary historians and emerging scholars including little studiedtopics such as the military and music military ethics care of thedead and sports Surveys and evaluates the best scholarship on every importantera and topic Summarizes current debates and identifies areas whereconflicting interpretations are in need of further study

**Bunker Hill to Bastogne** Briton Cooper Busch,2006 Traces the birth and evolution of America s elite military fighting units and general public s changing perception of them

The Empire State of the South Christopher C. Meyers,2008 This work offers a look at the history of Georgia through over 100 primary documents The Empire State of the South Georgia History in Documents and Essays offers teachers of Georgia history an alternative to the traditional narrative textbook In this volume students have the opportunity to read Georgia history rather than reading about Georgia history Encompassing the entirety of Georgia

history into the twenty first century The Empire State of the South is suitable for all courses on Georgia history This text is divided into 16 chapters comprising 129 documents and 33 essays on various topics of Georgia history The primary documents represent a wide range of genres including speeches newspaper columns letters treaties laws proclamations state constitutions court decisions and many others Some documents outline general themes or movements in Georgia history while others address more narrow issues The thirty three essays are excerpts from larger pieces that were written by specialists in Georgia history Each chapter consists of several parts First is a short narrative introduction The second part contains the documents themselves Following the documents are two essays written by historians regarding some topic relevant to the chapter At the end of each chapter is a short list of suggested readings The documents themselves range from the usual state constitutions laws and speeches to the inordinate plans for constructing what is regarded as the state s first concrete home a corny campaign song for Eugene Talmadge an attempt by the General Assembly in 1897 to ban the playing of football and a 1962 letter Martin Luther King Jr wrote from an Albany prison that preceded his more well known Birmingham letter Georgia has indeed had a colorful history and The Empire State of the South tells that story

**African Americans in the Nineteenth Century** Dixie Ray Haggard, 2010-03-11 A revealing volume that portrays the lives of African Americans in all its variety across the entire 19th century combining coverage of the pre and post Civil War eras Uniquely inclusive African Americans in the Nineteenth Century People and Perspectives offers a wealth of insights into the way African Americans lived and how slave era experiences affected their lives afterward Coverage goes beyond well known figures to focus on the lives of African American men women and children across the nation battling the oppression and prejudice that didn t stop with emancipation while they tried to establish their place as Americans The book ranges from the African origins of African American communities to coverage of slave communities female slaves slave holder relations and freed persons Additional chapters look at African Americans in the Civil War Reconstruction and Jim Crow eras An alphabetically organized mini encyclopedia plus additional information sources round out this eye opening work of social history

[Tennessee Historical Quarterly](#), 2007

*A Companion to 19th-Century America* William Barney, 2008-04-15 A Companion to 19th Century America is an authoritative overview of current historiographical developments and major themes in the history of nineteenth century America Twenty seven scholars all specialists in their own thematic areas examine the key debates and historiography A thematic and chronological organization brings together the major time periods politics the Civil War economy and social and cultural history of the nineteenth century Written with the general reader in mind each essay surveys the historical research the emerging concerns and assesses the future direction of scholarship Complete coverage of all the major themes and current debates in nineteenth century US history assessing the state of the scholarship and future concerns 24 original essays by leading experts in nineteenth century American history complete with up to date bibliographies Chronological and thematic organization covers both traditional and contemporary

fields of research politics periods economy class formation ethnicity gender roles regions culture and ideas      **The Northern Home Front during the Civil War** Paul A. Cimbala, Randall M. Miller, 2023-02-21 With a new preface and updated historiographical essay Based on recent scholarship and deep research in primary sources especially the letters and diaries of ordinary people The Northern Home Front during the Civil War is the first full narrative history and analysis of the northern home front in almost a quarter century It examines the mobilization recruitment management politics costs and experience of war from the perspective of the home front with special attention to the ways the war affected the ideas identities interests and issues shaping people s lives and vice versa The book looks closely at people s responses to war s demands whether in supporting the Union cause or opposing it and it measures the ways the war transformed society and economy or simply reconfirmed ideas and reinforced practices already underway As The Northern Home Front during the Civil War reveals issues and concerns of emancipation conscription civil liberties economic policies and practices religion party politics war management popular culture and work were all part of what Lincoln rightly termed a People s Contest and as much as the armies in the field determined the outcome of the nation s ordeal by fire As The Northern Home Front during the Civil War shows understanding the experience of the women and men on the home front is essential to realizing Walt Whitman s oft quoted call to get the real war into the books      *The American Civil War* Steven E. Woodworth, 1996-12-09 The single most important volume for anyone interested in the Civil War to own and consult From the foreword by James M McPherson The first guide to Civil War literature to appear in nearly 30 years this book provides the most comprehensive up to date and informative survey and analysis of the vast body of Civil War literature More than 40 essays each by a specialist in a particular subfield of Civil War history offer unmatched thoroughness and discerning assessments of each work s value The essays cover every aspect of the war from strategy tactics and battles to logistics intelligence supply and prisoner of war camps from generals and admirals to the men in the ranks from the Atlantic to the Far West from fighting fronts to the home front Some sections cover civilian leaders the economy and foreign policy while others deal with the causes of war and aspects of Reconstruction including the African American experience during and after the war Breadth of topics is matched by breadth of genres covered Essays discuss surveys of the war general reference works published and unpublished papers diaries and letters as well as the vast body of monographic literature including books dissertations and articles Genealogical sources historical fiction and video and audio recordings also receive attention Students of the American Civil War will find this work an indispensable gateway and guide to the enormous body of information on America s pivotal experience

**American Civil War** Steven E. Woodworth, 2008 This volume examines the daily lives of soldiers and families during the Civil War considering the roles and experiences of men women and children black and white with special sections on religion and popular culture      *Guerrillas, Unionists, and Violence on the Confederate Home Front* Daniel E. Sutherland, 1999-01-01 Until recently this localized violence was largely ignored scholars focusing instead on large scale operations of the war the

decisions and actions of generals and presidents But as Daniel Sutherland reminds us the impact of battles and elections cannot be properly understood without an examination of the struggle for survival on the home front of lives lived in the atmosphere created by war Sutherland gathers eleven essays by such noted Civil War scholars as Michael Fellman Donald Frazier Noel Fisher and B F Cooling each one exploring the Confederacy s internal war in a different state All help to broaden our view of the complexity of war and to provide us with a clear picture of war s consequences its impact on communities homes and families This strong collection of essays delves deeply into what Daniel Sutherland calls the desperate side of war enriching our understanding of a turbulent and divisive period in American history **A Thinker's**

**Journal for College Freshmen** Judy Daniel,2000 A new tool to help students meet the academic challenges of college life

**Where My Heart Is Turning Ever** Kathleen Diffley,2020-11-15 During the Civil War and Reconstruction popular magazines throughout the country published hundreds of short narratives that confronted or evaded the meaning of the Union s crisis In this first volume of a projected trilogy that seeks to recover the significance of this forgotten body of writing Diffley examines the effort of popular writers and publications to contain the disruption caused by the war and its aftermath Annotation copyright Book News Inc Portland Or **Encyclopedia of Military Science** G. Kurt Piehler,2013-07-24 The Encyclopedia of Military Science provides a comprehensive ready reference on the organization traditions training purpose and functions of today s military Entries in this four volume work include coverage of the duties responsibilities and authority of military personnel and an understanding of strategies and tactics of the modern military and how they interface with political social legal economic and technological factors A large component is devoted to issues of leadership group dynamics motivation problem solving and decision making in the military context Finally this work also covers recent American military history since the end of the Cold War with a special emphasis on peacekeeping and peacemaking operations the First Persian Gulf War the events surrounding 9 11 and the wars in Afghanistan and Iraq and how the military has been changing in relation to these events **Bring History Alive!** Kirk Ankeney,2011-06-15
