Eukel, 2013-12-24 When magazine journalist Jonathan Tame arrives on the Caribbean island of Puerto Rico after an alleged devastating hurricane has struck the Island it doesn't take long for the nearly burned out writer to reawaken his investigative training There is a ton of money being poured into emergency coffers but only a small portion has been allocated for repairs Following the money trail he discovers that a powerful entity is attempting to control the U S government and other world leaders The cash flow seems to be related to some secret project that is intended to disarm all of them And further that ancient archaeological artifacts discovered years before and said to have immeasurable power may be the core reason behind the whole thing In his pursuit of the truth he finds that he is not alone other investigators are moving in the same direction it's when their paths intersect that all of hell is stirred up **The Mercy of the Sky** Holly Bailey, 2016-05-10 A gripping heartbreaking and heartwarming account of the monster tornado that ravaged Moore Oklahoma in 2013 It will leave you emotionally drained but glad you journeyed into the heart of this extraordinary storm with Bailey as your guide Daniel James Brown 1 NY Times bestselling author of *The Boys in the Boat* Winner of the Oklahoma Book Award Winner of the American Meteorological Society's Louis J Battan Award An acclaimed reporter returns to her hometown after the worst twister on record and emerges with a suspenseful story of human courage in the face of natural disaster On May 20 2013 the worst tornado on record landed a direct hit on the town of Moore on the outskirts of Oklahoma City levelling neighborhoods sending farm animals flying and destroying a school while the children cowered inside Holly Bailey went back both as a journalist and a hometown girl speaking to the teachers who put their lives at risk as they struggled to comfort their students to the mayor and first

responders who waded through the debris while the storm still raged to the scientists and meteorologists who have dedicated their lives to understanding tornadoes but still can't determine when one will land with any degree of certainty and are haunted by every death they might have prevented to the storm chasers who pursue level 5 twisters with a combination of gadgetry, courage and adrenaline and to the shell-shocked residents of Moore who rose to the occasion that day with countless acts of selfless courage. An intense and inspiring account of what happened on that fateful day. *The Mercy of the Sky* Bailey does for the Oklahoma flatlands what Sebastian Junger did for Gloucester, Massachusetts in *The Perfect Storm*, telling the dramatic story of a town that must survive the elements or die. The book is excellent, well-researched, well-told, with a strong narrative that reads like a disaster novel. It's difficult to imagine that anyone other than an Okie could tell the story so confidently and so well. *The Oklahoman*. This gripping book tells the story of one resilient Oklahoma town and the immense killer tornado that ripped through it. Holly Bailey brings together riveting science, human drama, courage, tragedy and redemption to create a quintessential American story. Powerful and moving. Douglas Presenton. 1. New York Times bestselling co-author of *The Monster of Florence*. Bailey is a brilliant storyteller. She brings you to the center of the storm and it's terrifying. She makes you feel a community's loss and it's devastating. And she brings you inside people's lives as they heal and it's inspiring. David Greene, host of NPR's *Morning Edition*. SUNRISE CARTEL Robert Wernli, 2007-12-11. In *Sunrise Cartel*, the rematch begins. Machine vs. machine, man vs. man. Wits and cunning compete in a fight to the death. Chad Donegan tried to balance his recent marriage and his desire to explore the ocean depths, what he saw on the horizon was insecurity and financial ruin. Lurking in the depths nearby was Chad's nemesis, Kenji Nomoto, waiting to attack with his technologically advanced systems. With a ship filled with students and a career-driven Washington bureaucrat, Chad and his crew find themselves once again pitted against one of the world's most ambitious and devilish opponents. Nomoto is pumping drugs into the veins of America's youth in his quest to destroy the country's next generation. Chad just wants to survive the voyage and return home to his pregnant wife. From San Diego to the Atlantic Ocean, this high-tech thriller throws Nomoto and his mole, Chad's crew, a Navy SEAL team and all their combined technology into the ultimate underwater conflict.
