Problem Lavie Tidhar, 2026-06-16 Medieval Europe A world of darkness Of Gothic castles isolated monasteries of monks and knights and things that go bump in the night A world where vampires can roam at will At least as long as they obey the rules For a vampire may not murder another vampire Not unless they have a really good reason to anyway Enter Judge Dee Ancient Immortal Ascetic His cold intellect draws him wherever a mystery is present and he will rest at nothing to solve the puzzle Jonathan the judge s human assistant on the other hand mostly just wants cheese With bread if possible And some pickles would be nice After all it s not easy spending your life in the company of murderous vampires who only see you as a

tasty snack Their adventures take them from the warm Italian valleys to the heights of the French Alps as they come face to fang with fiendishly complicated puzzles not the least of which is love But as they are drawn inexplicably onwards to London Jonathan wonders what awaits them when they finally arrive and what choices he may have to make once they get there
