The Breakdown of the State in Lebanon, 1967-1976 Farid El Khazen, 2020-12-10 Why did the Lebanese state the most open and democratic political system in the Middle East break down between 1967 and 1976 In this major contribution to the debate Fazel el Khazen rejects the standard explanations of the Lebanese Civil War and argues instead that the causes were due to the official state ideology which recognized diversity dissent and a highly pluralistic population and then specific external factors pressures from the Arab Israeli Conflict inter Arab rivalries and the Palestine Liberation Organization s close connection to

Lebanese politics Using an historical analysis el Khazen sheds light on the political situation of the country in the lead up to the conflict and the major role Lebanon's neighbours had in the events The detailed and comprehensive account uses interviews with the key protagonists in the civil war and analysis of unpublished sources to reveal how and why the breakdown took place *The Regionalization of Warfare* James Brown, 2023-03-31 Three wars have dominated world events in recent years The conflict which erupted between the United Kingdom and Argentina over the Falkland Malvinas Islands the multinational conflict in Lebanon involving Israeli Syrian and FLO forces in Lebanon and the savage struggles between ground and air units of the Iranian and Iraqi forces The scale and intensity of these wars their potential for global conflict make them crucial for an understanding among citizens in general and defense and political analysts in particular The authors and contributors to this most unusual volume come to several common conclusions professionalism is a crucial factor in military effectiveness but not necessarily dependent on modes of recruitment high technology is crucial but only in relation to the quality and training of the personnel public support is necessary to sustain military morale in democratic and authoritarian regimes alike These are only some of the incisive findings registered and explored in *The Regionalization of Warfare* The volume assembles experts not only on these three major regional and interregional conflicts but on current US defense policies Soviet strategic interests in Middle East and Persian Gulf conflicts and a series of papers on lessons learned and unlearned as a result of these small wars of the early 1980s For those interested in military history global strategy and regional rivalries this collection of finely written sophisticated papers will prove to be of intense concern *Lebanon in Crisis* M. Graeme Bannerman, 1979 This book will serve as a guide for those who wish to understand the Lebanese conflict expert and general reader alike and for those as well who would work to bring peace to that tormented land From Palestinian Syrian and Israeli intervention to delicate inter Arab relations the Arab Israeli conflict and superpower involvement sixteen experts analyze the motives and actions of the men and groups engaged in the bloody Lebanese hostilities Tables notes and index included **War and Memory in Lebanon** Sune Haugbolle, 2010-03-15 Sune Haugbolle's often poignant book chronicles the battle over ideas that emerged from the wreckage of the Lebanese civil war *The Literature of the Lebanese Diaspora* Jumana Bayeh, 2014-10-23 The Lebanese civil war which spanned the years of 1975 to 1990 caused the migration of hundreds of thousands of Lebanese citizens many of whom are still writing of their experiences Jumana Bayeh presents an important and major study of the literature of the Lebanese diaspora Focusing on novels and writings produced in the aftermath of Lebanon's protracted civil war Bayeh explores the complex relationships between place displacement and belonging and illuminates the ways in which these writings have shaped a global Lebanese identity Combining history with sociology Bayeh examines how the literature borne out of this expatriate community reflects a Lebanese diasporic imaginary that is sensitive to the entangled associations of place and identity Paving the way for new approaches to understanding diasporic literature and identity this book will be vital for researchers of migration studies and Middle Eastern literature as

well as those interested in the cultures history and politics of the Middle East

(Re)constructing Armenia in Lebanon and Syria Nicola Migliorino, 2008-06-01 For almost nine decades since their mass resettlement to the Levant in the wake of the Genocide and First World War the Armenian communities of Lebanon and Syria appear to have successfully maintained a distinct identity as an ethno culturally diverse group in spite of representing a small non Arab and Christian minority within a very different mostly Arab and Muslim environment The author shows that while in Lebanon the state has facilitated the development of an extensive and effective system of Armenian ethno cultural preservation in Syria the emergence of centralizing authoritarian regimes in the 1950s and 1960s has severely damaged the autonomy and cultural diversity of the Armenian community Since 1970 the coming to power of the Asad family has contributed to a partial recovery of Armenian ethno cultural diversity as the community seems to have developed some form of tacit arrangement with the regime In Lebanon on the other hand the Armenian community suffered the consequences of the recurrent breakdown of the consociational arrangement that regulates public life In both cases the survival of Armenian cultural distinctiveness seems to be connected rather incidentally with the continuing search for legitimacy of the state

The Ottoman Cities of Lebanon James A. Reilly, 2016-07-25 Whether defined as essentially Turkish and therefore alien to the Lebanese experience

or remembered in its final years as a tyrannical and brutal dictatorship the period has not been thought of fondly in most Lebanese historiography In a far reaching and much needed analysis of this complex legacy James A Reilly looks at Arabic language history writing emanating from Lebanon in the post 1975 period focusing on the three main Ottoman administrative centres of Saida Beirut and Tripoli This examination highlights key aspects of Lebanon s current political and cultural climate and emphasises important points of agreement and conflict in contemporary historical discourse The 1989 Ta if Accords for example which ended the Lebanese Civil War were accompanied by calls for reinterpretation of how the country s history could assist in creating a sense of national cohesion The Ottoman Cities of Lebanon is invaluable to all historians and researchers working on Lebanese history and politics and wider issues of identity post imperialist discourse and nationhood in the Middle East
