Leber Breeds Paperback:

Antiquarian Bookman ,1964 *The Contemporary Review* ,1992 Kill the Fuhrer Denis Rigden,2011-11-08 During the Second World War Britain's top secret Special Operations Executive plotted to assassinate Hitler. A small department of SOE known as Section X had the tantalisingly complex task of investigating how, when and where their plan could be executed. The section also plotted the killing of Goebbels, Himmler and other selected members of Hitler's inner circle. Only Section X and a handful of other SOE staff had any knowledge of these projects codenamed Operation Foxley and Operation Little Foxleys. As history has shown, these schemes turned out to be pipe dreams. Even so, Section X, renamed the German Directorate in 1944, made a huge contribution to the Allied war effort through their organised sabotage and clandestine distribution of black propaganda. Denis Rigden describes Section X's efforts to discover as much as possible about the intended assassination targets and questions whether a successful Operation Foxley would have helped or hindered the Allied cause. Based on top secret documents and private sources and illustrated with archive photographs, *Kill the Fuhrer* is an intriguing insight into the shadowy world of Britain's wartime secret services. **After Valkyrie** Don Allen Gregory,2018-11-02 After Operation Valkyrie, the failed July 20, 1944 plot to assassinate Adolf Hitler and seize control of the German government, both the Third Reich and Hitler came to a violent end. Hitler promised a classless fatherland before he became chancellor and had covertly been liquidating Germany's elite officer corps long before Stalingrad. Today it is possible to reconstruct and connect important events and biographies of the principle characters to chronicle the disappearance of Germany's officer class, its nobility and for a time its civilian leadership. **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1974 First multi-year cumulation covers six years 1965-70 **The National Union Catalogs, 1963-** ,1964 *The Hollywood Novel* Anthony Slide,1995 This reference book details over 1,200 English language works from a variety of genres such as historical novels, romances, mysteries and thrillers.
