**Misanthrope! Autobiographical Notes** Frank Robert Vivello, 2017-10-17 This may be the oddest book of its kind that you'll ever read It's a memoir of a sort an autobiography in much the same way that crumbs dropped on the forest floor are a pathway to the old hag's hut where Hansel and Gretel are held If you collect the crumbs as you walk you'll have a sum greater than its parts at the end of your trek a surprisingly coherent account of a unique personality an incorrigible individualist fiercely independent defiant of tradition who is sometimes profound and insightful and sometimes trite and narrow minded highly original but not necessarily admirable Most important the author is someone who thinks which challenges readers to think And whether or not you're sympathetic to his way of thinking one thing is clear he is above all else rational
