## **Journal Of Modern History Volume 64 Number:**

The journal of modern history ,1929      **The Politics of Religion in Soviet-Occupied Germany** Sean

Brennan,2011-11-25 This book discusses the religious policies of the Soviet military authorities and their allies in the Socialist Unity Party in the Soviet zone but more importantly who devised them how they did so and how they attempted to implement them In doing so it illustrates how the Soviet authorities recreated the Soviet zone along Stalinist lines with regards to religious policy a process which they implemented throughout all of Eastern Europe as well in East Germany While I examine how these policies were devised I place greater emphasis on their implementation in the Soviet zone especially its most important province Berlin Brandenburg Furthermore this book demonstrates how the leadership of the Churches responded to the policies of the Soviet military authorities and their allies in the Socialist Unity Party especially after they took and increasingly anti religious tone during the late 1940s The diverse responses of the Church leadership in the Evangelical Church during the Soviet occupation reveal the foundations of the eventual break within the leadership of the Evangelical church in the 1960s over the issue of how to deal with the atheist SED regime At the same time the stances of Evangelical Bishop Otto Dibelius and the Catholic Bishop Konrad von Preysing as stalwart opponents of the creation of the second German dictatorship in the 1940s demonstrate how Churches would become central actors in the East German dissident movement in the 1970s and 1980s      **St. Georgen - Gusen - Mauthausen** Rudolf A. Haunschmied,Jan-Ruth Mills,Siegi Witzany-Durda,2007 This study discusses the Mauthausen concentration camp complex with facilities in St Georgen and Gusen Austria Using information from local sources camp survivors and archives it focuses on the SS industrial infrastructure and the underground earth and stone works factory where concentration camp prisoners were forced to labor

**Female Administrators of the Third Reich** Rachel Century,2017-08-10 This book compares female administrators who specifically chose to serve the Nazi cause in voluntary roles with those who took on such work as a progression of established careers Under the Nazi regime secretaries SS Helferinnen female auxiliaries for the SS and Nachrichtenhelferinnen des Heeres female auxiliaries for the army held similar jobs taking dictation answering telephones sending telegrams Yet their backgrounds and degree of commitment to Nazi ideology differed markedly The author explores their motivations and what they knew about the true nature of their work These women had access to information about the administration of the Holocaust and are a relatively untapped resource Their recollections shed light on the lives love lives and work of their superiors and the tasks that contributed to the displacement deportation and death of millions The question of how gender intersected with Nazism repression atrocity and genocide forms the conceptual thread of this book      *Communication, Legitimation and Morality in Modern Politics* Uriel Abulof,Markus Kornprobst,2017-11-28 Why This question drives scientific inquiry not least in the social sciences why war revolution racism and inequality Asking and debating about why however is not the prerogative of scholars social actors endowed with thought reflection and speech do it too While we all dance to the

beat of genes emotions identities and habituated norms we occasionally stop to ask why The social sciences have been long preoccupied with the ostensibly objective why while sidelining the social intersubjective why This book focuses on the latter analysing the social actors search for justification in their public political sphere Justifications broadly understood are answers to why questions given and debated by social actors The chapters focus on public justifications While the contributors do not submit that private encounters addressing why questions do not matter they choose to put public encounters addressing these questions under scrutiny Given the ongoing telecommunications revolution and new political practices associated with it these public encounters become increasingly pertinent in our evolving political orders This book originally published as a special issue in Contemporary Politics Love in Vienna Barry G. Gale, 2015-11-02 For many decades critics and supporters of Freudian theory have debated the exact nature of Freud's relationship with his sister in law This book examines the arguments pro and con in light of recently exposed evidence the first study to do so in depth For many decades controversy has surrounded the exact nature of famed psychoanalyst Sigmund Freud's relationship with Minna Bernays his sister in law Why did Freud and Bernays travel alone together on many occasions Why did she seem to be so much closer to Freud than his own wife Martha The idea that Freud and Minna Bernays had a long standing affair an allegation that Freudians typically deny was first mentioned by Carl Gustav Jung an early supporter of Freud's and later a critic Love in Vienna The Sigmund Freud Minna Bernays Affair provides the first comprehensive look at the relationship and offers conclusions as to its nature and the implications for Freud's life and work Organized logically the book provides background information regarding the two chief antagonists in the story Sigmund Freud and Carl Gustav Jung It then presents and critically analyzes arguments for and against there having been an affair Finally it looks closely at Freud's relationships with both Minna Bernays and his wife Martha Minna's sister and offers conclusions as to the exact nature of Freud's relationship with Bernays Beyond fascinating those studying Freud or his theories this work's subject matter and insights will appeal to readers interested in the history of psychology psychoanalysis and psychiatry the intellectual history of Europe the history of sex and manners the history of ideas the fin de siècle period in Vienna and the history of medicine

**Jacques Maritain and the Moral Foundation of Democracy** John DiJoseph, 1996 In this book John DiJoseph probes the philosophical presuppositions that undergird Jacques Maritain's political theory particularly his theory that democracy and Christianity are inexorably linked Maritain's theory of democracy is particularly relevant today with the ascendancy of what Maritain called bourgeois liberal democracy in the United States and Western Europe a type of democracy that Maritain thought would lead to the eventual demise of Western culture In opposition to the bourgeois liberal democracy Maritain posited a personalist democracy with a uniquely Christian soul DiJoseph traces the historical and philosophical development of Maritain's debt to Henri Bergson and Alexis De Tocqueville and Maritain's break with classical Christian and Catholic political thought The book will not only appeal to scholars of history and political science but also to those

concerned with the current debate over the philosophical basis of democracy and the cultural decline of the West **The Voice of England in the East** Steven Richmond, 2014-06-06 In the time of the Great Powers Stratford Canning served as British ambassador to the Ottoman Empire during several long missions throughout the first half of the nineteenth century Drafted into diplomacy by his older cousin and mentor the statesman George Canning Stratford arrived in the Ottoman capital at the age of 22 in January 1809 at the height of the Napoleonic Wars He concluded his final mission there in October 1858 more than two years after the end of the Crimean War His name became synonymous across Europe with the so called Eastern Question the imperial contest between the Powers for leverage in the Levant Canning was a prominent figure in major diplomatic episodes of the period including the crucial peace treaty reached by the Ottomans and Russians in late May 1812 only weeks before Napoleon's invasion of Russia the war of Greek independence in the 1820s and the negotiation of an independent Greek state in 1832 and the preliminaries of the Crimean War in 1853 He witnessed and documented dramatic moments of Ottoman politics such as the Vaka i Hayriye or Auspicious Event the elimination of the ancient elite palace guards the Janissaries by Sultan Mahmud II in June 1826 For decades Canning supported the Ottoman reform movement and he played a role in developments preceding Sultan Abdulmecit's abolition of capital punishment for apostasy from Islam in March 1844 In *The Voice of England in the East* Steven Richmond reconstructs the imperial objectives and diplomatic practices of the period and depicts the characters customs and scenes of Konstantiniyye Ottoman Constantinople Based upon Canning's personal archive British and Ottoman diplomatic records newspaper accounts correspondence and memoirs the result is an original study of East West relations and a novel portrait of empire at the dawn of the industrial era

**Governing Gaeldom** Allan D. Kennedy, 2014-04-03 Conventional accounts of the Scottish Highlands tend to assume that they remained detached from the mainstream of British affairs until well into the eighteenth century In *Governing Gaeldom* Allan Kennedy challenges this perception through detailed analysis of the relationship between the Highlands and the Scottish state during the reigns of Charles II and James VII II Drawing upon a wide range of sources Kennedy traces the political social ecclesiastical and economic linkages between centre and periphery demonstrating that the Highlands were much more tightly integrated than hitherto assumed At the same time he reconstructs the development of Highland policy placing it within its proper context of the absolutist pretensions of the late Stuart monarchy The result is a thorough reinterpretation which offers fresh insights into the process of state formation in early modern Britain The volume has been awarded the Frank Watson Book Prize for 2015 For more details see [https://www.uoguelph.ca/scottish/frank\\_watson](https://www.uoguelph.ca/scottish/frank_watson) This title is shortlisted for the Saltire Society 2014 History Book of the Year Award For more details see <http://www.saltiresociety.org.uk/awards/literature/literary-awards/scottish-history-book-of-the-year-2014-history-book-shortlist> Studies in the History of Tax Law, Volume 3 John Tiley, 2009-09-17 This work on the history of tax law presents the papers delivered at the third Tax Law History Conference in 2006 organised by the Centre for Tax Law in the Law Faculty at Cambridge University The papers

deal with a range of topics and though the breadth of topics is broad it is not devoid of pattern The majority of the papers deal with themes connected with continental Europe law and empire international law and the problems of progression and the tax system As a whole the papers by leading tax scholars from all over the world once again illustrate a wide variety and depth of learning on tax history and highlight the important issues waiting to be investigated in this rapidly growing field of scholarship

*The Oxford History of Modern German Theology, Volume 1: 1781-1848* Grant Kaplan, Kevin M. Vander Schel, 2023-05-20 From the closing decades of the eighteenth century German theology has been a major intellectual force within modern western thought closely connected to important developments in idealism romanticism historicism phenomenology and hermeneutics Despite its influential legacy however no recent attempts have sought to offer an overview of its history and development Oxford History of Modern German Theology Vol I 1781 1848 the first of a three volume series provides the most comprehensive multi authored overview of German theology from the period from 1781 1848 Kaplan and Vander Schel cover categories frequently omitted from earlier overviews of the time period such as the place of Judaism in modern German society race and religion and the impact of social history in shaping theological debate Rather than focusing on individual figures alone Oxford History of Modern German Theology Vol I 1781 1848 describes the narrative arc of the period by focusing on broader intellectual and cultural movements ongoing debates and significant events It furthermore provides a historical introduction to each of the chronological subsections that divides the book Moreover unlike previous efforts to introduce this time period and geographical region the volume offers chapters covering such previously neglected topics as religious orders the influence of Romantic art secularism religious freedom and important but overlooked scholarly initiatives such as the Corpus Reformatorum Attention to such matters will make this volume an invaluable repository of scholarship and knowledge and an indispensable reference resource for decades to come

**Lusitania** Greg King, Penny Wilson, 2015-02-24 Lusitania She was a ship of dreams carrying millionaires and aristocrats actresses and impresarios writers and suffragettes a microcosm of the last years of the waning Edwardian Era and the coming influences of the Twentieth Century When she left New York on her final voyage she sailed from the New World to the Old yet an encounter with the machinery of the New World in the form of a primitive German U Boat sent her and her gilded passengers to their tragic deaths and opened up a new era of indiscriminate warfare A hundred years after her sinking Lusitania remains an evocative ship of mystery Was she carrying munitions that exploded Did Winston Churchill

engineer a conspiracy that doomed the liner *Lost* amid these tangled skeins is the romantic vibrant and finally heartrending tale of the passengers who sailed aboard her. Lives, relationships and marriages ended in the icy waters off the Irish Sea; those who survived were left haunted and plagued with guilt. Now authors Greg King and Penny Wilson resurrect this lost glittering world to show the golden age of travel and illuminate the most prominent of Lusitania's passengers. Rarely was an era so glamorous; rarely was a ship so magnificent and rarely was the human element of tragedy so quickly lost to diplomatic maneuvers and militaristic threats.

*Venice and the Slavs* Larry Wolff, 2001. This book studies the nature of Venetian rule over the Slavs of Dalmatia during the eighteenth century, focusing on the cultural elaboration of an ideology of empire that was based on a civilizing mission toward the Slavs. The book argues that the Enlightenment within the Adriatic Empire of Venice was deeply concerned with exploring the economic and social dimensions of backwardness in Dalmatia in accordance with the evolving distinction between Western Europe and Eastern Europe across the continent. It further argues that the primitivism attributed to Dalmatians by the Venetian Enlightenment was fundamental to the European intellectual discovery of the Slavs. The book begins by discussing Venetian literary perspectives on Dalmatia, notably the drama of Carlo Goldoni and the memoirs of Carlo Gozzi. It then studies the work that brought the subject of Dalmatia to the attention of the European Enlightenment: the travel account of the Paduan philosopher Alberto Fortis, which was translated from Italian into English, French, and German. The next two chapters focus on the Dalmatian inland mountain people called the Morlacchi, famous as savages throughout Europe in the eighteenth century. The Morlacchi are considered first as a concern of Venetian administration and then in relation to the problem of the noble savage, anthropologically studied and poetically celebrated. The book then describes the meeting of these administrative and philosophical discourses concerning Dalmatia during the final decades of the Venetian Republic. It concludes by assessing the legacy of the Venetian Enlightenment for later perspectives on Dalmatia and the South Slavs from Napoleonic Illyria to twentieth-century Yugoslavia.
