Learning From Robben Island Prison Writings:

Robben Island and Prisoner Resistance to Apartheid Fran Lisa Buntman, 2003-10-27 Table of contents *Learning from Robben Island* Govan Mbeki, 1991 South Africa has jailed so many gifted men and women that there already exists a sizeable body of prison writing The essays by Govan Mbeki which comprise this book add to this distinguished list Yet they differ in important respects from all others they were written circulated and preserved in prison They were never intended for publication but to be read by other prisoners their aim is not to share an experience but to educate politically They are remarkable documents They offer historians and political scientists valuable raw material for any study of the ANC SACP alliance They provide activists with a distillation of practical lessons about political organisation learned in the most testing conditions They include extended historical political and economic analyses that must be read alongside Mbeki's other writings in any assessment of the intellectual history of the South African left And they are pages in a truly international literature a record throughout the ages of the creativity and indomitability of people imprisoned for their beliefs These prison essays mark a victory in the continuing contest between the pen and the sword Professor Colin Bundy in his introduction

Learning from Robben Island Govan Mbeki, 1991 **Encyclopedia of Post-Colonial Literatures in English** Eugene Benson, L.W. Conolly, 2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide The History of Reading S. Towheed, W. Owens, 2011-08-25 Bringing together research from a variety of countries and periods this volume introduces readers to the diverse approaches used to recover the evidence of reading through history in different societies and asks whether reading practices are always conditioned by specific local circumstances or whether broader patterns might emerge Prisoners of Rhodesia M. Munochiveyi, 2014-12-10 During the Zimbabwean struggle for independence the settler regime imprisoned numerous activists and others it suspected of being aligned with the guerrillas This book is the first to look closely at the histories and lived experiences of these political detainees and prisoners showing how they challenged and negotiated their incarceration **Space, Place, and Gendered Violence in South African Writing** S. Gunne, 2014-12-17 Exploring the relationship between space place and gendered violence as depicted in a range of South African writing Gunne examines the social and political conditions of exceptionality during and after apartheid Writers covered include Hilda Bernstein J M Coetzee Achmat Dangor Ruth First Nadine Gordimer and Antjie Krog **Falling Monuments, Reluctant Ruins** Hilton Judin, 2021-06-01 This edited collection looks at ruins and vacant buildings as part of South Africa's oppressive history of colonialism and apartheid and ways in which the past persists into the present Falling Monuments Reluctant Ruins The Persistence of the Past in the Architecture of Apartheid interrogates how in the era of decolonization post apartheid South

Africa reckons with its past in order to shape its future Architects historians artists social anthropologists and urban planners seek answers in this book to complex and unsettling questions around heritage ruins and remembrance What do we do with hollow memorials and political architectural remnants Which should remain which forgotten and which dismantled Are these vacant buildings cemeteries statues and derelict grounds able to serve as inspiration in the fight against enduring racism and social neglect Should they become exemplary as spaces for restitution and justice The contributors examine the influence of public memory planning and activism on such anguished places of oppression resistance and defiance Their focus on visible markers in the landscape to interrogate our past will make readers reconsider these spaces looking at their landscape and history anew Through a series of 14 empirically grounded chapters and 48 images the contributors seek to understand how architecture contests or subverts these persistent conditions in order to promote social justice land reclamation and urban rehabilitation The decades following the dismantling of apartheid are surveyed in light of contemporary heritage projects where building ruins and abandoned spaces are challenged and renegotiated across the country to become sites of protest inspiration and anger This ground breaking collection is an important resource for professionals academics and activists working in South Africa today

Censorship of Historical Thought Antoon De Baets, 2001-12-30 History is an important dangerous and fragile subject Historical thought can be censored in widely diverging political and historiographical contexts as historians are well aware Yet the problems of censorship often thought to be obvious are rarely studied Filling a significant void this guide supplies information on the censorship of historical thought and the fate of persecuted historians in over 130 countries from Afghanistan to Zimbabwe and from 1945 to 2000 With each entry providing a chronological overview of cases and giving a full listing of sources the book is the first systematic effort to overview the repression of historical thought Aiming to encompass all countries in which censorship and persecution have taken place De Baets sketches a world map of repression that goes beyond the well known and well studied cases It assembles scattered data from three types of sources the works of censors and censored historical and biographical dictionaries and historiographical surveys and reports from international human rights organizations Showing the universality of historical censorship and its infinite variety in amount and degree the book also provides a basis for further comparative research

Rural Resistance in South Africa Thembele Kepe, Lungisile Ntsebeza, 2011-11-04 Much has been written about anti apartheid resistance by the marginalized people of South Africa as well as its violent repression by security forces in urban areas e g Sharpeville massacre Soweto riots Very little attention has been paid to resistance by rural people The Mpondo Revolts which began in the 1950s and reached a climax in 1960 rank among the most significant rural resistances in South Africa Here Mpondo villagers emphatically rejected the introduction of Bantu Authorities and unpopular rural land use planning that meant loss of land The volume presents a fresh understanding of the uprising as well as its meaning and significance then and now particularly relating to land rural governance party politics and the agency of the marginalized

Writing as Resistance

Paul Gready, 2003-01-01 Writing as Resistance charts the inner workings of apartheid through the encounters imprisonment exile and homecoming that crucially defined its violent reign and ultimate overthrow Author Paul Gready demonstrates the transformative nature of autobiographical narrative as resistance in the context of political struggle This multidisciplinary study addresses a range of important contemporary topics migration postcolonialism globalization nationalism human rights and political democratization among others While informed by the work of South African writers including Breytenbach Coetzee First Krog Modisane and Serote and adding to the literature on the apartheid era this book speaks to all cultures of violence With this important work Gready sheds new light on the relationship between violence and creativity **The Man**

who Killed Apartheid: The Life of Dimitri Tsafendas Harris Dousemetzis, 2023-01-10 On 6 September 1966 inside the House of Assembly in Cape Town Dimitri Tsafendas fatally stabbed Hendrik Verwoerd South Africa's Prime Minister and so called architect of apartheid Tsafendas was immediately arrested and before the authorities had even questioned him they declared him a madman without any political motive for the killing In the Cape Supreme Court Tsafendas was found unfit to stand trial on the grounds that he suffered from schizophrenia and that he had no political motive for killing Verwoerd Tsafendas spent the next 28 years in prison making him the longest serving prisoner in South African history For most of his incarceration he was subjected to cruel and inhumane treatment by the prison authorities This new updated edition contains all the developments regarding the Tsafendas case after the publication of the book's first edition **Mandela** Tom

Lodge, 2007-07-26 Nelson Mandela the first African politician to acquire a world following remains in the 21st century an iconic figure But what are the sources of his almost mythic appeal And to what extent did Mandela self consciously create the status of political hero that he now enjoys This new and highly revealing biography examines these questions in detail for the first time Drawing on a range of original sources it presents a host of fresh insights about the shaping of Mandela's personality and public persona from his childhood days and early activism through his long years of imprisonment to his presidency of the new South Africa Throughout Lodge emphasizes the crucial interplay between Mandela's public career and his personal or private world showing how his heroic status was a product both of his leading position within the anti apartheid movement and his own deliberate efforts to supply a form of quasi messianic leadership for that movement And as Lodge shows Mandela's huge international appeal is a compelling and unusual cocktail Of the sacred and the secular Of traditional African values and global media savvy And of human vulnerability interwoven with the grand narrative of liberation **States of Emergency** Stephen Morton, 2013-02-04 This book examines how violent anti colonial struggles and the legal military and political techniques used by colonial governments to contain them have been imagined in literature and law Case studies examined include Ireland India South Africa Algeria Kenya Israel Palestine Iraq Afghanistan and Northern Pakistan From the Barrel of a Gun Gerald Horne, 2015-12-01 In November 1965 Ian Smith's white minority government in Southern Rhodesia now Zimbabwe made a unilateral declaration of independence breaking with Great Britain With a

European population of a few hundred thousand dominating an African majority of several million Rhodesia's racial structure echoed the apartheid of neighboring South Africa Smith's declaration sparked an escalating guerrilla war that claimed thousands of lives Across the Atlantic President Lyndon B Johnson nervously watched events in Rhodesia fearing that racial conflict abroad could inflame racial discord at home Although Washington officially voiced concerns over human rights violations an attitude of tolerance generally marked U S relations with the Rhodesian government sanctions were imposed but not strictly enforced and hundreds perhaps thousands of American mercenaries joined white Rhodesia's side in battle with little to fear from U S laws Despite such tacit U S support Smith's regime fell in 1980 and the independent state of Zimbabwe was born The first comprehensive account of American involvement in the war against Zimbabwe this compelling work also explores how our relationship with Rhodesia helped define interracial dynamics in the United States and vice versa

A Companion to African History William H. Worger, Charles Ambler, Nwando Achebe, 2018-09-17 Covers the history of the entire African continent from prehistory to the present day A Companion to African History embraces the diverse regions subject matter and disciplines of the African continent while also providing chronological and geographical coverage of basic historical developments Two dozen essays by leading international scholars explore the challenges facing this relatively new field of historical enquiry and present the dynamic ways in which historians and scholars from other fields such as archaeology anthropology political science and economics are forging new directions in thinking and research Comprised of six parts the book begins with thematic approaches to African history exploring the environment gender and family medical practices and more Section two covers Africa's early history and its pre colonial past early human adaptation the emergence of kingdoms royal power and warring states The third section looks at the era of the slave trade and European expansion Part four examines the process of conquest the discovery of diamonds and gold military and social response and more Colonialism is discussed in the sixth section with chapters on the economy transformed due to the development of agriculture and mining industries The last section studies the continent from post World War II all the way up to modern times Aims at capturing the enthusiasms of practicing historians and encouraging similar passion in a new generation of scholars Emphasizes linkages within Africa as well as between the continent and other parts of the world All chapters include significant historiographical content and suggestions for further reading Written by a global team of writers with unique backgrounds and views Features case studies with illustrative examples In a field traditionally marked by narrow specialisms A Companion to African History is an ideal book for advanced students researchers historians and scholars looking for a broad yet unique overview of African history as a whole **Walter & Albertina Sisulu** Elinor Sisulu, 2011-09-15 This is well told story and an important historical record of the struggle for a democratic South Africa Winnie and Nelson Jonny Steinberg, 2025-06-10 A NATIONAL BOOK CRITICS CIRCLE AWARD WINNER THE SUNDAY TIMES LITERARY AWARD WINNER AN LA TIMES BOOK PRIZE FINALIST A WASHINGTON POST AND NEW YORKER 2023 BEST BOOK OF THE YEAR A deeply researched

shattering new account of Nelson Mandela's relationship with Winnie Madikizela Mandela that does justice both to the couple's political heroism and to the betrayals and the secrets that hounded their union *The New Yorker* Drawing on never before seen material Steinberg one of South Africa's foremost nonfiction writers reveals the fractures and stubborn bonds at the heart of a volatile and groundbreaking union a very modern political marriage that played out on the world stage Powerful intimate *The Washington Post* One of the most celebrated political leaders of a century Nelson Mandela has been written about by many But in one crucial area his life remains largely untold his marriage to Winnie Madikizela Mandela During his years in prison Nelson grew ever more in love with an idealized version of his wife courting her in his letters as if they were young lovers frozen in time But Winnie every bit his political equal found herself increasingly estranged from her jailed husband's politics Behind his back she was trying to orchestrate an armed seizure of power a path he feared would lead to endless civil war Jonny Steinberg tells the tale of this unique marriage its longings its obsessions its deceptions making South African history a page turning political biography Winnie and Nelson is a modern epic in which trauma doesn't affect just the couple at its center but an entire nation It is also a Shakespearean drama in which bonds of love and commitment mingle with timeless questions of revolution such as whether to seek retribution or a negotiated peace Steinberg reveals with power and tender emotional insight how far these forever entwined leaders would go for each other and where they drew the line For in the end both knew theirs was not simply a marriage but a contest to decide how apartheid should be fought

The Leadership Traits and Footsteps of Nelson Mandela Ervin Williams, 2014-08-15 This book chronicles the life of Nelson Mandela from his early childhood his lifetime struggle his twenty seven years in prison on Robben Island including his being elected as the first black president of South Africa to his death in December 2013 The book also provides a brief history of the development of South Africa from its early days that laid the foundation for the oppressive Apartheid System The apartheid era stripped blacks of most of their rights their dignity and individual freedom It was through Mandelas personal leadership over his lifetime which gave rise to South Africa becoming a new democratic nation with political and economic freedom for all A major transition took place in South Africa in 1995 when all government agencies previously ran by white people were then turned over to black people to run Very few if any black people had been previously trained in government administration and there was widespread fear that the country would collapse under such a transition The country began to grow economically even though most of the black population continued to live below the poverty level Perhaps unbeknownst to many people in the United States there are a number of similarities between South Africa and America Both countries had black slaves both countries fought the British for independence with South Africa doing so twice and both countries had segregation with apartheid in South Africa being a far more severe form of punitive segregation for blacks **The Hawthorn Archive** Avery F. Gordon, 2017-10-31 The Hawthorn Archive named after the richly fabled tree has long welcomed the participants in the various Euro American social struggles against slavery racial capitalism

imperialism and authoritarian forms of order The Archive is not a library or a research collection in the conventional sense but rather a disorganized and fugitive space for the development of a political consciousness of being indifferent to the deadly forms of power that characterize our society Housed by the Archive are autonomous radicals runaways abolitionists commoners and dreamers who no longer live as obedient or merely resistant subjects In this innovative genre and format bending publication Avery F Gordon the keeper of the Archive presents a selection of its documents original and compelling essays letters cultural analyses images photographs conversations friendship exchanges and collaborations with various artists Gordon creatively uses the imaginary of the Archive to explore the utopian elements found in a variety of resistive and defiant activity in the past and in the present zeroing in on Marxist critical theory and the black radical tradition Fusing critical theory with creative writing in a historical context The Hawthorn Archive represents voices from the utopian margins where fact fiction theory and image converge Reminiscent of the later fictions of Italo Calvino or Walter Benjamin's Arcades Project The Hawthorn Archive is a groundbreaking work that defies strict disciplinary methodological and aesthetic boundaries And like Ghostly Matters Haunting and the Sociological Imagination which established Gordon as one of the most influential interdisciplinary scholars of the humanities and social sciences in recent years it provides a kaleidoscopic analysis of power and effect The Hawthorn Archive's experimental format and inventive synthesis of critical theory and creative writing make way for a powerful reconception of what counts as social change and political action offering creative inspiration and critical tools to artists activists scholars across various disciplines and general readers alike
