potential inherent in the early modern understanding of twinship is capitalized on by playwrights as negative ideas about twins can be seen transitioning into tragic and tragicomic depictions of twinship However by building toward a positive comic representation of twins the work additionally suggests an alternate interpretation of twinship in this period which appreciates and celebrates twins because of their difference The volume will be of interest to those studying Shakespeare and Renaissance Literature in relation to the History of Emotions the Body and the Medical Humanities **The Duchess of Malfi and Other Plays** John Webster, 2009-03-26 This volume offers John Webster's two great Jacobean tragedies The White Devil and The Duchess of Malfi together with his brilliant tragicomedy The Devil's Law Case and the comedy written with William Rowley A Cure for a Cuckold All four plays display the provocative intelligence of a profoundly original playwright A critical introduction defends Webster against charges of over indulgence in violence and explores his sophisticated staging and scenic forms **Literature Criticism from 1400 to 1800**, 2006 Books in Series, 1876-1949 R.R.
