Lance become the supreme champion of his sport He didn't do it alone His compelling story is intertwined with the stories of those who helped shape his life and career including his mother Linda ex wife Kristin and one time fianc Sheryl Crow along with those of his mentors coaches and friends Their voices along with those who helped him expand his cancer foundation into a worldwide movement are integral to his unique story Lance also reveals details many for the first time of how Armstrong's legendary training near fatal bout with cancer repeated doping allegations and hostile European media all pushed him to reach the pinnacle of his sport and rightly claim the title of the world's greatest champion
