Learning Law And Religion:

Rethinking Law and Religion Russell Sandberg, 2024-06-05 This incisive book delineates the development of Law and Religion as a sub discipline critically reflecting on the author's own role in constructing the field. It develops a subversive social systems theory in order to take both law and religion seriously and to challenge them equally. *Law and Religion* Russell Sandberg, 2011-03-24 The worlds of law and religion increasingly collide in Parliament and the courtroom. Religious courts, the wearing of religious symbols and faith schools have given rise to increased legislation and litigation. This is the first student textbook to set out the fundamental principles and issues of law and religion in England and Wales. Offering a succinct exposition and critical analysis of the field, it explores how English law regulates the practice of religion. The textbook surveys law and religion from various perspectives such as human rights and discrimination law as well as considering the legal status of both religion and religious groups. Controversial and provocative questions are explored promoting full engagement with the key debates. The book's explanatory approach and detailed references ensure understanding and encourage independent study. Students can track key developments on the book's updating website. This innovative text is essential reading for all students in the field.

State, Law and Religion in Pluralistic Societies - Austrian and Indonesian Perspectives Richard Potz, Astrid Hafner, Sabine Kroissenbrunner, 2010-10-27 The contributions of this volume presents experiences and best practice examples in managing religious diversity from a legal, political and local perspective. It marks an interesting point for the on going discussion on integration and participation of Muslims in Europe and shows the need for exchanging knowledge and experience in this field especially to fulfill the challenges in a globalized world. This volume combines contributions from the Austrian Indonesian Dialogue Symposium State Law and Religion in Pluralistic Societies Austrian and Indonesian Perspectives held in May 2009 in Vienna organized by the Austrian and the Indonesian Ministry for Foreign Affairs in co operation with the Faculty of Law. This symposium marked an important step to strengthen the dialog between the countries both on the level of civil service universities and religious communities.

When Law and Religion Meet April L. Bogle, Ginger Pyron, 2007-10-25 Law Religion Do they have anything to say to each other? If so, what and toward what end? And is the notion of productive dialogue between these two fields not surprising but essential? Long considered unlikely bedfellows at best and at worst outright opponents, law and religion have been meeting in significant ways thanks to the seminal and ongoing work of Emory University's Center for the Study of Law and Religion CSLR where scholars worldwide come together for this express purpose. Neither belligerently butting heads nor cozying up for a t t t e, representatives of these two disciplines are daring to look at the big questions that bridge their domains and are daring to propose ways of working together. These encounters go way beyond verbal sparring and schmoozing. Joining the ranks of law and religion professors at CSLR conferences are the leaders of major religions in the U S: Judaism, Islam and multifaceted Christianity along with psychologists, sociologists, biologists and policy makers. Commemorating CSLR's twenty

fifth anniversary *When Law and Religion Meet* traces what motivated the Center's beginnings what has impelled its work over the last quarter century and what fuels the trajectory of law and religion both separately and together as they continue in productive dialogue This pithy illustrated volume is one that a wide range of readers will want to skim explore and return to
