Learning To Read Critically In Educational Leadership And Management

Toby Greany, Peter Earley

Learning To Read Critically In Educational Leadership And Management:

Nyt Abe-Spil ,1873 Learning to Read Critically in Educational Leadership and Management Mike Wallace,Louise Poulson,2003-01-28 In Learning to Read Critically in Educational Leadership and Management Mike Wallace and Louise Poulson provide students with an eminently usable text Although the theoretical underpinnings and conceptualizations of leadership issues invariably differ this book provides a lucid guide to plumbing their ambiguities Educational Review This is a book that should be regarded as essential reading for those students following courses in education and social policy particularly as masters level International Journal of Educational Management I bought this book just a few days ago and I was surprised to realise the simple and yet scientific way it is written I have started my postgraduate studies in Educational Management and this book will definitely make things easier I would like to cordially thank Professor Wallace and Mrs Louise Poulson for this book which will help the majority of the students who enter the labyrinth of postgraduate research and surely need a kind of instruction manual to start Amazon Review One of the most useful books that I have come across for my students Professor Les Bell Director of Doctorate of Education University of Leicester Very impressed with the first chapter Have recommended it to our research department for use with our graduate students Thorough and practical Philip Hallinger Executive Director of the College of Management Mahidol University Thailand This unique book combines the teaching quality of a text with exemplary reports of small scale and larger research studies as well as a literature review by leading academics Part One shows how to develop as a critical reader and self critical writer of literature and how to apply these insights in planning a written assignment dissertation or thesis The book provides a framework for the critical analysis of any text and shows how to incorporate this in a literature review Part Two presents accounts of leading edge research offering insights into key issues in the field of educational leadership management and administration The reader is invited to practice literature review skills by applying the critical analysis questions to any research report Readers can use the models of good research practice presented here in their own design of an investigation for a dissertation or thesis Part Three shows how a high quality literature review may be constructed and addresses a key issue in the field Contributors include Sharon Kruse Karen Seashore Louis Kenneth Leithwood Phillip Hallinger and Ronald Heck Derek Glover and Rosalind Levacic Ray Bolam This book will be useful to postgraduate students on research based masters and doctorate courses in educational leadership management and administration It is relevant for students doing research training in the social sciences and humanities It is can also be used as a teaching resource by supervisors of masters and doctorate level students This series edited by Mike Wallace supports research based teaching on masters and taught doctorate courses in the humanities and social sciences fields of enquiry Each book is a three in one text designed to assist advanced course tutors and dissertation supervisors with key research based teaching tasks and aims to develop students critical understanding of research literature increase students appreciation of what can be achieved in small scale investigations similar to those which they undertake

for their dissertation present students with major findings generalisations and concepts connected to their particular field

Critical Reading and Writing for Postgraduates Mike Wallace, Alison Wray, 2011-01-28 Lecturers why waste time waiting for the post to arrive Request and receive your e inspection copy today Written in a clear and straightforward fashion that is guaranteed to make you think as well as encouraging constructive and engaging modes of writing that will improve your connection to your audience Professor Graham Crow University of Southampton How do you respond to adverts Do you believe what they say or look for a hidden agenda Reading critically and writing using critical techniques are crucial skills you need to apply to your academic work It may seem difficult at first but you may already be a more critical reader than you think This guide helps you develop both the ability to critically ask questions and a reflective and critical approach to your own research and writing Broken down into three parts it builds up your skills and confidence through focused activities that progressively develop your ability to critically read and write New to this 2nd edition A range of subject specific examples from areas including linguistics education business and management Commentaries on using e resources and features of e research New online resources including worksheet templates chapter activities and free access to journal articles Visit www.sagepub.co.uk/wallaceandwray to view and download the additional resources SAGE Study Skills are essential study guides for students of all levels From how to write great essays and succeeding at university to writing your undergraduate dissertation and doing postgraduate research SAGE Study Skills help you get the best from your time at university

Developing as an Educational Leader and Manager Megan Crawford, 2014-09-08 This book is refreshing and distinctive It takes the individual as the starting point and builds outwards from there to the vital but often neglected interpersonal dimension and the turbulent contexts of modern education Vignettes help to make the theory concrete and activities bring the reader right into the frame Ron Glatter Emeritus Professor of Educational Administration and Management The Open University and Hon President of BELMAS Effective leadership combines organisational skills and personal qualities Building on notions of leadership at all levels this book contains an invaluable bank of creative ideas to help teachers already in management positions as well as those just starting out to reflect on their personal and leadership development With a focus on organisational improvement and leading strategically within changing policy contexts chapters interrogate key leadership issues such as managing people values and context Examples from the UK and internationally further demonstrate how to develop as a successful and sustainable leader Content includes the influence of local and national contexts accountability working with stakeholders across boundaries and borders approaches to change becoming a strategic leader the educational leader as researcher This is an essential resource for practising and aspiring educational leaders and managers and students on postgraduate or personal development courses in the UK and internationally

Effectiveness of School Leadership and Management Development in Cameroon Frederick Ebot Ashu, 2014-03-17 This book considers a number of key epistemological ontological and methodological questions exploring the effectiveness of school leadership and management

development training programmes for school leaders in a range of settings and for a range of people Consideration is also given to practical concerns associated with this topic such as the importance of management and Leadership Development programmes supporting school leaders to become effective leaders supporting school effectiveness Effectiveness of School Leadership and Management Development in Cameroon addresses key methodological issues including the rationale for adopting a qualitative mixed methodology research approach with elements of literature and documental analysis surveys ethical considerations and challenges with sampling techniques in considering the impact that school leaders in Cameroon have on researchers findings and the production of knowledge In addressing such topics it answers important questions about how reliability can be ensured how rigour can be safeguarded and what impact documental analysis and school leaders views have on the validity and interpretation of research findings This book is the first of its kind to combine practical leadership theories in developing leadership development frameworks reflections with clearly presented recommendations about how the approach can be used It will be invaluable to academics practitioners and other agencies wishing to adopt participatory research methods which place school leaders and their schools at the centre of this research This book is also an essential read for academics and students with an interest in qualitative mixed methodologies on leadership development of school leaders and will become a key text for school leadership research methods courses given its concern with practical leadership models as well as more complex leadership development theories

Understanding School Leadership Peter Earley, Dick Weindling, 2004-09-28 This is a book packed with ideas and insights It is informed by evidence from school leaders and provides a valuable overview of many important theories and research findings A strength of the book is the way it pulls together empirical research the authors have conducted over the last 20 years Such a long term view offers a new and needed long term perspective on school leadership and enables the authors to show how trends in leaders careers thinking and practice have emerged and unfolded Researchers and practitioners alike will find something of value in this book Professor Geoff Southworth Director of Research National College for School Leadership A n excellent well written extensively referenced empirically based contribution to school leadership thinking Earley and Weindling offer valuable insights for all of us serving headteachers principles advisory and distinct wide policy makers and aspiring headteachers Journal of Educational Administration By giving a detailed picture of the rapidly developing field of educational leadership this book focuses on how to become a more effective manager and on understanding the vital importance of the manager s role in school improvement Written in a clear and readable style it contains an extensive exploration of leadership models and management strategies and is based on the latest research The text is supplemented with case studies of leadership in action *Understanding School Leadership* is indispensable reading for those who have a managerial role within their school and for students of educational management

Educational Leadership Eric Hoyle, Mike Wallace, 2005-12-15 Hoyle and Wallace illustrate with penetrating insight the perverse outcome of tightening management and leadership so much that it

leads to three different forms each with the same five characteristics of what they call managerialism excessive micromanagement of schools in a sometimes futile and self defeating quest for success Tim Brighouse Times Educational Supplement This book is an excellent read about management and leadership in schools Overall I felt that this book makes a positive contribution to the debate about the impact of managerialism within public services I liked the elements that made up the ironic orientation scepticism pragmatism and contingency recognising them in my own experiences in Higher Education and I liked the way in which the concept of irony was linked to some key concerns as well as positive practices This is a book that I would thoroughly recommend to anyone interested in leadership and management in schools but given its broader application I would also recommend the book to anyone interested in leadership and management in the public sector ESCalate Read the full review as posted on the ESCalate website the Education Subject Centre for the Higher Education Academy Eric Hoyle and Mike Wallace are two of the best known writers on educational leadership and management They have made very significant contributions to organisational theory and its application to education for four decades This book s focus on ambiguity and irony provides a welcome and timely contrast to the rational assumptions and managerialism which underpin government policy and much academic writing in this field Professor Tony Bush International Educational Leadership Centre University of Lincoln They have brought to centre stage ideas and concepts which have largely been peripheral in the field and in doing so have made us look with new lenses at what we need to say about professional work and identity It has therefore performed a valuable and much needed service and will provide a major reference point in debates about the future of the education profession Mike Bottery Educational Management Administration Leadership This is an important book I wish I had written it indeed I wish I had the skill the knowledge and the wit to write it Mark Brundrett Educational Management Administration Leadership Why do efforts to improve the quality of education via organizational leadership and management make matters worse in some respects as well as better In what ways are education professionals responding to such efforts The authors of this highly original book develop an ironic perspective for analysing the ambiguities and unintended consequences of well intentioned actions in organizational life and how these are exacerbated by change Focusing on school leadership and management Hoyle and Wallace suggest that major reforms have had limited success because the changes introduced have diverted school staff from their core task of promoting student learning resulting in dissatisfaction frustration and stress They argue that a more temperate approach to leadership and management supported by wise policy making can create structures that take the strain and reduce stress encourage autonomy while accepting associated risks and sponsor moderate experimentation and innovation emerging from communities of professional practice Educational Leadership and Organizational Irony is essential reading for all concerned with improving education advanced course students leaders and managers trainers administrators policy makers and academics It also offers insights for the study of public service and business organizations International Handbook of

School Effectiveness and Improvement Tony Townsend, 2007-09-21 This book reviews of the development implementation and practice of the disciplines of school effectiveness and school improvement Seven main topics are addressed History of the school effectiveness movement over the last 25 years Changes in accountability and standards Leadership in school effectiveness Changes in teacher education Impact of Diverse Populations Education Funding and its Impact and Best Practice Case Studies The contributors are active in school effectiveness research worldwide *School Leadership for Democratic Education in South Africa* Tsediso Michael Makoelle, Thabo Makhalemele., Pierre du Plessis, 2021-07-29 School Leadership for Democratic Education in South Africa explores the democratization and modernization of education in South Africa analyzing the state of school leadership in South African schools from the time of the new democratic education dispensation in 1994 to the present day The book maps out what the future of education in South Africa could look like and explores the most conducive educational environments for change in South African schools It adopts a critical approach to analyzing leadership and management in the context of school governance school effectiveness teacher development multiculturalism and equity in education Contributions explore the democratization and modernization of education in South Africa through examining different perspectives achievements and challenges and also consider issues around access to technology language policy and the curriculum along with new literature on selected aspects of leadership This book will be of great interest for researchers scholars and students in the fields of educational leadership sociology of education and teacher education **School Leadership and Education System Reform** Toby Greany, Peter Earley, 2021-08-26 How can school leaders shape organisations that offer consistently high quality rounded and equitable education in the context of rapid change How can wider education systems support and encourage all schools to succeed in this way What are the challenges and opportunities involved What can we learn from existing evidence and research School Leadership and Education System Reform considers the ways in which school leadership and its practice has changed and developed in response to a rapidly changing educational context over the last decade This new edition is substantially revised and updated with ten completely new chapters It includes contributions from a range of leading thinkers and researchers in the field of educational leadership and management Theoretically and conceptually informed the contributors draw on recent empirical research studies into leadership learning and system reform in England and more widely to explore the key issues for contemporary school leadership and management in high autonomy high accountability systems New chapters look at System governance and lateral accountability in self improving school systems Leading curriculum development and accelerating progress for disadvantaged children in schools Effective deployment of teaching assistants leadership for inclusion School collaboration partnerships and system leadership Securing improvement at scale across multiple schools and across localities New conceptions of leadership including ethical and invitational leadership School Leadership and Education System Reform provides accessible but research and theory informed chapters each of which includes summaries

and suggestions for further reading

What Works in School Leadership? Linet Arthur, Debra McGregor, 2024-10-31 The key purpose of school leadership is to improve learning What Works in School Leadership examines research evidence and leadership models that focus on learning and provides resources that will help readers to understand their school's culture and develop strategies to change and improve their schools It introduces and explains contemporary research leadership theories and real world examples to identify what works and doesn't work in school leadership Recognising that leadership occurs at all levels in schools this book addresses factors that underpin successful distributed middle and team leadership Chapters identify how leaders can effectively recruit retain and motivate their staff as well as the ways in which professional development can be supported Key aspects of inclusive leadership that address diversity and equity are also considered in depth Each school is unique and there is no magic formula that will guarantee instant results in every school with this in mind What Works in School Leadership provides readers with a range of research evidence and resources to enable them to select strategies that will create a positive learning environment for staff and pupils at their own school This is essential reading for school leaders those aspiring to leadership and anyone studying or researching school leadership

The Palgrave Handbook of Educational Leadership and Management Discourse Fenwick W. English, 2022-10-13 This Handbook explores the discourse within the field of educational leadership and management It provides a clear analysis of the current field as well as older foundational ideas and newer concepts which are beginning to permeate the discussion The field of educational leadership and management has long acknowledged that educational contexts include a variety of leaders beyond school principals and other school officials such as informal and middle level leaders By looking at the knowledge dynamic rather than a static knowledge base this Handbook allows research to be presented in its multidimensional evolving reality

Helping Teachers Learn Eleanor Drago-Severson, 2004-03-12 Drago Severson presents case studies and examines strategies that help shape a school climate of teacher support growth and learning

Implementing Ethics in Educational Ethnography Hugh Busher, Alison Fox, 2019-05-02 Providing theoretical grounding case studies and practical solutions Implementing Ethics in Educational Ethnography examines how researchers can overcome ethical dilemmas associated with and encountered during ethnographic research From the initial stages of research design such as consideration from regulatory bodies through research occurring in the field to project completion and reporting it explores many of the factors associated with ensuring culturally sensitive and ethical studies The book covers key questions including What can researchers expect of ethical review boards Where and with whom should dialogue take place about ethicality within research What effect does a research focus have on regulation and research practice What is the effect of context on ethical practices Does the positionality of a researcher have an effect on ethical practices How do we ensure that ethicality supports the trustworthiness of research projects Using a range of international case studies Implementing Ethics in Educational Ethnography provides researchers and students with invaluable details about how to navigate the field ensuring

that they can sustain good ethical practice throughout the life of a research project Chapters 4 and 6 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
