Tao-Sheng's Commentary on the Lotus Sūtra Young-ho Kim,1990-09-06 Chu Tao sheng stands out in history as a unique and preeminent thinker whose paradigmatic original ideas

paved the way for the advent of Chinese Buddhism The universality of Buddha nature which Tao sheng championed at the cost of excommunication was to become a cornerstone of the Chinese Buddhist ideology This book presents a comprehensive study of the only complete document by Tao sheng still in existence Korea's Great Buddhist-Confucian Debate A. Charles Muller, 2015-05-31 This volume makes available in English the seminal treatises in Korea's greatest interreligious debate of the fourteenth and fifteenth centuries On Mind Material Force and Principle and An Array of Critiques of Buddhism by Confucian statesman Ch'ng Toj'n 1342-1398 and Exposition of Orthodoxy by S'n monk Kihwa 1376-1433 are presented here with extensive annotation A substantial introduction provides a summary and analysis of the philosophical positions of both Neo Confucianism and Buddhism as well as a germane history of the interactions between these two traditions in East Asia offering insight into religious tensions that persist to this day Translator A Charles Muller shows how from the time Confucianism and Buddhism met in China these thought systems existed along with Daoism in a competing relationship that featured significant mutual influence A confrontative situation eventually developed in China wherein Confucian leaders began to criticize Buddhism During the late Koryŏ and early Chosŏn periods in Korea the Neo Confucian polemic became the driving force in the movement to oust Buddhism from its position as Korea's state religion In his essays Ch'ng drew together the gamut of arguments that had been made against Buddhism throughout its long history in Korea Kihwa's essay met Neo Confucian contentions with an articulate Buddhist response Thus in a rare moment in the history of religions a true philosophical debate ensued This debate was made possible based upon the two religions shared philosophical paradigm essence function ch'e-yong This traditional East Asian way of interpreting society events phenomena human beings and the world understands all things to have both essence and function two contrasting yet wholly contiguous and mutually containing components All three East Asian traditions took this as their underlying philosophical paradigm and it is through this paradigm that they evaluated and criticized each other's doctrines and practices Specialists in philosophy religion and Korean studies will appreciate Muller's exploration of this pivotal moment in Korean intellectual history Because it includes a broad overview of the interactive history of East Asian religions this book can also serve as a general introduction to East Asian philosophical thought *Studies in the Laṅkāvatāra Sūtra* Daisetz Teitaro Suzuki, 1999 The title Lankavatara might mean entering Lanka Perhaps referring to the temporary Mahayana period of Ceylon suggesting that the doctrine of this scripture are possibly consistent with earlier Buddhism preserved in the Pali language Suzuki has greatly helped the reader of the basic scripture by discussing the main ideas He tells how to study this scripture compares it with the popular Zen Buddhism discusses such typical and important doctrines as Mind only the Triple body of the Buddha and many minor topics Suzuki is both an exacting scholar and an understanding exponent of these difficult concepts He adds a Sanskrit Chinese English Glossary and also an Index This work is essential for grasping the main ideas of the scripture **The Ethics of Suicide** Margaret Pabst Battin, 2015-09-11 Is suicide wrong profoundly morally wrong Almost always wrong but excusable in
