GAYLE **Nottingham Harbor** Jack Lorenz, 2015-05-04 When I started to write the novel NOTTINGHAM HARBOR it was to just be a fictional crime novel set in northern New England After working on the story and reading about the DNA analysis stories I realized the novel had a very significant purpose It was and is the story of how to catch serial rapist after law enforcement has the results from the DNA analysis The story is about a task force attempting to identify a number of rapist DNA does not identify the criminal The FBI maintains a database called CODIS This is a database of DNA of persons convicted of crimes Unless a person has been convicted of a crime their DNA is NOT in CODIS The Author Jack Lorenz of NOTTINGHAM HARBOR fully agrees with this legal restriction When the DNA from the rape kits is determined very few of the results match the DNA in CODIS Rape is a unique type of crime Most criminals do NOT rape in addition to other crimes So very few rapist are in the CODIS database So in a number of jurisdictions where several hundred to a thousand rape kits have been analyzed only two or three rapist are identified The secondary problem is that the serial rapists move from jurisdiction to jurisdiction and only rape once in each jurisdiction It is very difficult to identify the rapist with the information from only one case Use of the physical characteristics of the criminal and the DNA must be used to tie cases together This is what the team of Mattie Greene the mathematics teacher and Sergeant Bill Simpson do in NOTTINGHAM HARBOR They find a common denominator between the cases with regard to the identity of the rapist Since rapists like other people must reside work eat and drink at physical places these types of information can be used to identify the specific person The techniques in the fictional story are the methods required in the real world to catch these dangerous criminals DNA will not catch but a few rapists There may be as many as 2000 rapists running around North America They rape randomly on the streets of this country and Canada The police and district attorneys in United States must work across jurisdictional lines as in NOTTINGHAM HARBOR Beside a good story the novel has a higher purpose It explains how to identify and catch these violent criminals The other fact about these criminals is some of them are murders in addition to being rapists If you are victim of a rape then you need to urge the local police to work with other jurisdictions and using technique similar those in NOTTINGHAM HARBOR identify and catch the rapist This is the purpose of the novel in addition to being a good story Enjoy the novel The South Carolina Lizard Man Rhyne, Nancy, In 1846 while exploring the swamp on their South Carolina rice plantation fifteen year old twins Josh and Matt find a six foot tall lizardlike creature that walks on its hind legs Goddess Seeker Stan Talbott, 2011-04 Goddess Seeker is the account of Steven Jennys immersion in the Nike Culture allowing the religious like experience to motivate influence and alter his thoughts and actions while shaping his way of life It begins when he hears the voice of the late American distance runner Steve Prefontaine say See find J Steven Jenny interprets the Prefontaine voice as guiding him to find Nike the Greek goddess of Victory Following his search through an Internet dating site he selects three Jens who fit his ideal of the goddess Nike Simultaneous to the pursuit of these three goddesses Steven Jennys dream of a 3on3 basketball event outside Portlands Rose Garden arena begins blossoming After running in Pres

Boyhood Days - Book 2 Dennis Adonis,2012-01-05 Boyhood Days Book two is part of a five piece collection of Caribbean Narratives which is revered to some extent on the actual experiences of the author and a host of other people in his time and collectively combined to form a single story In reality all of the events mentioned in the book and played by its main characters are actually a combination of experiences of the author and other persons which had sometimes occurred in different places to different persons other than the author and at different time periods but arrayed together to form one consistent line of occurrences While the entire activities of the book itself are grounded entirely in Guyana then British Guiana the book s main imaginary character Joshua Williams called Josh depicts a life that resonates broadly across our Caribbean culture in the 1960 s and more or less depicts the generally live loose nature of our Caribbean people in those times Those were the times when there were no television sets no Ipods no computers no microwaves no mobile phones and no major technological innovations Those were the times when in despite of the absence of these novelties people lived more happily showed more tolerance for each other demonstrated respect for the elderly and were never knowingly short of food as every neighbours pot was always open to the other Those were the times when a man s word was as good as his handshake and his promise was as genuine as 24 karat gold Indeed those were the times when children were playful yet committed to the tasks bestowed upon them Those were the days when boys played cricket in the streets and endured the black sage whip fuh cussin and breaking their neighbours glass windows Those were the days when you ketch patwa and houri strayed whole day and mercilessly steal from the neighbours fruit trees Yes my Caribbean friends those were the wonderful days that you embrace with nostalgia and craze Yes you and I would always remember our Boyhood Days
