McCort, 2016-04-28 Contributions by Rebecca A Brown Justine Gieni Holly Harper Emily L Hiltz A Robin Hoffman Kirsten Kowalewski Peter C Kunze Jorie Lagerwey Nick Levey Jessica R McCort and Janani Subramanian *Dark novels* shows and films targeted toward children and young adults are proliferating wildly It is even more crucial now to understand the methods by which such texts have traditionally operated and how those methods have been challenged abandoned and appropriated *Reading in the Dark* fills a gap in criticism devoted to children's popular culture by concentrating on horror an often neglected genre These scholars explore the intersection between horror popular culture and children's cultural productions including picture books fairy tales young adult literature television and monster movies *Reading in the Dark* looks at horror texts for children with deserved respect weighing the multitude of benefits they can provide for young readers and viewers Refusing to write off the horror genre as campy trite or deforming these essays instead recognize many of the texts and films categorized as scary as among those most widely consumed by children and young adults In addition scholars consider how adult horror has been domesticated by children's literature and culture with authors and screenwriters turning that which was once horrifying into safe funny and delightful books and films Scholars likewise examine the impetus behind such re envisioning of the adult horror novel or film as something appropriate for the young The collection investigates both the constructive and the troublesome aspects of scary books movies and television shows targeted toward children and young adults It considers the complex mechanisms by which these texts communicate overt messages and hidden agendas and it treats as well the readers experiences of such mechanisms **A Decade of Dark Humor** Ted Gournelos, Viveca Greene, 2011-08-01 *A Decade of Dark Humor* analyzes ways in which popular and visual culture used humor in a variety of forms to confront the attacks of September 11 2001 and more specifically the aftermath This interdisciplinary volume brings together scholars from four countries to discuss the impact of humor and irony on both media discourse and tangible political reality Furthermore it

demonstrates that laughter is simultaneously an avenue through which social issues are deferred or obfuscated a way in which neoliberal or neoconservative rhetoric is challenged and a means of forming alternative political ideologies The volume s contributors cover a broad range of media productions including news parodies The Daily Show with Jon Stewart The Colbert Report The Onion TV roundtable shows Politically Incorrect with Bill Maher comic strips and cartoons Aaron McGruder s The Boondocks Jeff Danzinger s editorial cartoons television drama Rescue Me animated satire South Park graphic novels Art Spiegelman s In the Shadow of No Towers documentary Fahrenheit 9 11 and other productions Along with examining the rhetorical methods and aesthetic techniques of these productions the essays place each in specific political and journalistic contexts showing how corporations news outlets and political institutions responded to and sometimes co opted these forms of humor

Engaging Humor Elliott Oring,2010-10-01 Exploring the structure motives and meanings of humor in everyday life In Engaging Humor Elliott Oring asks essential questions concerning humorous expression in contemporary society examining how humor works why it is employed and what its messages might be This provocative book is filled with examples of jokes and riddles that reveal humor to be a meaningful even significant form of expression Oring scrutinizes classic Jewish jokes frontier humor racist cartoons blonde jokes and Internet humor He provides alternate ways of thinking about humorous expressions by examining their contexts not just their contents He also shows how the incongruity and absurdity essential to the production of laughter can serve serious communicative ends Engaging Humor examines the thoughts that underlie jokes the question of racist motivation in ethnic humor and the use of humor as a commentary on social interaction The book also explores the relationship between humor and sentimentality and the role of humor in forging national identity Engaging Humor demonstrates that when analyzed contextually and comparatively humorous expressions emerge as communications that are startling intriguing and profound

the Moon** Kirin Narayan, 1997 Oral tales establish relationships between storytellers and their listeners Yet most printed  
collections of folktales contain only stories stripped of the human contexts in which they are told If storytellers are mentioned  
at all they are rarely consulted about what meanings they see in their tales In this innovative book Indian American  
anthropologist Kirin Narayan reproduces twenty one folktales narrated in a mountain dialect by a middle aged Indian village  
woman Urmila Devi Sood or Urmilaji The tales are set within the larger story of Kirin Narayan s research in the Himalayan  
foothill region of Kangra and of her growing friendship with Urmilaji Sood In turn Urmilaji Sood supplements her tales with  
interpretations of the wisdom that she discerns in their plots At a moment when the mass media is flooding through rural  
India Urmilaji Sood asserts the value of her tales which have been told and retold across generations As she says Television  
can t teach you these things These tales serve as both moral instruction and as beguiling entertainment The first set of tales  
focussing on women s domestic rituals lays out guidelines for female devotion and virtue Here are tales of a pious  
washerwoman who brings the dead to life a female weevil observing fasts for a better rebirth a barren woman who adopts a  
frog and lights ritual oil lamps and a queen who remains with her husband through twelve arduous years of affliction The  
women performing these rituals and listening to the accompanying stories are thought to bring good fortune to their  
marriages and long life to their relatives The second set of tales associated with passing the time around the fire through  
long winter nights are magical adventure tales Urmilaji Sood tells of a matchmaker who marries a princess off to a lion God  
splitting a boy claimed by two families into two selves a prince s journey to the land of the demons and a girl transformed  
into a bird by her stepmother In an increasingly interconnected world anthropologists authority to depict and theorize about  
distant people s lives is under fire Kirin Narayan seeks solutions to this crisis in anthropology by locating the exchange of  
knowledge in a respectful affectionate collaboration Through the medium of oral narratives Urmilaji Sood describes her own  
life and lives around her and through the medium of ethnography Kirin Narayan shows how broader conclusions emerge

from specific spirited interactions Set evocatively amid the changing seasons in a Himalayan foothill village this pathbreaking book draws a moving portrait of an accomplished woman storyteller Mondays on the Dark Night of the Moon offers a window into the joys and sorrows of women s changing lives in rural India and reveals the significance of oral storytelling in nurturing human ties
