*Joseph Johnson* Gerald P. Tyson, **Joseph Johnson** Gerald P. Tyson, 1979 **The Joseph Johnson Letterbook** Joseph Johnson, 2016 The Joseph Johnson Letterbook is the first scholarly edition of the correspondence of the influential publisher Joseph Johnson 1738 1809 Best known today for his work with politically progressive figures such as Mary Wollstonecraft and Joseph Priestley over the course of his career Johnson was involved in the publication of thousands of works on a breathtaking range of subjects from travel narratives to scientific writing to children's books Johnson was also something of an impresario and given his active involvement in shaping the books he published he appears in the longue durée of eighteenth and nineteenth century British print culture as a gateway figure in the slow transition from patronage to marketplace The Joseph Johnson Letterbook brings into print for the first time over two hundred of Johnson's letters from archives around the world Dinner with Joseph Johnson Daisy Hay, 2022-11-15 A fascinating portrait of a radical age through the writers associated with a London publisher and bookseller from William Wordsworth and Mary Wollstonecraft to Benjamin Franklin Once a week in late eighteenth century London writers of contrasting politics and personalities gathered around a dining table The veal and boiled vegetables may have been unappetising but the company was convivial and the conversation brilliant and unpredictable The host was Joseph Johnson publisher and bookseller a man at the heart of literary life In this book Daisy Hay paints a remarkable portrait of a revolutionary age through the connected stories of the men and women who wrote it into being and whose ideas still influence us today Johnson's years as a publisher 1760 to 1809 witnessed profound political social cultural and religious changes from the American and French revolutions to birth of the Romantic age and many of his dinner guests and authors were at the center of events The shifting constellation of extraordinary people at Johnson's table included William Blake William Wordsworth Samuel Taylor Coleridge Benjamin Franklin the scientist Joseph Priestly and the Swiss artist Henry Fuseli as well as a group of extraordinary women Mary Wollstonecraft the novelist Maria Edgeworth and the poet Anna Barbauld These figures pioneered revolutions in science and medicine proclaimed the rights of women and children and charted the evolution of Britain's relationship with America and Europe As external forces conspired to silence their voices Johnson made them heard by continuing to publish them just as his table gave them refuge A rich work of biography and cultural history Dinner with Joseph Johnson is an entertaining and enlightening story of a group of people who left an indelible mark on the modern age Romanticism, Publishing and Dissent H. Braithwaite, 2002-12-10 Joseph Johnson 1738 1809 was arguably the foremost bookseller of the late eighteenth century in England publishing Joseph Priestley William Cowper Anna Laetitia Barbauld Mary Wollstonecraft Wordsworth and Coleridge among others and his output closely linked to the turbulent events of his age This book seeks to reassess the reputation of a man unfairly condemned in his own time as a dangerously radical publisher and how far the works he published tended to promote the case for religious and political reform *The Enlightenment and the Book* Richard B.

Sher,2008-09-15 The late eighteenth century witnessed an explosion of intellectual activity in Scotland by such luminaries as David Hume Adam Smith Hugh Blair William Robertson Adam Ferguson James Boswell and Robert Burns And the books written by these seminal thinkers made a significant mark during their time in almost every field of polite literature and higher learning throughout Britain Europe and the Americas In this magisterial history Richard B Sher breaks new ground for our understanding of the Enlightenment and the forgotten role of publishing during that period The Enlightenment and the Book seeks to remedy the common misperception that such classics as The Wealth of Nations and The Life of Samuel Johnson were written by authors who eyed their publishers as minor functionaries in their profession To the contrary Sher shows how the process of bookmaking during the late eighteenth century involved a deeply complex partnership between authors and their publishers one in which writers saw the book industry not only as pivotal in the dissemination of their ideas but also as crucial to their dreams of fame and monetary gain Similarly Sher demonstrates that publishers were involved in the project of bookmaking in order to advance human knowledge as well as to accumulate profits The Enlightenment and the Book explores this tension between creativity and commerce that still exists in scholarly publishing today Lavishly illustrated and elegantly conceived it will be must reading for anyone interested in the history of the book or the production and diffusion of Enlightenment thought

Waters,2004-08-04 This book examines professional literary criticism by Romantic era British women to reveal that while developing a conscious professionalism women literary critics helped to shape the aesthetic models that defined Romantic era literary values and made the British literary heritage a source of national pride Women critics understood the contested nature of aesthetics and the public implications of aesthetic values on questions such as morality both public and private the nation s cultural heritage even the essential qualities of Britishness itself **The Life of Samuel Taylor Coleridge**
