They have argued that the tales found in the United States are watered down derivatives of European fare With this

Fairy Tales represents these tales as they have been told in the United States from Revolutionary days until the present To  
capture this richness tales are grouped in chapters that represent regional and ethnic groups including Iberian French  
German British Irish other European African American and Native American These tales are drawn from published  
collections journals and archives and from fieldwork by McCarthy and his colleagues Created along the nationalist model of  
the Brothers Grimm yet as diverse in its voices and themes as the nation it represents Cinderella in America shows these  
tales truly merit the designation American William Bernard McCarthy is professor emeritus of English at Pennsylvania State
