Cope, 2024-05-07 Seeking to honor and extend the critical legacy of Howard Weinbrot this volume re examines rebuilds and upgrades the most prominent pillars of long eighteenth century scholarship The collection is divided into four thematic sections beginning with a series of chapters offering fresh analyses of Swift Dryden Hogarth and other major authors and artists of the period In the sections that follow the contributors not only explore biographies of both highly esteemed figures and notorious deviants but also investigate the very concept of Enlightenment as it has evolved from the eighteenth century to today The final section features chapters that probe the complex interaction of identity persona and place traversing the countless locales in which the British and the international eighteenth century emerged The volume ultimately covers a range of experience that extends from the gallows to the landscape garden and from heroic antiquity to Romantic era France Juxtaposing the local and particular against the grand and universal Howard Weinbrot and the Precincts of Enlightenment testifies to the complexity and ongoing significance of eighteenth century culture *Mentoring in Eighteenth-Century British Literature and Culture* Anthony W. Lee, 2016-04-22 In the first collection devoted to mentoring relationships in British literature and culture the editor and contributors offer a fresh lens through which to observe familiar and lesser known authors and texts Employing a variety of critical and methodological approaches which reflect the diversity of the mentoring experiences under consideration the collection highlights in particular the importance of mentoring in expanding print culture Topics include John Wilmot the Earl of Rochester s relationships to a range of role models John Dryden s mentoring of women writers Alexander Pope s problematic attempts at mentoring the vexed nature of Jonathan Swift s cross gender and cross class mentoring relationships Samuel Richardson s largely unsuccessful efforts to influence Urania Hill Johnson and an examination of Elizabeth Carter and Samuel Johnson s as co mentors of one another s work Taken together the essays further the case for mentoring as a globally operative critical concept not only in the eighteenth century but in other literary periods as well Johnsonian Gleanings Aleyn Lyell Reade, 1946 Johnsonian Gleanings: The doctor's life, 1735-1740 Aleyn Lyell Reade, 1968 **English Literature, Volume 2** Louis A. Johnsonian Gleanings: The Jervis, Porter, and other allied families Aleyn Lyell Reade,1968 The Fortunes of Francis Barber Michael Bundock,2015-03-01 This compelling book chronicles a young boy s journey from the horrors of Jamaican slavery to the heart of London s literary world and reveals the unlikely friendship that changed his life Francis Barber born in Jamaica was brought to London by his owner in 1750 and became a servant in the household of the renowned Dr Samuel Johnson Although Barber left London for a time and served in the British navy during the Seven Years War he later returned to Johnson s employ A fascinating reversal took place in the relationship between the two men as Johnson s health declined and the older man came to rely more and more upon his now educated and devoted companion When Johnson died he left the bulk of his estate to Barber a generous and at the time scandalous legacy and a testament to the depth of their friendship There were thousands of black Britons in the eighteenth century but few accounts of their lives exist In uncovering Francis Barber s story this book not only provides insights into his life and Samuel Johnson s but also opens a window onto London when slaves had yet to win their freedom **Annual Report of the Curators of the Bodleian Library** Bodleian Library,1892 *Joseph Addison* Paul Davis,2021-08-27 Joseph Addison Tercentenary Essays is a collection of fifteen essays by a team of internationally recognized experts specially commissioned to commemorate the three hundredth anniversary of Addison s death in 1719 Almost exclusively known now as the inventor and main author of *The Spectator* probably the most widely read and imitated prose work of the eighteenth century Addison also produced important and influential work across a broad gamut of other literary modes poems verse translations literary criticism periodical journalism drama opera travel writing Much of this work is little known nowadays even in specialist academic circles Addison is often described as the most neglected of the eighteenth century s major writers This volume is the first collection to address the full range and variety of Addison s career and writings Its fifteen chapters fall into three groupings the first set study Addison s work in modes other than the literary periodical poetry translation travel writing drama the second set address *The Spectator* from a variety of disciplinary perspectives literary critical sociological and political bibliographical and the final set explore Addison s reception within several cultural spheres philosophy horticulture art history by individual writers or across larger historical periods the Romantic age the Victorian age and in Britain and Europe especially France The volume provides an overdue and appropriately diverse memorial to one of the dominant men of letters of the Georgian era *Johnsonian Gleanings:*
