Schultz, 2012-07-27 Have you ever wished that you could be somebody else Someone completely different In a brand new set of more favorable circumstances Throw off your troubled or even your nondescript current life That's just how Paul Marchildon in 1963 San Antonio Texas felt when everything was closing in on him His marriage was quickly unraveling His modest house was under foreclosure And his car was about to be repossessed In addition he faced an impossible romantic situation vis a vis a woman with whom he'd once worked Paul was sorely tempted to steal 1 000 from his employer He struggled to resist Then when his wife announced that she was taking his four children and moving in with her parents some 350 miles away he took the money And ran In his flight

Paul was intercepted by an angel spokesman for a small group of heavenly beings. The angel offered to give him a new body, a new voice, a new name, and to set him up in a beautiful condo on the beautiful Pacific Ocean beach in beautiful Oregon. More than a thousand miles from his untenable situation. There was just one highly problematic difficulty: the celestial deal consisted of those few angels faking Paul's death. He'd turn up as having died in an automobile crash. Truly, this would be a brand new beginning. The troubled man accepted. It was only after he had become the younger and far more handsome Taylor Young that he begins worrying about those he'd left behind. His widow ran off with some snake oil salesman who won her over with a few lavish gifts. She joined a cult that left the children all of whom Paul Taylor missed terribly in the hands of their grandparents. Grandma was dangerously harried and Grandpa hated having the responsibility of having to raise kids that were not his own. Further, there was another woman, one with whom Paul had had a romantic relationship. She was terribly upset by his running out. She is completely shattered to learn of his death. Paul had also been close to her two children. None of this was helping. It was only after he'd assumed his new lifestyle that the now Taylor slowly learned of the many and varied difficulties confronting all these people from his past. The ones he'd left behind. Obviously, he became more and more concerned about them. So he strived to do something to do whatever he can about their troubling circumstances. The effect that his sudden journey back to Texas had on the two women with whom he'd formed a relationship in Oregon only added to his rapidly accumulating difficulties. Trust me, A new beginning is not always what it would seem to be.

**Left Behind** Lily Geismer, 2022-03-01. The 40 year history of how Democrats chose political opportunity over addressing inequality and how the poor have paid the price. For decades the Republican Party has been known as the party of the rich, arguing for business friendly policies like deregulation and tax cuts. But this incisive political history shows that the current inequality crisis was also enabled by a Democratic Party that catered to the affluent. The result is one of the great missed opportunities in political history: a moment when we had the chance to change the lives of future generations and were too short sighted to take it. Historian Lily Geismer recounts how the Clinton era Democratic Party sought to curb poverty through economic growth and individual responsibility rather than asking the rich to make any sacrifices. Fueled by an ethos of doing well by doing good, microfinance, charter schools, and privately funded housing developments grew trendy. Though politically expedient and sometimes profitable in the short term, these programs fundamentally weakened the safety net for the poor. This piercingly intelligent book shows how bygone policy decisions have left us with skyrocketing income inequality and poverty in America and widened fractures within the Democratic Party that persist to this day.
