Joseph McCarthy:

Senator Joseph McCarthy and the American Labor Movement David M. Oshinsky, 1976 *Joseph McCarthy* Arthur Herman, 2000 A daring and controversial second look at Senator Joseph McCarthy that declares that many of his notorious accusations were actually true 16 page photo insert **McCarthyism** Charles River Charles River Editors, 2015-08-05 Includes pictures Profiles the Alger Hiss case Includes testimony from HUAC hearings and McCarthy's hearings Includes quotes from McCarthy about his career Includes online resources and a bibliography for further reading Includes a table of contents In 1947 at the start of the Cold War President Truman tried to assure Americans who were worried about Communists in government that he was not worried about the Communist Party taking over the Government of the United States but I am against a person whose loyalty is not to the Government of the United States holding a Government job They are entirely different things I am not worried about this country ever going Communist We have too much sense for that Nonetheless shortly after World War II Congress House Committee on Un American Activities HUAC began investigating Americans across the country for suspected ties to Communism The most famous victims of these witch hunts were Hollywood actors such as Charlie Chaplin whose Un American activity was being neutral at the beginning of World War II but at the beginning of the Cold War many Americans had the Red Scare Among the people called before HUAC perhaps none are as controversial as Alger Hiss Hiss had graduated from Harvard Law after which he worked as a clerk for Supreme Court Justice Oliver Wendell Holmes worked in the Roosevelt administration for the Agricultural Adjustment Association and was Head of the Carnegie Endowment for International Peace That background didn't exactly sound like one held by a Soviet spy let alone a Communist but Elizabeth Bentley a former Communist notified the Committee about a suspected spy ring and named several names including Hiss More notably Hiss was also accused of being a Communist and Soviet spy by an admitted Communist Whittaker Chambers HUAC was well in decline by the time the 60s dawned a fact so obvious that HUAC actually tried to restore its reputation by changing its name to the Internal Security Committee in 1969 Nevertheless a few years later the committee's authority was rolled into the House Judiciary Committee's bringing to an end one of Congress most controversial chapters Another factor was the disrepute the Red Scare fell into because of the antics of Wisconsin Senator Joseph McCarthy McCarthy had made waves in 1950 by telling the Republican Women's Club in Wheeling West Virginia that he had a list of dozens of known Communists working in the State Department The political theater helped Senator McCarthy become the most prominent anti Communist crusader in the government and the Rosenberg case only further emboldened him McCarthy continued to claim he held evidence suggesting Communist infiltration throughout the government but anytime he was pressed to produce his evidence McCarthy would not name names Instead he'd accuse those who questioned his evidence of being Communists themselves McCarthy's rise made it possible for him to continue lobbing accusations against people but the Senator finally met his match when he went after the Army As chairman of the Senate

Committee on Government Operations McCarthy summoned decorated World War II veterans and challenged their loyalty and when he openly suggested World War II hero Brigadier General Ralph W Zwicker was a Communist during one hearing the military had enough In April 1954 the committee hearings were widely televised and Americans watched Army members demand that McCarthy name names and provide evidence The Army's legal representative Joseph Nye Welch repeatedly demanded that McCarthy produce the list of alleged Communists in the U S Army and railed at the Senator You've done enough Have you no sense of decency sir At long last have you left no sense of decency McCarthy was publicly and permanently repudiated He would be censured by Congress and he would die just a few years later *Blacklisted by History* M. Stanton Evans, 2009-11-24 Accused of creating a bogus Red Scare and smearing countless innocent victims in a five year reign of terror Senator Joseph McCarthy is universally remembered as a demagogue a bully and a liar History has judged him such a loathsome figure that even today a half century after his death his name remains synonymous with witch hunts But that conventional image is all wrong as veteran journalist and author M Stanton Evans reveals in this groundbreaking book The long awaited *Blacklisted by History* based on six years of intensive research dismantles the myths surrounding Joe McCarthy and his campaign to unmask Communists Soviet agents and flagrant loyalty risks working within the U S government Evans's revelations completely overturn our understanding of McCarthy McCarthyism and the Cold War Drawing on primary sources including never before published government records and FBI files as well as recent research gleaned from Soviet archives and intercepted transmissions between Moscow spymasters and their agents in the United States Evans presents irrefutable evidence of a relentless Communist drive to penetrate our government influence its policies and steal its secrets Most shocking of all he shows that U S officials supposedly guarding against this danger not only let it happen but actively covered up the penetration All of this was precisely as Joe McCarthy contended *Blacklisted by History* shows for instance that the FBI knew as early as 1942 that J Robert Oppenheimer the director of the atomic bomb project had been identified by Communist leaders as a party member that high level U S officials were warned that Alger Hiss was a Soviet spy almost a decade before the Hiss case became a public scandal that a cabal of White House Justice Department and State Department officials lied about and covered up the Amerasia spy case and that the State Department had been heavily penetrated by Communists and Soviet agents before McCarthy came on the scene Evans also shows that practically everything we've been told about McCarthy is false including conventional treatment of the famous 1950 speech at Wheeling West Virginia that launched the McCarthy era I have here in my hand the Senate hearings that casually dismissed his charges the matter of leading McCarthy suspect Owen Lattimore the Annie Lee Moss case the Army McCarthy hearings and much more In the end Senator McCarthy was censured by his colleagues and condemned by the press and historians But as Evans writes The real Joe McCarthy has vanished into the mists of fable and recycled error so that it takes the equivalent of a dragnet search to find him *Blacklisted by History* provides the first accurate account of what McCarthy did and more broadly

what happened to America during the Cold War It is a revealing expos of the forces that distorted our national policy in that conflict and our understanding of its history since **Joseph McCarthy** Charles River Editors, 2015-08-02 Includes pictures Includes McCarthy s quotes about his own life and career Includes excerpts of the McCarthy Army hearings Includes online resources and a bibliography for further reading Includes a table of contents Today we are engaged in a final all out battle between communistic atheism and Christianity The modern champions of communism have selected this as the time and ladies and gentlemen the chips are down they are truly down Joseph McCarthy I will not get in the gutter with that guy President Dwight D Eisenhower Shortly after World War II Congress House Committee on Un American Activities began investigating Americans across the country for suspected ties to Communism The most famous victims of these witch hunts were Hollywood actors such as Charlie Chaplin whose Un American activity was being neutral at the beginning of World War II By the late 1950s the hysteria had waned recognized in large measure as an overreaction Another factor was the disrepute the Red Scare fell into because of the antics of Wisconsin Senator Joseph McCarthy McCarthy had made waves in 1950 by telling the Republican Women s Club in Wheeling West Virginia that he had a list of dozens of known Communists working in the State Department The political theater helped Senator McCarthy become the most prominent anti Communist crusader in the government and the Rosenberg case only further emboldened him McCarthy continued to claim he held evidence suggesting Communist infiltration throughout the government but anytime he was pressed to produce his evidence McCarthy would not name names Instead he d accuse those who questioned his evidence of being Communists themselves McCarthy s rise made it possible for him to continue lobbing accusations against people but the Senator finally met his match when he went after the Army As chairman of the Senate Committee on Government Operations McCarthy summoned decorated World War II veterans and challenged their loyalty and when he openly suggested World War II hero Brigadier General Ralph W Zwicker was a Communist during one hearing the military had enough In April 1954 the committee hearings were widely televised and Americans watched Army members demand that McCarthy name names and provide evidence On June 9 1954 McCarthy was humiliated by the Army s legal representative Joseph Nye Welch who repeatedly demanded that McCarthy produce the list of alleged Communists in the U S Army As McCarthy tried to wiggle out of the challenge he finally named Fred Fisher who had been affiliated with the National Lawyers Guild during law school an organization that FBI Director J Edgar Hoover attempted to have the Attorney General designate as a Communist front Enraged Welch responded Until this moment Senator I think I have never really gauged your cruelty or your recklessness Fred Fisher is a young man who went to the Harvard Law School and came into my firm and is starting what looks to be a brilliant career with us We know he belonged to the Lawyers Guild Let us not assassinate this lad further Senator You ve done enough Have you no sense of decency sir At long last have you left no sense of decency Welch received an ovation from the gallery and McCarthy had been publicly and permanently repudiated He would be censured by Congress and he would die just a few years later Though anti

Communist sentiment in the 1950s is often derisively dismissed as McCarthyism there was some basis for the era's fears The Communist Party in the United States was funded by the Soviet Union its leaders were paid by the Soviets and several were agents of the Soviet intelligence apparatus Still as a small elite group that was able to place individuals in positions of power they did present a potential threat to the security of the country and there were several spy rings operating in America at the time *A Conspiracy So Immense* David M. Oshinsky, 2005 With a storyteller's eye for the dramatic presentation of fact and insightful interpretation of human complexity Oshinsky uncovers the layers of myth to reveal the true Joe McCarthy and the forces that launched him to prominence and decline *Demagogue* Larry Tye, 2020 A Joe McCarthy chronology Coming alive Senator who Anism is born Bully's pulpit Behind closed doors The body count The enablers Too big to bully The fall

The Life and Times of Joe McCarthy Thomas C. Reeves, 1997 Reeves history U of Wisconsin maintains that common portrayals of Joe McCarthy as amoral and ruthless ignore the figure's intelligence religious conviction and generosity He feels that McCarthy's activities as a communist hunter should be placed in the historical context of the Cold War and the Red Scare of the time A reprint of the 1982 Stein and Day edition Annotation copyrighted by Book News Inc Portland OR
