## Leaving Mt Venus:

*Leaving Mount Venus* William Hanley, 1977      **Agnon's Story** Avner Falk, 2018-10-22 Agnon's Story is the first complete psychoanalytic biography of the Nobel Prize winning Hebrew writer S Y Agnon. It investigates the hidden links between his stories and his biography. Agnon was deeply ambivalent about the most important emotional objects of his life in particular his father, teacher, his ailing depressive and symbiotic mother, his emotionally fragile wife whom he named after her and his adopted home land of Israel. Yet he maintained an incredible emotional resiliency and ability to sublimate his emotional pain into works of art. This biography seeks to investigate the emotional character of his literary canon, his ambivalence to his family and the underlying narcissistic grandiosity of his famous modesty.      *Turn Left at Orion* Guy Consolmagno, Dan M. Davis, 2019-01-24 This unique and best selling guidebook to the night sky shows amateur astronomers how to observe a host of celestial wonders. Its distinct format of object by object spreads illustrates how deep sky objects and planets will actually look in a small telescope with large pages and spiral binding for ease of use outside.      **Deus Ex Machina: a Divine Comedy** Maria Aragon, 2006-10-01 A group of Greek gods and goddesses moves in next door to Stewart in order to help him reunite with his long lost girlfriend.      **General View of the Agriculture and Mineralogy, Present State and Circumstances of the County Wicklow** Robert Fraser, 1801      Tannhäuser and the Mountain of Venus Philip Stephan Barto, 1916      **Love or Leave** EREB, 2018-09-24 Love is life but nothing lasts forever. If truth is love why does the truth hurt? With 17 short stories included, couples will face catastrophic real events that happen every day. Inside you'll find Domestic violence, Adultery and infidelity, A Husband on the DL, A Wife pregnant from another man, Hidden STDs, Stalking and murder, Unknown Transgender lovers, Murders committed by lovers, Hidden family secrets. You can never tell what curve ball life will end up throwing. It's how you handle it that'll shape who you are. Get ready to read stories that'll either make you laugh, cry or angry inside. Imagine yourself in their shoes. Is love enough.      *The Occult Review*, 1923      *The Practice of Palmistry for Professional Purposes* C. de Saint-Germain, 1897      Goddess Holle Gunivortus Goos, 2019-09-30 After the first German edition in 2001 and a second edition in 2006 which was in 2011 also published in English, there is now a very heavily revised 3rd edition of the book Goddess Holle. Even though the basic framework of the 2nd edition has been retained, not only are minor and major errors corrected but all chapters, the book calls them paths, are supplemented with many additional new parts in varying degrees. This new book has therefore become considerably more extensive in quantity; there are about 182 pages more than in the 2nd edition. It contains more fairy tales, many more folktales, more hiking trails, more poetry and more plants that have a connection to Holle. In addition, the chapter about Customs and Traditional Folk Knowledge has been significantly changed and supplemented and so is the chapter Researchers and their Research in which the latest available research sources have been incorporated and theories, theses etc. have also been added that were not in the previous edition. To the concluding path Culinary delights with Frau Holle, also were quite a few recipes added. The many illustrations of which

about 115 in color including 14 maps form a significant extension as well to the previous edition *The Effective Protagonist in the Nineteenth-Century British Novel* Terence Dawson,2016-03-23 The Effective Protagonist in the Nineteenth Century British Novel is an experiment in post Jungian literary criticism and methodology Its primary aim is to challenge current views about the correlation between narrative structure gender and the governing psychological dilemma in four nineteenth century British novels The overarching argument is that the opening situation in a novel represents an implicit challenge facing not the obvious hero heroine but the individual that Terence Dawson defines as the effective protagonist To illustrate his claim Dawson pairs two sets of novels with unexpectedly comparable dilemmas *Ivanhoe* with *The Picture of Dorian Gray* and *Wuthering Heights* with *Silas Marner* In all four novels the effective protagonist is an apparently minor figure whose crucial function in the ordering of the events has been overlooked Rereading these well known texts in relation to hitherto neglected characters uncovers startling new issues at their heart and demonstrates innovative ways of exploring both narrative and literary tradition **The Works of Beaumont and Fletcher** Francis Beaumont,John Fletcher,1890

**The handbook of palmistry** Rosa Baughan,1883 **The Dramatic Works** Ben Jonson,1811 **The Dramatic Works of Ben Jonson, and Beaumont and Fletcher** Ben Jonson,1811 **Leaves from the Note Book of a Naturalist** William John Broderip,1852 **The Poetics of Myth** Eleazar M. Meletinsky,2013-08-21 Serious students will savor Meletinsky s rich and complex book The opening section alone is valuable for its erudite examination of modern theory about myth with special attention to Levi Strauss and the structuralists Meletinsky grasps the essentials of theories he discusses and makes clear distinctions between them Highly recommended for upper division undergraduates graduate students and teachers scholars of myth Choice **Stars, Myths and Rituals in Etruscan Rome** Leonardo Magini,2014-12-04 This book offers a detailed and fascinating picture of the astonishing astronomical knowledge on which the Roman calendar traditionally attributed to the king Numa Pompilius reign 715 673 B C was based This knowledge of Mesopotamian origins related mainly to the planetary movements and to the occurrence of eclipses in the solar system The author explains the Numan year and cycle and illustrates clearly how astronomical phenomena exerted a powerful influence over both public and private life A series of concise chapters examine the dates of the Roman festivals describe the related rites and myths and place the festivals in relation to the planetary movements and astronomical events Special reference is made to the movements of the moon and Venus their relation to the language of myth and the particular significance that Venus was considered to have for female fertility The book clearly demonstrates the depth of astronomical knowledge reflected in the Roman religious calendar and the designated festive days It will appeal both to learned connoisseurs and to amateurs with a particular interest in the subject **House documents** ,1886 **The little French lawyer.
