Joseph II: Volume 2, Against the World, 1780-1790 Derek Edward Dawson Beales, 1987 This final volume of Derek Beales's magisterial biography of the emperor Joseph II describes the critical period when he was sole ruler of the Austrian monarchy Explaining his motivation and showing how his ideas developed Derek Beales reveals that Joseph left an ineffaceable mark on all his lands

**Joseph II** T C W Blanning, 2013-11-26 Joseph II 1741-90 son and eventual successor of Maria Theresa has conventionally been seen in the context of the Enlightened Despot reformers Today's turmoil in his former territories invites a rather different perspective however as Joseph grapples with the familiar and intractable problems of creating a viable unitary state out of his multi-national empire in Central Europe Professor Blanning's brilliant short study based on extensive archival research offers a history of the Habsburg monarchy in the eighteenth century as well as a revaluation of the emperor's complex personality and his ill-fated reform programme

*Joseph II: Volume 2, Against the World, 1780-1790* Derek Beales, 2013-09-12 This second and final volume of Derek Beales's magisterial biography of the emperor Joseph II describes the period when he was sole ruler of the Austrian monarchy Influenced partly by Enlightenment ideals Joseph relaxed censorship introduced wide-ranging religious toleration and fostered a new Catholicism whilst Mozart's music the greatest cultural achievement of his reign owed much to Joseph's patronage He also abolished personal serfdom and diminished the nobles' power seeking to achieve full personal control over all his provinces Opposition became serious when his hyperactive foreign policy landed him in war against the Turks and he died with his Belgian provinces in rebel hands and Hungary threatened by revolt and invasion Though these pressures forced Joseph to withdraw some of his measures Derek Beales argues that he left an indelible mark on the history of all his lands which now form part of fifteen modern states

Joseph II: An Imperial Reformer for the Austrian Netherlands W.W. Davis, 1974-09-30 It has been said that never has a monarch so narrowly missed greatness as did the Holy Roman Emperor Joseph II An idealistic sincere and hardworking monarch whose utilitarian bent humanitarian instincts and ambitious programs of reform in every area of public concern have prompted historians to term him an enlightened despot revolutionary Emperor philosopher on a throne and a ruler ahead of his time Joseph has also been condemned for being insensitive to the phobias and follies of his subjects essentially unrealistic almost utopian in establishing his goals and dogmatic and overly precipitous in trying to achieve them Efforts to

analyze and explain the actions of this complex and controversial personality have involved a number of savants in investigations of Josephinism or as I prefer to call it Josephism dealing in great detail with the motivations substance and influence of his innovations The roots of Josephism run deep but can be observed emerging here and there from the intellectual and political soil that nourished them before joining the central trunk of the system formulated during the latter years of Maria Theresa's reign to grow to an ephemeral and stunted maturity under Joseph II     Joseph II and His Court Luise Mühlbach,1864     *Joseph II. and His Court* Luise Mühlbach (Frau),1893     The Revolutionary Emperor Saul Kussiel Padover,1934     **Joseph II** James Franck Bright,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1897 edition Excerpt CHAPTER VI Joseph's Reforms 1780 1790 The death of Maria Theresa placed on the throne of Austria with undivided power one of the most remarkable personalities of the time An emperor at the age of twenty five it was impossible that Joseph should escape some of the faults of a spoilt child He was frequently self willed and arbitrary his utterances were often hasty petulant and bitter But it was not the self will of vanity nor the petulance of weakness behind the one lay a well grounded self confidence behind the other a strong will which he was capable of imposing upon all with whom he had to do and to which even the great ability of Kaunitz had to bend Again and again we find the minister withdrawing his opposition to his master's wishes and directing his energies to carry them out Perhaps the most marked characteristics of his mind were his detestation of all inferior work and his extreme intolerance of evils which he thought might be avoided Gifted with an unequalled capacity for work with which no fatigue or danger was allowed to interfere the perfunctory performance of duties which is habitual with most men and which was the besetting sin of the Austrian bureaucracy excited his bitter scorn His singular versatility and rapidity of invention outran the wits of his ministers and left him in the solitude of genius to carry out the constant succession of reforms which issued from his fertile brain Such gifts do not conduce to happiness but when connected as they were in Joseph with an intellectual brilliancy and charm which rendered him when he pleased the most attractive person in any company in which he mixed they seemed to point him out for a great and successful monarch His domestic life still further     **Joseph II and His Court; Volume I** Luise Mühlbach,2023-07-18 A historical novel set in 18th century Austria exploring the life and reign of Emperor Joseph II Full of drama and intrigue this book offers a fascinating glimpse into the world of European royalty and politics This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant     **The**
