G. Rosenthal, 2006 Published in book form for the first time a collection of woodcuts sandblasted glass pictures and oil paintings offers insight into the late artist's use of abstractions color and perception effects in a volume that shares key passages from his personal writings **Intersecting Colors** Vanja Malloy, 2015-09-10 Josef Albers 1888 1976 was an artist teacher and seminal thinker on the perception of color A member of the Bauhaus who fled to the U S in 1933 his ideas about how the mind understands color influenced generations of students inspired countless artists and anticipated the findings of neuroscience in the latter half of the twentieth century With contributions from the disciplines of art history the intellectual and cultural significance of Gestalt psychology and neuroscience Intersecting Colors offers a timely reappraisal of the immense impact of Albers's thinking writing teaching and art on generations of students It shows the formative influence on his work of non scientific approaches to color notably the work of Johann Wolfgang von Goethe and the emergence of Gestalt psychology in the first decades of the twentieth century The work also shows how much of Albers's approach to color dismissed in its day by a scientific approach to the study and taxonomy of color driven chiefly by industrial and commercial interests ultimately anticipated what neuroscience now reveals about how we perceive this most fundamental element of our visual experience Edited by Vanja Malloy with contributions from Brenda Danilowitz Sarah Lowengard Karen Koehler Jeffrey Saletnik and Susan R Barry **Josef Albers** Charles Darwent, 2018-11-20 The first full scale biography of the great 20th century artist craftsman and thinker Josef Albers whose influence is still felt today Drawing on extensive unpublished archival writings documents and illustrations this is the first full scale biography of one of the 20th century's great artists In his accessible study of the whole Albers Charles Darwent

combats the fables while telling the fascinating story of an artist friend and intellectual Among Albers's unpublished papers are letters from friends John Cage Robert Rauschenberg Richard Serra and Eva Hesse as well as fans and collectors ranging from the composer Virgil Thomson to the cartoonist Saul Steinberg If his network of influence was surprisingly wide so too were his interests He started life at the Bauhaus as a glass maker and went on to create fonts to run their famous wallpaper workshop and to make furniture whose designs are still in production eighty years later He pioneered the study of color at Black Mountain College in North Carolina and chaired the design department at Yale University While books have been written about Albers for specialist audiences this new volume fulfills the clear need for a more general study *Joseph Albers* Museum of Modern Art (New York, N.Y.),1964 **Josef Albers** Anni Albers,2018 Features all aspects of the artist's long career paintings prints furniture household objects works in glass photographs and pre-Columbian sculptures *Josef Albers* Josef Albers,Nicholas Fox Weber,1988 Press kit consists of press release dated March 24 1988 4 leaves and three photo sheets of works by Albers **Malerei auf Papier** Isabelle Dervaux,Heinz Liesbrock,Michael Semff,2011 This publication presents a wealth of in part unknown colored works on paper by Josef Albers 1888-1976 documented for the first time It was not until the German-born artist emigrated to the U.S. that he emerged as a prominent artist and influential teacher Beginning in about 1940 Albers allowed himself to be inspired by Mexico's pre-Columbian architecture sculpture and textile art which led to a liberation of his aesthetic sensibilities and to unconventional radiant pitches of color the likes of which modern painting in Europe had never seen before In ca. 1950 he discovered the square in his eyes the ideal form for color He was both a resolute painter as well as a color philosopher Each of the works on paper presented here arouses a sensuous fascination for the phenomenality of color **JOSEF ALBERS.** ,1962 Josef Albers ,2022-01-20 Previously unseen early works and other unpublished material from the pioneering Bauhaus polymath This publication considers Josef Albers' early development as an artist beginning with the pre-Bauhaus years when he worked as an elementary school teacher in his native Bottrop in Western Germany while sketching the landscape and architecture of his home town and studying courses in art by night With a particular focus on works on paper the book reveals not only the unappreciated naturalistic origins of his art but also his ongoing interest in producing organic surrealistic forms alongside the geometric abstraction for which he is best known It presents dozens of prints paintings and drawings from the first half of his career as well as previously unseen photographs of the artist at work and on research trips to the ancient sites of Mexico where he found important sources of inspiration for his art and theories With texts by two recognized Albers scholars this volume offers a fresh and surprising view of a celebrated pioneer of modernism German-born artist Josef Albers 1888-1976 laid the foundations for some of the most important art education programs of the 20th century In 1936 during his time working at Black Mountain College in North Carolina he had his first solo exhibition in New York at J.B. Neumann's New Art Circle In 1949 Albers left the college and began his famous Homage to the Square series He taught at various institutions throughout

America including Yale University New Haven The Museum of Modern Art New York organized Albers traveling exhibition in 1965 and a retrospective of his work was held at the Metropolitan Museum of Art New York in 1971 He died in 1976

Small-great Objects Jennifer Reynolds-Kaye, Yale University. Art Gallery, 2017-01-01 Small Great Objects presents a remarkable look into the art collecting practices of two of modern art's most widely influential figures Anni 1899 1994 and Josef 1888 1976 Albers Their impressive collection of over 1 400 objects from Latin America namely Mexico and Peru represents a conscious endeavor that goes well beyond that of a casual hobby displaying a deep appreciation for the art textiles and overall ingenuity of the ancient American world This insightful book draws on primary source materials such as the couple's letters personal papers and archival photographs many never before published and demonstrates their conviction that these Prehispanic objects displayed a formal sophistication and bold abstraction that defy the prevalent conception of the works as primitive Moreover it shows how the Alberses spread their appreciation of the ancient world to others through their teachings their writings and their own art practices Josef Albers, the American Years Josef Albers, Washington Gallery of Modern Art (Washington, D.C.), 1965 **Josef Albers: Prints 1915-1970** Josef Albers, Jo Miller, 1973 *Albers: [New Paintings by Josef Albers, March 4 Through March 30 1963, Sidney Janis Gallery ...]*.
