Howard,1977 *Jonathan Cape, Publisher* M. S. Howard,1971 A History of British Publishing , **Publishing Law** Hugh Jones,Christopher Benson,2002

A comprehensive handbook for all those who need a practical understanding of where and how the law may apply including publishers authors and agents **The Publisher and Bookseller** ,1928 Official organ of the book trade of the United Kingdom **The Business Of Book Publishing** Elizabeth Geiser,Arnold Dolin,Gladys Topkis,2019-06-04 When the first University of Denver Publishing Institute came to a dose in August 1976 all of us involved in its launching knew that we had a real success on our hands And we knew it was due in great measure to an outstanding faculty of more than forty top publishing executives who had come to Denver during those four weeks to teach our students How regrettable it seemed that their knowledge and expertise were available only to the eighty students handpicked for that first class Fred Praeger publisher of Westview Press suggested a solution Do a book he invited and let Westview publish the curriculum for others to share **Publishing Modernist Fiction and Poetry** Lise Jaillant,2019-02-06 Publishing houses are nearly invisible in modernist studies Looking beyond little magazines and other periodicals this collection highlights the importance of book publishers in the diffusion of modernism It also participates in the transnational turn in modernist studies demonstrating that book publishers created new markets for modernist texts in the United States Europe and the rest of the world

Publishers, Readers and the Great War Vincent Trott,2017-10-05 Literature is at the heart of popular understandings of the First World War in Britain and has perpetuated a popular memory of the conflict centred on disillusionment horror and futility This book examines how and why literature has had this impact exploring the role played by authors publishers and readers in constructing the memory of the war since 1918 It demonstrates that publishers were as influential as authors in shaping perceptions of the conflict and it provides a detailed analysis of critical and popular responses to war books tracing the evolution of readers attitudes to the war between 1918 and 2014 By exploring the cultural legacy of the war from these two previously overlooked perspectives Vincent Trott offers fresh insights regarding the emergence of a collective memory of the First World War in Britain Drawing on a broad range of primary source material including publishers correspondence dust jackets adverts book reviews and diary entries and examining canonical authors such as Wilfred Owen Siegfried Sassoon and Vera Brittain alongside long forgotten texts and more recent autobiographical works by Harry Patch and Henry Allingham Publishers Readers and the Great War provides a rich and nuanced analysis of the climate within which First World War literature was written published and received since 1918 **All Authors Are Equal** Fredric Warburg,2019-08-17 Fredric Warburg partner in the London firm of Secker Warburg from 1936 until 1971 considered publishing an attractive occupation and a way of life In this personal often humorous memoir of his life until his retirement

Warburg picks up where he left off in 1939 in *An Occupation for Gentlemen* Warburg's discussion of George Orwell's *Animal Farm* and 1984 is an important contribution to literary history Other chapters include Warburg's landmark 1954 trial for publishing an obscene book his edition of Kafka the translation of Robert Musil's *The Man Without Qualities* his visit to the aged Colette a sketch of Thomas Mann the strange tale of *The Bridge on the River Kwai* the rise of Angus Wilson to stardom In perhaps the funniest chapter Warburg describes how he was duped by a plumber from Devonshire who pretended to be a Tibetan lama A 1952 business deal by Secker Warburg with Heinemann anticipates more recent consolidations in the publishing industry Throughout Warburg's memoir of literary and publishing history the passionate personality of his wife Pamela de Bayou stands out commenting on criticizing and sometimes transforming a situation or a policy *All Authors Are Equal* is for anyone who enjoys good books and the making of good books and for all students of publishing In the author's own words The book as a whole may be seen as the story of my publishing life the chapters and sections of chapters are in the main stories within the story So it is that the book is a hybrid not an autobiography not a history of a publishing house not a philosophy of publishing not a series of critical studies but a bit of all these The deeper feelings of publishers are not often revealed to their authors while the publishing relationship exists The publisher tends to be wary diplomatic reserved rather hopeful slightly pessimistic laudatory jolly critical or so diverse a mixture of all these as to end up more or less blank Praise is dangerous it might give an author ideas Blame is perilous the author may stop writing or even seek another publisher To tell an author the unvarnished truth as the publisher sees it is no doubt hazardous but it is a policy I have always tried to follow as far as possible and with that policy I have had more successes than failures Praise for *An Occupation for Gentlemen* An engaging autobiography Mr Warburg writes with a nice light touch and with considerable charm and humor His remarks about publishing are interesting and pointed Orville Prescott *The New York Times* An entertaining and instructive book about two deep and ancient mysteries human character and the trade of publishing Jacques Barzun *Fredric Warburg's* autobiography is wonderfully engaging Mr Warburg is that rarity among publishers He writes extremely well Moss Hart

The Publishers Weekly, 1922 *Publishers' Circular*, 1922 *The Man with the Golden Typewriter* Fergus Fleming, 2015-11-03 The witty and engaging letters of the man who created the world's most famous spy James Bond **The Publishers' Circular and Booksellers' Record**, 1924 *Censored* Matthew Fellion, Katherine Inglis, 2017-09-05 When Henry Vizetelly was imprisoned in 1889 for publishing the novels of Émile Zola in English the problem was not just Zola's French candour about sex it was that Vizetelly's books were cheap and ordinary people could read them *Censored* exposes the role that power plays in censorship In twenty five chapters focusing on a wide range of texts including the Bible slave narratives modernist classics comic books and Chicana/o literature Matthew Fellion and Katherine Inglis chart the forces that have driven censorship in the United Kingdom and the United States for over six hundred years from fears of civil unrest and corruptible youth to the oppression of various groups religious and political dissidents same sex lovers the working class
