Hessians Friederike Baer, 2022 Between 1776 and 1783 Britain hired an estimated 30 000 German soldiers to fight in its war against the Americans Collectively known as Hessians the soldiers and accompanying civilians including women and children spent extended periods of time in locations as dispersed and varied as Canada in the North to West Florida and Cuba in the South This study examines how they experienced and described the war they fought in the land they traversed and the people they encountered Based chiefly on their own writings including a large body of letters and diaries the book offers a ground breaking reimagining of Britain s war against American independence

Fractured Frontiers Mónica Jato, John Klapper, 2020 A comparative study of inner and territorial forms of literary exile under Nazism and Francoism proposing an integrative model of exile that emphasizes common approaches and themes rather than division

Multispecies Futures Roman Bartosch, Liza B. Bauer, Alexandra Böhm, Micha Gerrit Philipp Edlich, Greta Gaard, Björn Hayer, Andreas Hübner, Michaela Keck, Maria Moss, Jobst Paul, Mieke Roscher, Pamela Steen, Nils Steffensen, 2022-06-14 In light of the dramatic growth and rapid institutionalization of human animal studies in recent years it is somewhat surprising that only a small number of publications have proposed practical and theoretical approaches to teaching in this inter and transdisciplinary field Featuring eleven original pedagogical interventions from the social sciences and the humanities as well as an epilogue from ecofeminist critic Greta Gaard the present volume addresses this gap and responds to the demand by both educators and students for pedagogies appropriate for dealing with environmental crises The theoretical and practical contributions collected here describe new ways of teaching human animal studies in different educational settings and institutional contexts suggesting how learners equipped with key concepts such as agency or relationality can develop empathy and ethical regard for the more than human world and especially nonhuman animals As the contributors to this volume show these cognitive and affective goals can be achieved in many curricula in secondary and tertiary education By providing learners with the tools to challenge human exceptionalism in its various guises and related patterns of domination and exploitation in and outside the classroom these interventions also contribute to a much needed transformation not only of today s educational systems but of society as a whole This volume is an invitation to beginners and experienced instructors alike an invitation to re consider how we teach human animal studies and how we could and should prepare learners for an uncertain future in ideally a more egalitarian and just multispecies world With contributions by Roman Bartosch Liza B Bauer Alexandra B hm Micha Gerrit Philipp Edlich Greta Gaard Bj rn Hayer Andreas H bner Michaela Keck Maria Moss Jobst Paul Mieke Roscher Pamela Steen and Nils Steffensen

Matthew Guerrieri, 2014-03-04 A TIME Magazine Top 10 Nonfiction Book of 2012 A New Yorker Best Book of the Year Los

Angeles Magazine s 1 Music Book of the Year This revelatory book of music history examines what is perhaps the best known and most popular symphony ever written and its famous four note opening Reaching back before Beethoven s time Matthew Guerrieri uncovers premonitions of the opening notes in the rhythms of ancient Greek poetry and the music of the French Revolution He discusses the Fifth s impact when it premiered tracing the artistic philosophical and political reverberations across Europe to China Russia and the United States from Romanticism to ring tones from propaganda to pop This fascinating piece of musical detective work is a treat for music lovers of every stripe **Heinrich Böll and Ireland** Gisela Holfter,2011-07-12 Nobel Prize winning author Heinrich Böll s *Irishes Tagebuch* Irish Journal which was first published in 1957 has been read by millions of German readers and has had an unsurpassed impact on the German image of Ireland But there is much more to Heinrich Böll s relationship with Ireland than the *Irishes Tagebuch* In this new book Böll scholar Gisela Holfter carefully charts Heinrich Böll s personal and literary connections with Ireland and Irish literature from his reading Irish fairytales in early childhood to establishing a second home on Achill Island and his and his wife Annemarie s translations of numerous books by Irish authors such as Brendan Behan J M Synge G B Shaw Flann O Brien and Tom s O Crohan This book also examines the response in Ireland to Böll s works notably the controversy that ensued following the broadcast of his film *Irland und seine Kinder* Children of Eire in the 1960s Heinrich Böll and Ireland offers new insights for students academics and the general reader alike **George Rochberg, American Composer** Amy Lynn Wlodarski,2019 George Rochberg *American Composer* is the first comprehensive study devoted to tracing and putting into a rich cultural context the career of George Rochberg widely acknowledged as one of the most prominent musical postmodernists Drawing from unpublished materials including diaries letters sketches and personal papers the book traces the impact of two specific personal traumas Rochberg s service as an infantryman in World War II and the premature death of his son on his work as a leading composer college educator and public intellectual The book significantly expands our understanding of Rochberg s creative work by reconstructing and examining the earliest seeds of his aesthetic thinking which took root while he served in Patton s Third Army and following their development through his mature compositional period into the final stages of his long career It argues that Rochberg s military service was a transformative life experience for the young humanist one that crucially shaped his worldview and influenced his artistic creativity for the next sixty years As such it reveals personal trauma and aesthetic recovery to be the basis of Rochberg s postwar ideas about humanism musical quotation and neotonicity Amy Lynn Wlodarski is associate professor of music at Dickinson College Support for this publication was provided by the Howard Hanson Institute for American Music at the Eastman School of Music at the University of Rochester

Catholic Church and Christian State Joseph Hergenröther,1876 Perfection's Therapy Mitchell B. Merback,2018-02-09 A deft reinterpretation of the most zealously interpreted picture in the Western canon as a therapeutic artifact Albrecht Dürer s famous portrayal of creative effort in paralysis the unsurpassed masterpiece of copperplate

engraving titled Melencolia I has stood for centuries as a pictorial summa of knowledge about the melancholic temperament a dense allegory of the limits of earthbound arts and sciences and the impossibility of attaining perfection Dubbed the image of images for being the most zealously interpreted picture in the Western canon Melencolia I also presides over the origins of modern iconology art history's own science of meaning Yet we are left with a clutter of mutually contradictory theories a historiographic ruin that confirms the mood of its object In Perfection's Therapy Mitchell Merback reopens the case file and argues for a hidden intentionality in Melencolia's opacity its structural chaos and its resistance to allegorical closure That intentionality he argues points toward a fascinating possibility never before considered that Dürer's masterpiece is not only an arresting diagnosis of melancholic distress but an innovative instrument for its undoing Merback deftly resituates Dürer's image within the long history of the therapeutic artifact Placing Dürer's therapeutic project in dialogue with that of humanism's founder Francesco Petrarca Merback also unearths Dürer's ambition to act as a physician of the soul Celebrated as the Apelles of the black line in his own day and ever since as Germany's first Renaissance painter theorist the Dürer we encounter here is also the first modern Christian artist addressing himself to the distress of souls including his own Melencolia thus emerges as a key reference point in a venture of spiritual ethical therapy a work designed to exercise the mind restore the body's equilibrium and help in getting on with the undertaking of perfection
