Let Ministry Teach

Robert L. Kinast, 1996 Relating theology to the practice of ministry is one of the most elusive goals in pastoral training. Drawing upon seventeen years of experience in theology, Doctor Kinast describes a step by step approach to help students and experienced ministers learn what their ministry teaches. Through examples, practical suggestions and principles grounded in process theology, readers of *Let Ministry Teach* explore the full range of resources needed for meaningful theological reflection. *Let Ministry Teach* strikes a clear balance between a very broad and detailed presentation of a theological reflection method so that it is neither too simplistic nor too hard to handle. Each chapter describes a fundamental step in the method with the help of an illustration and commentary. Chapters conclude with a list of practical suggestions and a short description of the theoretical background and its main points. The challenge of theological reflection is to keep theology in the authentic experience of God's presence in our midst. *Let Ministry Teach* places this reflection in context in a small group where it works best as a meaningful experience, one that has an impact and initiates discussion as a faith theological perspective reflecting on experience from many points of view as a practical outcome where a person is in a better position to guide events according to one's beliefs and as a continuous process, a skill which must be practiced. In *Let Ministry Teach*, Doctor Kinast develops a successful way of doing theological reflection which includes selecting an experience focusing on the meaningful moments, describing an experience, making it available for reflection, entering an experience, learning what it has to teach, learning from an experience, grasping what it teaches by relating it to what a person already knows and what the experience suggests is yet to be learned, and enacting the learning, incorporating the learning into a pattern of living and theological reflection. The true basis of theological reflection, a full, deep, meaningful embrace of life, is learned from one's own experience. Respectful of the full range of theological resources available for reflection and mindful of the primary goal of recognizing God's presence and responding to it, theological reflection weaves experience and theology together into a way of life that continues the journey begun when Jesus first appeared. *Let Ministry Teach* is offered as a companion for those on that journey. Robert L. Kinast, a pastoral theologian, specializes in the field of theological reflection. Through the publications and services of the Center for Theological Reflection, Indian Rocks Beach, Florida, he contributes to the ministry training programs of many denominations in the United States and Canada. He is the author of the Vatican II Act II series and *Mirror Meditations: Praying with the Images of Vatican II*, published by Liturgical Press. The Effective Pastor Robert C. Anderson, 1998-10-01 What can I say to parents who have lost an infant? Where do I find the time to be a good pastor and a loving husband and father too? These are just some of the tough questions most pastors ask at one time or another. And the answers don't come easy. Robert Anderson's practical guide to the pastoral ministry highlights the many aspects of a pastor's job: his qualifications, prerequisites and requirements, his relationships with his wife and family, his

congregation those outside the congregation and in counseling and visitation his tasks including worship services the Lord's Supper and baptism evangelism weddings funerals and special events his administrative tasks such as public relations correspondence Christian education youth and music ministries and encouraging fellowship Here is a volume of excellent ideas advice and general rules for the contemporary pastor in his ever changing ministry Lay Presidency at the Eucharist? Nicholas Taylor, 2009-07-21 Nicholas Taylor provides an Anglican theological approach to the controversial questions surrounding the demand for allowing lay ministers to preside at the Eucharist This is a pressing issue thoroughly reviewed and addressed Religious Studies and Theology Helen Katharine Bond, Helen R. Bond, Seth D. Kunin, Francesca Murphy, 2003-05 Though they are intimately related most textbooks cover either religious studies or theology leaving students lacking in exposure to one or the other of these associated disciplines Religious Studies and Theology An Introduction offers a comprehensive introduction to both subjects in one inclusive volume The text is written in an accessible style and is meant for beginning students and all those interested in learning about these fields It is divided into six sections including Theories of Religion World Religions Biblical Studies Practical Theology Systematic Theology and The Philosophy of Religion The volume also contains a guide for further reading as well as boxes to explain key terms Offering thorough and cutting edge coverage of all aspects of these fields it is the only introduction to the whole of religious studies and theology in a single volume format Contributors Douglas J Davies Seth D Kunin Hugh Goddard Martin A Mills Matthew Wood F Michael Perko Paul Ellingworth Ken Aitken Helen K Bond John Swinton Henry R Sefton Francesca Aran Murphy and Derek Cross Nursing Mirror, 1983-09 SCM Studyguide Pastoral Theology Margaret Whipp, Michael Byrne, 2013 The SCM Studyguide Pastoral Theology designed to support undergraduate courses for the training of clergy and lay pastoral workers at an accessible introductory level The book aims to develop pastoral wisdom and integrity through a critical integration of theology and the human sciences Introducing key themes in theological anthropology and pastoral practice it shapes a creative pastoral vision which is deeply rooted in a Christian vision of what it means to be human and what it takes to care Working with case studies the book will introduce broad frameworks of understanding of issues such as growth loss and sexuality together with critical perspectives on important aspects of practice such as language power and boundaries The book provides an accessible overview of key concepts in pastoral theology offering key entry points for further discussion and study Each chapter includes discussion questions and or reflective exercises at the end of each chapter together with a short bibliography Throughout the text key summaries of learning will be indicated by boxed Practice Points **The Practice of Pastoral Care** Carrie Doehring, 2006-01-01 Drawing on psychological theological and cultural studies on suffering Carrie Doehring encourages counselors to view their ministry through trifocal lenses and include approaches that are premodern apprehending God through religious rituals modern consulting rational and empirical sources and postmodern acknowledging the contextual nature of knowledge Utilizing strategies from all three perspectives Doehring describes the

basic ingredients of a caregiving relationship shows how to use the caregiver's life experience as a source of authority and demonstrates how to develop the skill of listening and establish the actual relationship. She then explains the steps of psychological assessment, systemic assessment and theological reflection and finally she delineates the basic steps for plans of care attending to the careseeker's safety, building trust, mourning losses and reconnecting with the ordinariness of life.

Theological Reflection: Methods Elaine Graham, 2013-01-25 This is the first in a two part project aimed at postgraduates and academics interested in the expanding volume of work and research surrounding theological reflection. Brought together in Volume one is a comprehensive collection of models of theological reflection. By bringing this diverse collection together in one place the editors create a unique reference work that allows a clear and visible contrast and comparison as each model is treated formally and in a standard format. Throughout each chapter the distinguishing features of the model are examined, the genealogy and origins are discussed, worked examples of the model applied to contemporary theology are provided and critical commentary, future trends and exercises and questions are provided. **Paid to Care?** Alastair V. What Counsellors and Spiritual Directors Can Learn from Each Other Peter Madsen Gubi, 2017-04-21 This new collection explores the intersection of spiritual direction and counselling. It considers the ways in which they can enhance each other to provide better therapeutic and pastoral care. **Spiritual Formation in Local Faith Communities** Neil Pembroke, Ewan Kelly, Theo Pleizier, William S. Schmidt, Jan-Albert van den Berg, 2022-03-31 Spiritual formation in our local churches is too often poorly done or it is virtually nonexistent. We developed this innovative approach to spiritual formation in the congregation because it is desperately needed. The prompt cards are used to spark deep reflection and shape potentially life transforming conversations with a pastor around spiritual practices, spiritual character, personal and social ethics and emotional well being. The model was trialed in five countries. We heard time and time again how the six week process fired a passion to go deeper with Christ. Some reported praying regularly for the first time in decades. Others found the Scriptures coming alive after years of going through the motions. In this book the authors present a simple but powerful method and offer in depth theological reflection on related issues. Some of the important areas covered are early church approaches to spiritual formation, contemporary spiritual practices, spiritual character, the indissoluble link between spirituality and moral virtue, the spirituality of the pastor and the positive psychology approach. **RIC.**, 1983 *The A.M.E. Zion Quarterly Review*, 1986 [Oxford Textbook of Spirituality in Healthcare](#) Mark Cobb, Christina M Puchalski, Bruce Rumbold, 2012-08-09 Spirituality and healthcare is an emerging field of research, practice and policy. Healthcare organisations and practitioners are therefore challenged to understand and address spirituality to develop their knowledge and implement effective policy. This is the first reference text on the subject providing a comprehensive overview of key topics. **City of God?** Nicholas Bradbury, 1989 **Exploring Integrity in the Christian Church** Simon Robinson, 2024-09-04 This book presents a
