Learning To Live Again A Guide For The Recovering Addict:

Learning to Live Again Jill S., Brian S., 1991 Most newly recovering drug addicts and alcoholics are hungry for information that can help them better understand their disease and how they can conquer it The problem is that many of today's books on chemical dependency consist of wordy psychological analysis that is likely to discourage rather than motivate newcomers For addicts who are considering or have just started a recovery programme this book offers a simple look at what it takes to become and remain drug free

Addiction Irving A. Cohen, 1995 Billions of dollars have been expended on educating the public about the dangers of drug and alcohol addiction Despite these massive expenditures the powerful vortex of addiction continues Why Irving Cohen MD looks at the profile of the addict the nature of addiction the pharmacologic nature of the drugs and explains the roller coaster syndrome that can trap innocent people

Addiction The High Low Trap offers a unique perspective for both the addict and society on how to approach this problem

Girlfriend of Bill Karen Nagy, 2014-04-01 If you are dating sheltering in place with or married to someone who's walking the way of 12 step recovery you may be mystified by the landscape and language of the recovery community and wondering how you fit in to your partner's plan Karen Nagy's book is for you This ground breaking guide provides twelve key points you need to know about dating a person in addiction recovery Gain a greater understanding of your companion's recovery program and personality traits while learning to identify red flags in order to build confidence for a successful relationship Being in a new relationship is hard enough but if the person you're dating is a recovering alcoholic or addict there may be more to consider than just mutual interests and attraction For Karen Nagy dating a recovering alcoholic felt in some ways like she was seeing someone from another planet with his own language culture and social behaviors With humor compassion and a great respect for what it takes to recover from an addiction this first of its kind field guide offers an inside scoop on what people do in all those Twelve Step meetings why they need a sponsor what is a sponsor and why phrases like Live and Let Live and Easy Does It keep creeping into your conversations Nagy offers twelve key points that you need to know about dating a person in recovery She also helps you identify the warning signs of developing your own codependent tendencies by playing into your partner's addictive thinking and behavior and what to do about it By gaining a greater understanding of your companion's recovery program you can help them stay sober learn how to deal with character flaws and also build your confidence in the potential for a healthy successful relationship

Medical Perspectives on Human Trafficking in Adolescents Kanani E. Titchen, Elizabeth Miller, 2020-07-01 Human trafficking is an increasingly large issue in medicine particularly for the adolescent population The pubertal and neurologic development of early and mid adolescence may serve as a foothold for trauma bonds and human trafficking To date there are few case studies of human trafficking in the medical literature More often these cases are missed and human trafficking patients are unlikely to disclose their victimization to their physicians for multiple reasons As a result physicians fail to ask key questions and fail to notice important red flags for human trafficking Research shows that this is primarily due to a lack of medical training and awareness and a resultant denial on the part of many physicians that victims of human trafficking present to their clinics or specialties div This book provides clinicians with a case based guide to scenarios they may encounter in their practice that involve human trafficking These cases include those involving sex trafficking and labor trafficking male and female and transgender victims victims from a range of racial ethnic geographic and socioeconomic backgrounds as well as presentations of adolescent and young adult victims to fields such as adolescent medicine general pediatrics neonatology rheumatology transplant medicine and obstetrics gynecology in addition to the stereotypical presentations to emergency departments Each case is followed by a discussion that highlights key aspects of human trafficking in adolescent and young adult patients These discussions also reference the growing body of research on human trafficking orient the reader to medico legal aspects of reporting human trafficking in the adolescent and young adult populations and feature useful questions exercises and resources to promote

discussion among those medical professionals who interact with adolescent medicine and young adult patients Written by physicians legal advocates and lawyers Medical Perspectives on Human Trafficking in Adolescents is the definitive guide for all clinicians who care for adolescent patients It is also a useful resource for mental health professionals and social workers
